Yeabomy QKZ-AK6

Yeabomy QKZ-AK6 Wired Gaming Earbuds User Manual

Model: QKZ-AK6

INTRODUCTION

The Yeabomy QKZ-AK6 Wired Gaming Earbuds are designed to provide a high-fidelity audio experience with comfort and versatility. These in-ear headphones feature a 3.5mm jack, an integrated microphone, and noise-canceling capabilities, making them suitable for gaming, music, sports, and communication.

KEY FEATURES

- **Comfortable Ergonomic Design:** Lightweight cavity, soft fit, and PU memory ear hook for stable wear and reduced external noise.
- **Excellent Sound Quality:** Features a 10mm dynamic driver for rich, vigorous performance across bass, midrange, and treble frequencies. Independent sound channels prevent distortion.
- **Effective Noise Canceling:** Blocks approximately 90% of ambient noise, allowing for immersive listening during various activities.
- **Versatile Use:** Ideal for gaming, music, phone calls, podcasting, video conferencing, and sports.

WHAT'S IN THE BOX

Your Yeabomy QKZ-AK6 package includes:

- 1 pair of QKZ AK6 headphones headset
- 1 earphones cable
- 3 pairs of ear tips (S, M, L)
- 1 User Manual

Suitable For Gamers

Sound And Picture Synchronization "Low Delay"
Help You Win The Game

This image displays the contents of the QKZ AK6 earbud package. It shows the two earbud units, the detachable audio cable, and three pairs of silicone ear tips in different sizes (Small, Medium, Large) to ensure a comfortable fit.

SETUP

Connecting the Cable

The QKZ-AK6 earbuds feature a detachable cable for easy replacement or storage.

1. Identify the left (L) and right (R) earbud units and the corresponding connectors on the cable.
2. Align the cable connector with the earbud's port and gently push until it clicks into place. Ensure a secure connection.

This close-up image demonstrates how to attach the audio cable to the earbud unit. The cable connector is being inserted into the earbud's port, highlighting the secure connection mechanism.

Wearing the Earbuds

For optimal sound and comfort, wear the earbuds correctly.

1. Identify the left (L) and right (R) earbuds.
2. Insert the earbud into your ear canal.
3. Guide the ear hook portion of the cable over the top of your ear, ensuring it sits comfortably and securely behind your ear.
4. Adjust the earbud and cable for a snug fit that minimizes external noise.

This image shows a person wearing the QKZ AK6 earbuds. The earbud is inserted into the ear canal, and the cable is looped over the ear, providing a secure and comfortable fit.

This video demonstrates the process of wearing the QKZ AK6 earbuds, showing how to insert them into the ear and secure the cable over the ear for a comfortable and stable fit.

OPERATING INSTRUCTIONS

In-line Remote Control

The QKZ-AK6 earbuds feature an in-line remote with a condenser microphone for easy control of audio playback and calls.

This diagram details the functions of the in-line remote. It shows that a short press answers calls or pauses/plays music, a press again hangs up calls, a long press rejects calls, a double click skips to the next song, and a triple click goes to the previous song.

- **Short Press:** Answer incoming calls / Play or Pause music.

- **Press Again (during call):** Hang up call.
- **Long Press:** Reject incoming calls.
- **Double Click:** Skip to the next song.
- **Triple Click:** Go to the previous song.

Volume Control

Adjust the volume directly from your connected device. The in-line remote does not include dedicated volume buttons.

MAINTENANCE

- **Cleaning Ear Tips:** Regularly remove and clean the silicone ear tips with a soft, damp cloth. Ensure they are completely dry before reattaching.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable to prevent damage.
- **Storage:** When not in use, store the earbuds in a clean, dry place, preferably in a protective case, to prevent tangling and damage.
- **Water Resistance:** The earbuds are rated as waterproof. However, avoid prolonged submersion or exposure to high-pressure water.

TROUBLESHOOTING

Issue	Possible Cause	Solution
No Sound	Improper connection	Ensure the 3.5mm jack is fully inserted into the device and the cable is securely connected to the earbuds.
No Sound	Device volume too low	Increase the volume on your connected device.
Poor Sound Quality	Loose ear tips or improper fit	Ensure ear tips are securely attached and the earbuds fit snugly in your ear. Try different sized ear tips.
Poor Sound Quality	Damaged cable	Inspect the cable for any visible damage. If damaged, consider replacing the cable.
Microphone Not Working	Microphone muted on device	Check your device's settings to ensure the microphone is not muted.
Microphone Not Working	Improper connection	Ensure the 3.5mm jack is fully inserted into the device.
