Boult Mustang Torq (Airbass Earbuds)

GOBOULT Mustang Torq Wireless Earbuds User Manual

Model: Mustang Torq (Airbass Earbuds) | Brand: Boult (now GOBOULT)

INTRODUCTION

Thank you for choosing the GOBOULT Mustang Torq Wireless Earbuds. These earbuds combine iconic design with advanced audio technology, offering an exhilarating sound experience with features like 60 hours of playtime, Quad Mic ENC for clear calls, 45ms ultra-low latency for gaming, and comprehensive app support. This manual provides detailed instructions to help you get the most out of your device.

Brand Update: Please note that Boult is now GOBOULT. The product you receive may feature either logo on its packaging, but the product itself remains the same high quality.

WHAT'S IN THE BOX

Your GOBOULT Mustang Torq Wireless Earbuds package includes the following items:

- Mustang Torq Charging Case
- Mustang Silver Earbuds (Left and Right)
- Extra Pair of Eartips (various sizes for optimal fit)
- Type-C Fast Charging Cable
- User Manual (this document)
- Warranty Card
- Exclusive Mustang Collectibles (5 stickers, Mustang artwork, Founders note)

Package Contents: All items included in the GOBOULT Mustang Torq Earbuds retail box.

SETUP

Initial Charging

Before first use, fully charge your GOBOULT Mustang Torq Earbuds and their charging case. Connect the provided Type-C Fast Charging Cable to the charging port on the case and a compatible USB power source. The LED indicators on the case will show the charging status. A full charge takes approximately 100 minutes.

Pairing with Your Device (Blink & Pair)

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings.
3. Search for available devices and select "GOBOULT Mustang Torq" (or similar name like "Airbass Earbuds") from the list.
4. Once selected, the earbuds will connect automatically. A voice prompt will confirm successful pairing.

Thanks to Bluetooth 5.4 with Blink & Pair technology, subsequent connections will be instant and stable.

Blink & Pair: Enjoy instant and stable connectivity with Bluetooth 5.4.

Amp App Connectivity

For enhanced control and customization, download the dedicated Amp App. The app allows you to:

- Customize EQ modes to tailor your audio experience.
- Adjust gesture controls for personalized interaction.
- Access Quick Cleanup for optimized performance.
- Rename your earbuds.
- Utilize widget support for your home screen.

Amp App Features: Customize your listening experience with the dedicated mobile application.

OPERATING INSTRUCTIONS

Touch Controls

The GOBOULT Mustang Torq Earbuds feature intuitive touch controls for various functions. Specific gestures can be customized via the Amp App.

- **Music Playback:** Tap to play/pause, double-tap for next track, triple-tap for previous track.
- **Call Management:** Tap to answer/end calls, long press to reject calls.
- **Volume Control:** Specific gestures for volume adjustment can be set in the Amp App.
- **Voice Assistant:** Long press to activate your device's AI Voice Assistant (Siri, Google Assistant, Amazon Alexa).

Gaming Mode (45ms Ultra-Low Latency)

Activate Gaming Mode for a competitive edge with ultra-low latency of 45ms, ensuring real-time audio synchronization for

gaming and seamless media playback. This mode can typically be activated via the Amp App or a specific touch gesture.

Combat Gaming: Experience audio with minimal delay for an immersive gaming experience.

Zen Quad Mic ENC (Environmental Noise Cancellation)

The earbuds are equipped with four precision microphones and Environmental Noise Cancellation (ENC) technology. This ensures ultra-clear calls by isolating your voice and reducing ambient noise, making your conversations crisp and clear in any environment.

IPX5 Water Ressistant

OFFICIAL PARTNERSHIP MUSTANG

Clear Communication: Zen Quad Mic ENC ensures superior voice isolation for calls.

MAINTENANCE

Water Resistance (IPX5)

The GOBOULT Mustang Torq Earbuds are IPX5 water resistant, meaning they can withstand splashes of water from any direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water. Avoid exposing them to strong jets of water or prolonged immersion.

Cleaning and Storage

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them separately with mild soap and water if necessary, ensuring they are completely dry before reattaching.
- Avoid using abrasive cleaners or solvents.
- Store the earbuds in their charging case when not in use to protect them and keep them charged.

- Keep the device away from extreme temperatures and direct sunlight.

TROUBLESHOOTING

If you encounter any issues with your GOBOULT Mustang Torq Earbuds, please refer to the following common solutions:

- **No Sound/Low Volume:** Ensure earbuds are charged, connected properly, and volume is turned up on both the earbuds and your connected device. Check for debris in the earbud nozzles.
- **Pairing Issues:** Make sure Bluetooth is enabled on your device. Place earbuds back in the case, close it, then open it again to re-enter pairing mode. Forget the device from your phone's Bluetooth list and try pairing again.
- **One Earbud Not Working:** Ensure both earbuds are charged. Try resetting the earbuds (refer to the Amp App or online support for specific reset instructions).
- **Call Quality Issues:** Ensure the microphones are not obstructed. The Zen Quad Mic ENC should provide clear calls, but strong background noise might still affect clarity.
- **Touch Controls Unresponsive:** Ensure your fingers are clean and dry. Try restarting the earbuds by placing them in the case and taking them out.
- **App Connectivity Issues:** Ensure the Amp App is updated to the latest version. Check your device's internet connection.

For further assistance, please contact GOBOULT customer support.
