SAFETY INFORMATION

- Keep the keyboard away from liquids and excessive moisture.
- Avoid extreme temperatures.
- Do not attempt to disassemble or modify the keyboard. This may void the warranty and cause damage.
- Clean with a soft, dry cloth. Avoid harsh chemicals.

PACKAGE CONTENTS

Ensure all items are present in the package:

- TECKNET 75% Wired RGB Gaming Keyboard
- USB-C to USB-A Cable (1.8M / 70.86 inches)
- User Manual (this document)

SETUP

The TECKNET 75% Wired RGB Gaming Keyboard is designed for simple plug-and-play functionality.

1. Connect the USB-C end of the provided cable to the port on the keyboard.
2. Connect the USB-A end of the cable to an available USB port on your computer (Windows PC, Laptop, or Mac).
3. The keyboard will be automatically recognized by your operating system. No additional drivers are typically required.

OPERATING INSTRUCTIONS

Keyboard Layout

This keyboard features an efficient 75% compact layout with 82 keys. This design saves desk space while retaining essential keys for both gaming and productivity.

Figure 3: Compact 82-key layout for space efficiency.

Volume Control Knob

The dedicated volume control knob located on the top right of the keyboard allows for quick and precise audio adjustments.

- **Rotate Clockwise:** Increase volume.
- **Rotate Counter-clockwise:** Decrease volume.
- **Press Down:** Mute/Unmute audio.

Volume Control Knob

Volume Adjustable

RGB Backlight Control

The keyboard features dynamic rainbow backlighting with 6 effects and 8 colors, allowing for personalization and enhanced visibility in dim environments.

- **Fn + M1:** Rainbow Static/Breathing mode.
- **Fn + M2:** Single Color Switch.
- **Fn + M3:** Color Cycle.
- **Fn + M4:** Color Change Automatic.
- **Fn + ↑:** Increase brightness.
- **Fn + ↓:** Decrease brightness.
- **Fn + ←:** Decrease light speed.
- **Fn + →:** Increase light speed.
- **Fn + Del:** Turn On/Off Backlight.

Colorful Keycaps, Rainbow Light

Shining Your Gaming Desk

Anti-Ghosting Technology

The keyboard features 26-key advanced anti-ghosting technology, ensuring that multiple key presses are registered simultaneously and accurately, which is crucial for fast-paced gaming and typing.

Figure 6: Illustration of 26-key anti-ghosting feature.

Function Key Combinations (Fn)

Utilize the Fn key in combination with other keys for additional functionalities:

- **Fn + Win:** Windows Lock (disables Windows key during gaming).
- **Fn + F1-F12:** Multimedia controls (e.g., play/pause, volume up/down, next/previous track).
- **Fn + W:** Switches game keys (WASD and arrow keys interchangeable).

MAINTENANCE

To ensure the longevity and optimal performance of your TECKNET Gaming Keyboard, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to wipe down the keyboard surface. For deeper cleaning, use compressed air to remove dust and debris from between the keycaps. Avoid using liquid cleaners directly on the keyboard.

- **Storage:** When not in use for extended periods, store the keyboard in a dry, cool place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid sharp bends or kinks in the USB cable to prevent internal wire damage.

TROUBLESHOOTING

If you encounter any issues with your TECKNET Gaming Keyboard, please refer to the following common solutions:

Problem	Solution
Keyboard not responding	<p>Ensure the USB cable is securely connected to both the keyboard and the computer.</p> <p>Try connecting the keyboard to a different USB port on your computer.</p> <p>Restart your computer.</p> <p>Test the keyboard on another computer to rule out system-specific issues.</p>
Backlight not working or flickering	<p>Press Fn + Del to toggle the backlight on/off.</p> <p>Adjust brightness using Fn + ↑ or Fn + ↓.</p> <p>Ensure the keyboard is receiving sufficient power from the USB port.</p>
Keys are not registering or ghosting	<p>Clean any debris or dust from under the affected keycaps using compressed air.</p> <p>Ensure the keyboard is connected directly to the computer and not through a USB hub, if possible.</p>

If the issue persists after trying these steps, please contact TECKNET customer support for further assistance.
