Follow these steps carefully to assemble your Tribesigns dining table. A drill is recommended for faster assembly, but all necessary tools are included.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent damage. Identify each component using the parts list.
2. **Attach Legs to Tabletop Sections:** Align the metal leg frames with the pre-drilled holes on the underside of the tabletop sections. Secure them using the provided screws and the Allen wrench. Ensure screws are tightened firmly but do not overtighten.
3. **Connect Tabletop Sections:** If your tabletop comes in multiple sections, align them carefully and use the connecting hardware (if provided) to join them securely.
