# Ai Translation Headphones Instruction Manual

Model: Openair 5 OWS Translation Bluetooth Earphones  
Brand: Generic

## 1. PRODUCT OVERVIEW

The Ai Translation Headphones are designed to facilitate real-time language communication, supporting a wide range of languages. These open-air earbuds offer a comfortable fit and integrate advanced AI for seamless translation and audio playback.

Image: The Ai Translation Headphones, shown with their compact charging case. The case features a digital display indicating battery level.

## 2. SETUP GUIDE

---

### 2.1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. The package typically includes the Ai Translation Earbuds and their charging case. Inspect for any visible damage.

### 2.2. Charging the Earbuds and Case

Before first use, ensure both the earbuds and the charging case are fully charged. The charging case supports USB-C fast

charging.

- Connect the provided USB-C cable to the charging port on the case.
- Plug the other end into a compatible USB power adapter (not included).
- The digital display on the charging case will indicate the charging status and battery level.
- A full charge typically provides approximately 4 hours of listening time for the earbuds.

### 2.3. App Installation (Required for Translation Functionality)

The translation functionality of these earbuds requires a dedicated mobile application. Please refer to the QR code or instructions provided in the physical packaging for the specific app name and download link. The app is essential for accessing language translation features, including offline translation modes.

- Download and install the companion application on your smartphone.
- Follow the in-app instructions to set up your profile and preferences.

### 2.4. Bluetooth Pairing

Pair the earbuds with your smartphone via Bluetooth to enable audio playback and translation features.

1. Ensure the earbuds are charged and removed from the charging case. They should automatically enter pairing mode.
2. On your smartphone, navigate to Bluetooth settings.
3. Search for available devices and select "Ai Translation Headphones" or a similar name (e.g., "Openair 5 OWS").
4. Once connected, a confirmation sound or indicator will be heard/seen.

## 3. OPERATING INSTRUCTIONS

---

### 3.1. Wearing the Earbuds

The earbuds feature an Ultra Comfortable Clip-on-Ear Design, ensuring a secure and comfortable fit without entering the ear canal.

- Gently clip the earbuds onto your ears. The design prevents them from falling off during movement.
- The open-air design promotes breathability and does not interfere with wearing glasses.
- This design helps keep the ear canal clean as it does not require insertion.

## Ultra Comfortable Clip-on-Ear Design

The earbud body is highly elastic and adjustable to fit all size of ear contours No need to enter ear, protect your eardrum from damage

**Prevent Falling off**

**Keep ear canal clean**

**No ear size limitation**

**Not affect wearing glasses**

Image: A person wearing the clip-on earbuds, highlighting the comfortable and secure design that prevents falling off, keeps the ear canal clean, has no ear size limitation, and does not affect wearing glasses.

### 3.2. Touch Controls

The earbuds are equipped with touch controls for various functions. Specific gestures (tap, double-tap, long press) will correspond to actions such as play/pause, answer/end calls, and activating translation modes. Refer to the in-app guide for detailed touch control mapping.

### 3.3. Language Translation Features

The earbuds support translation for 138 languages, covering a significant portion of the world's population. All translation functions are managed through the companion mobile application.

# 138 LANGUAGE SUPPORT

|                              | Portuguese(Portugal)   | Turkish                     |                        |

Image: A comprehensive list detailing the 138 languages supported by the Ai Translation Headphones, including various dialects and regional variations.

### 3.3.1. Multiple Translation Modes

The Bluetooth translation headset offers various modes to suit different communication scenarios, including a "Free Conversation Mode" for natural, continuous dialogue.

- **Free Conversation Mode:** Allows two individuals, each wearing an earbud, to communicate in real-time with automatic translation. This mode is ideal for fluid conversations.
- Other modes may include single-person translation (e.g., for asking questions to a local) or speaker mode (using your phone's speaker for translation). Refer to the app for details.

# 138 LANGUAGES TRANSLATION

*You can communicate with people from different countries at any time and place, thus expanding your circle of friends.*

Image: Two individuals engaged in a conversation, demonstrating the real-time translation capability of the earbuds, with speech bubbles showing original and translated phrases.

***Hello. Nice to meet you***

***Hola, encantado de conocerte.***

## Free talk mode

Two people wear a earphone each,translate in real time ,release their hands,and communicate freely.

Image: A close-up of two people interacting, illustrating the "Free Talk Mode" where each person wears an earphone for real-time, hands-free communication.

### 3.3.2. Offline Voice Translation

The earbuds support offline voice translation for 8 specific languages. Access to certain offline language packages may require an in-app purchase.

- Supported Offline Languages: English, Spanish, Mandarin, Russian, French, German, Japanese, Korean.
- To use offline translation, download the required language packs within the companion application while connected to the internet.

Image: An illustration showing the flags of the 8 languages supported for offline voice translation: English, Spanish, Mandarin, Russian, French, German, Japanese, and Korean.

### 3.4. Audio Playback and Calls

Beyond translation, these earbuds function as standard Bluetooth earphones for music and calls.

- **Music Playback:** Enjoy Hi-Fi Stereo Sound for your audio content. Use touch controls to play, pause, skip tracks, and adjust volume.
- **Phone Calls:** The earbuds feature ENC (Environmental Noise Cancellation) for clear calls. Use touch controls to answer, end, or reject calls.

## 4. MAINTENANCE

### 4.1. Cleaning the Earbuds

Due to their open-air design, these earbuds help keep the ear canal clean. However, regular cleaning of the earbuds themselves is recommended to maintain hygiene and performance.

- Use a soft, dry, lint-free cloth to wipe the surface of the earbuds.
- For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- Do not use harsh chemicals, aerosols, or abrasive cleaners.
- Ensure the earbuds are completely dry before placing them back in the charging case.

### 4.2. Charging Case Care

The exquisite charging case not only charges but also protects your earbuds. Keep it clean and free from debris.

- Wipe the exterior of the case with a soft, dry cloth.
- Ensure the charging contacts inside the case are clean and free of dust or lint. Use a dry cotton swab if necessary.

### 4.3. Battery Longevity

To maximize the lifespan of the built-in batteries:

- Avoid fully discharging the battery frequently.
- Store the earbuds and case in a cool, dry place when not in use.
- Charge the device regularly, even if not used for extended periods, to prevent deep discharge.

## 5. TROUBLESHOOTING

If you encounter issues with your Ai Translation Headphones, please refer to the following common solutions:

| Problem                             | Possible Cause   | Solution  |
|-------------------------------------|--|---|
| Earbuds not turning on or charging. | Low battery; improper placement in case; charging cable/adaptor issue.   | Ensure earbuds are correctly seated in the charging case. Verify the charging cable and adapter are functional. Charge the case and earbuds fully.  |
| Cannot pair with smartphone.        | Earbuds not in pairing mode; Bluetooth off on phone; interference; previously paired.  | Ensure earbuds are out of the case and in pairing mode. Turn Bluetooth off and on again on your phone. Forget the device in your phone's Bluetooth settings and try pairing again. Move closer to your phone. |
| No sound or poor sound quality.     | Volume too low; earbuds not properly worn; connection issue; dirty earbuds.  | Increase volume on your phone and earbuds. Adjust earbuds for a better fit. Reconnect Bluetooth. Clean the earbuds as per maintenance instructions.   |
| Translation feature not working.    | App not installed/running; internet connection issues (for online translation); incorrect language settings; microphone blocked. | Ensure the companion app is installed and running. Verify stable internet connection for online translation. Check language settings in the app. Ensure the earbud microphones are not obstructed.            |
| Offline translation not available.  | Language pack not downloaded; in-app purchase required.  | Download the necessary offline language packs within the app. Confirm if an in-app purchase is required for specific offline packages.  |
