

Anderic RRTR214D

Anderic RRTR214D Ceiling Fan Remote Control

Instruction Manual

Model: RRTR214D | Brand: Anderic

1. INTRODUCTION

The Anderic RRTR214D (TR214D) Ceiling Fan Remote Control is engineered as a direct replacement for various Harbor Breeze remote models. This manual provides essential information for setting up, operating, and maintaining your new remote control, ensuring seamless integration and optimal performance with your compatible ceiling fan.

2. COMPATIBILITY

The Anderic RRTR214D remote control is designed to seamlessly replace the following Harbor Breeze remote models:

- A25-FA0138
- KUJCE10311
- TR214B
- KUJCE10712
- TR214A
- KUJCE10610

This remote is specifically designed for these models and cannot be paired with other ceiling fan receivers not originally supplied with these models. Please verify your existing remote's model number for compatibility.

COMPATIBLE WITH Harbor Breeze Models

No Guesswork – Seamless Integration

- BRD48MWW6LR
- BRD60BNK6LRS
- BRD60MBK6LR
- BRD60OSB6LR
- MZ44BNK3LR Mazon 44in
- MZ44MBLK3LR Mazon 44in
- MZ44ORB3LR Mazon 44in
- MZ44WW3LR Mazon 44in
- TG44BNK3D1RC Beach Creek LED
- TG44LW3D1RS Beach Creek LED
- TG44MBK3D1RC Beach Creek LED
- TG44OSB3D1RC Beach Creek LED
- TG52BNK3D1RC Beach Creek LED
- TG52LW3D1RCS Beach Creek LED
- TG52MBK3D1RC Beach Creek LED
- TG52OSB3D1RC Beach Creek LED

3. KEY FEATURES

- **Direct Replacement:** Seamlessly replaces specified Harbor Breeze remote models.
- **Effortless Pairing:** Designed for easy setup with your existing receiver.
- **Comprehensive Control:** Offers full control over fan speeds (high, medium, low, off) and light functions (on/off and dimming).
- **Battery Powered:** Operates on a single 23A 12-volt battery (not included).
- **Convenient Wall Mount:** Includes a wall mount for easy storage and accessibility.

4. SETUP INSTRUCTIONS

4.1. Battery Installation

The Anderic RRTR214D remote requires one 23A 12-volt battery (not included).

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery cover.
3. Insert one 23A 12-volt battery, ensuring the correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery cover securely.

4.2. Effortless Pairing

Follow these simple steps to pair your Anderic RRTR214D remote with your ceiling fan receiver:

1. **Cycle Power to the Fan:** Turn off the power to your ceiling fan at the wall switch or circuit breaker, then turn it back on. This resets the receiver for pairing.
2. **Install Battery in the Remote:** Ensure the 23A 12-volt battery is correctly installed in the remote control.
3. **Press and Hold the "0" Key:** Within 30 seconds of restoring power to the fan, press and hold the "0" (fan off) button on the remote control for approximately five seconds. The fan light should blink or the fan should respond, indicating successful pairing.

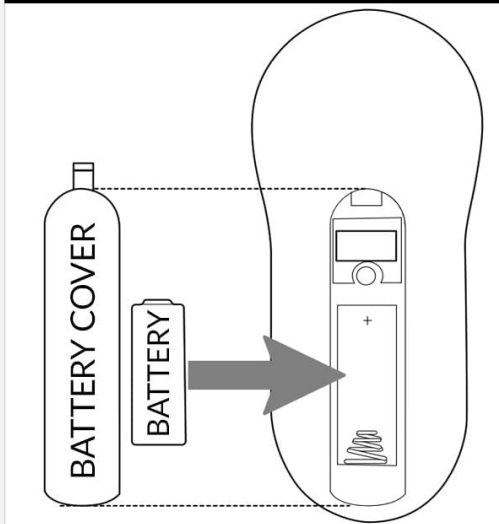

If pairing is unsuccessful, repeat the steps. Ensure you are within close proximity to the fan during the pairing process.

EFFORTLESS PAIRING

Simple 3-Step Pairing

- 1 Cycle power to the fan,
- 2 Install battery in the remote,
- 3 Press and hold the "0" key for five seconds.

23A 12-VOLT BATTERY

***NOT
included**

4.3. Wall Mount Installation

The included wall mount allows for convenient storage and quick access to your remote.

1. Choose a suitable location on a wall, away from direct sunlight or heat sources.
2. Use screws (not included) to secure the wall mount to the desired surface.

3. Slide the remote control into the wall mount for secure storage.

NEVER LOSE

Your Remote Again

Mount included for quick access & clean organization

5. OPERATING INSTRUCTIONS

The Anderic RRTR214D remote provides comprehensive control over your ceiling fan's functions:

- **Light Button:** Press to turn the light ON or OFF. Hold to dim or brighten the light (if your fan supports dimming).
- **Fan Speed Buttons:**
 - **1:** Fan speed LOW
 - **2:** Fan speed MEDIUM
 - **3:** Fan speed HIGH
- **0 (Fan Off) Button:** Press to turn the fan OFF.

COMPLETE CONTROL

Fan Speeds & Light Dimming

Adjust airflow and brightness with precision, right from your seat

6. MAINTENANCE

To ensure the longevity and optimal performance of your remote control, follow these maintenance guidelines:

- **Battery Replacement:** Replace the 23A 12-volt battery when the remote's range decreases or it becomes unresponsive. Always use a fresh battery of the specified type.
- **Cleaning:** Wipe the remote with a soft, dry cloth. Do not use abrasive cleaners or immerse the remote in water.
- **Storage:** Store the remote in a cool, dry place when not in use for extended periods. Remove the battery if storing for several months to prevent leakage.

7. TROUBLESHOOTING

If you encounter issues with your Anderic RRTR214D remote control, refer to the following common problems

and solutions:

- **Remote Not Responding:**

- Check the battery. Ensure it is correctly installed and has sufficient charge. Replace if necessary.
- Ensure you are within the operating range of the ceiling fan receiver.

- **Pairing Issues:**

- Confirm that your ceiling fan receiver is one of the compatible models listed in Section 2.
- Repeat the pairing steps carefully (Section 4.2), ensuring you cycle power to the fan and press the "0" button within the specified timeframe.
- Ensure no other remote controls are interfering with the pairing process.

- **Fan or Light Functions Not Working:**

- Verify that the remote is successfully paired.
- Check the fan's pull chains (if applicable) to ensure the fan speed or light is set to the 'on' position for remote operation.

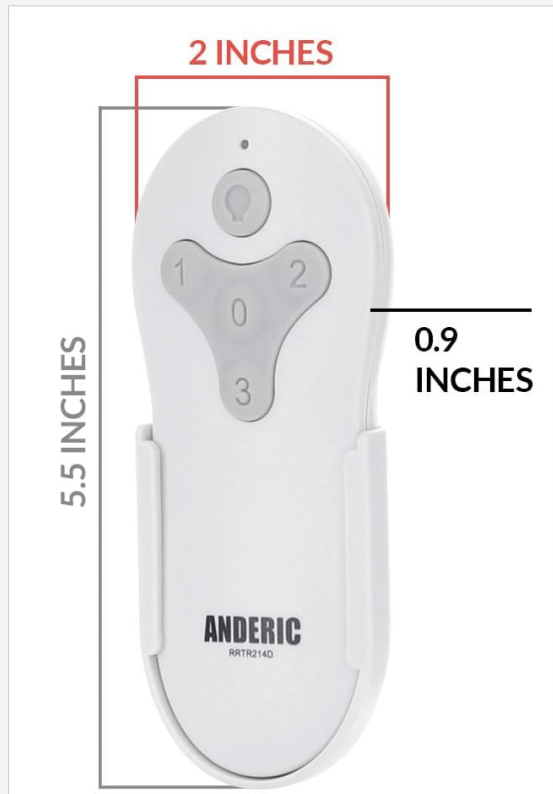

If problems persist after attempting these solutions, please contact Anderic customer support for further assistance.

8. SPECIFICATIONS

Feature	Detail
Model Number	RRTR214D
Product Dimensions	1.7 x 3.9 x 0.9 inches
Item Weight	1.12 ounces
Battery Type	1 x 23A 12-volt (not included)
Color	White
Special Feature	Pre Programmed
Max Number of Supported Devices	1
Compatible Devices	Fan
