## MAINTENANCE

### 1. Cleaning

Regularly clean your earbuds and charging case with a soft, dry cloth. For ear tips, remove them and clean with a damp cloth, then dry thoroughly before reattaching.

### 2. Storage

Always store the earbuds in their charging case when not in use to protect them and ensure they remain charged.

### 3. Water and Dust Resistance (IP54)

The JBL Vibe Beam 2 earbuds are IP54 dust and water resistant, meaning they are protected against limited dust ingress and water spray from any direction. This makes them suitable for workouts and outdoor use. However, they are not designed for submersion in water.

## TROUBLESHOOTING

| Problem                  | Possible Solution                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Earbuds not pairing      | Ensure earbuds are charged. Turn off and on Bluetooth on your device. Forget the device in Bluetooth settings and re-pair. |
| No sound from one earbud | Place both earbuds back in the case, close, then reopen. Check earbud fit.                                                 |
| Poor sound quality       | Ensure ear tips provide a good seal. Clean ear tips and earbud grilles. Adjust EQ settings in the JBL Headphones app.      |
| ANC not effective        | Ensure earbuds are properly seated in your ears. Toggle ANC on/off via touch control or app.                               |
| Earbuds not charging     | Check USB-C cable connection. Ensure charging case is charged. Clean charging contacts on earbuds and case.                |
