DBKWT S8H

DBKWT S8H AI Translation Pen User Manual

Model: S8H

INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your DBKWT S8H AI Translation Pen. Please read this manual carefully to ensure proper use and to maximize the device's functionality.

PRODUCT OVERVIEW

The DBKWT S8H AI Translation Pen is a versatile language learning and translation tool designed for students, travelers, and professionals. It features high-accuracy text extraction, converting scanned text into editable electronic documents. The device supports 131 languages for online translation and 28 languages for offline scanning and translation. Its 3.5-inch touch screen and all-alloy shell provide a user-friendly and durable experience. The pen boasts an OCR accuracy of 99% for precise text recognition.

SETUP

1. Charging the Device

Before first use, fully charge the translation pen using the provided USB-C cable and a compatible power adapter. The charging indicator will show the charging status.

2. Powering On/Off

To power on, press and hold the power button until the screen illuminates. To power off, press and hold the power button, then select 'Power Off' on the screen.

3. Initial Language Settings

Upon first startup, follow the on-screen prompts to select your preferred system language and input method.

4. Connecting to Wi-Fi

For online translation and updates, connect the device to a Wi-Fi network. Navigate to 'Settings' > 'Wi-Fi', select your network, and enter the password.

OPERATING INSTRUCTIONS

1. Scanning Text for Translation

Select the 'Scan Translate' function from the main menu. Position the pen's scanning head over the text you wish to translate. Gently glide the pen across the text. The scanned text and its translation will appear on the screen in real-time. The device supports instant and accurate recognition, even for small font sizes.

2. Online and Offline Translation

The pen automatically uses online translation when connected to Wi-Fi, supporting 131 languages. For situations

without internet access, the device offers offline translation for 28 commonly used languages. Ensure offline language packs are downloaded in 'Settings' for optimal performance.

3. Two-Way Voice Translation

Select 'Voice Translate' from the menu. Press and hold the designated button on the pen, then speak clearly into the microphone. Release the button to hear the translation. The device supports two-way voice translation for 134 languages, facilitating natural conversations.

- **2 Way Online Voice Translation**
- **134 Languages Support**

Just press the button then speak

4. Photo Translation

Access the 'Photo Translate' function. Use the pen's built-in camera to capture an image of text. The device will process the image and provide a translation. This feature is useful for signs, menus, or complex documents.

5. Text Excerpts

The 'Text Excerpt' feature allows you to scan paper text and convert it into editable electronic documents. These excerpts can be saved on the device and synced to a mobile phone or computer simultaneously. This supports 29 languages for text excerpt functionality.

TEXT EXCERPTS ARE CONVENIENT AND QUICK

Support 29 languages to scan paper text and convert it into electronic documents, sync upload to mobile phone and computer at the same time.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or solvents. Ensure the scanning head is free of dust and debris.
- **Storage:** Store the pen in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.

TROUBLESHOOTING

- **Device not powering on:** Ensure the battery is charged. Connect to a charger and try again.
- **Inaccurate scanning:** Ensure the scanning head is clean. Scan text slowly and steadily. Check lighting conditions.

- **No translation:** Verify Wi-Fi connection for online translation. For offline use, ensure relevant language packs are downloaded.
- **Touch screen unresponsive:** Restart the device. If the issue persists, contact customer support.
- **Bluetooth connectivity issues:** Ensure the pen and the external device are in pairing mode and within range. Restart both devices.

SPECIFICATIONS
