Smoonigh H69

Smoonigh H69 Wireless AI Translating Earbuds

User Manual

Introduction

This manual provides detailed instructions for the Smoonigh H69 Wireless AI Translating Earbuds. Please read this guide thoroughly to ensure proper setup, operation, and maintenance of your device. These earbuds offer advanced features including multi-language translation, high-fidelity audio with ENC noise reduction, and intuitive touch controls, designed for seamless communication and listening experiences.

Package Contents

Before proceeding, verify that all items are present in your package:

- Earplugs (S/M/L) x 1 set
- Headphone compartment (with headphones) x 1
- USB-C data cable x 1
- User guide x 1

Setup

1. Charging the Earbuds and Case

For optimal performance, fully charge the earbuds and charging case before first use.

- Place the earbuds into the charging case.
- Connect the USB-C data cable to the charging case and a power source.
- The LED digital display on the case will indicate the charging status. A full charge for the case takes approximately 1.5 hours.
- A single charge provides up to 9 hours of translation usage, and the charging case extends total battery life to 45 hours.

Image: Diagram illustrating the charging process and battery life of the Smoonigh H69 earbuds and their charging case, showing 1.5 hours for fast charging, 9 hours on a single charge, and 36 hours with the charging case.

2. Bluetooth Pairing

1. Ensure the earbuds are charged and inside the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth.
4. Search for available devices and select "H69" from the list.
5. Once connected, a confirmation sound will play, and the earbuds will be ready for use.

The earbuds utilize Bluetooth 5.3 technology for a stable connection up to 15 meters.

3. App Installation for Translation Features

To access the full range of translation features, including 135 languages and various translation modes, you must download and install the dedicated application on your smartphone or tablet. Refer to the QR code in the included user guide or search for the app name (if provided) in your device's app store.

Note: The app is essential for utilizing the translation functionalities of the earbuds.

4. Optimal Fit

The Smoonigh H69 earbuds come with multiple sizes of earplugs (S/M/L) to ensure a comfortable and secure fit. Choose the size that best seals your ear canal for optimal sound quality and noise isolation.

Operating Instructions

1. Smart Touch Controls

The earbuds feature high-precision touch sensors for easy control of various functions. You can customize these controls via the companion app.

Default Touch Control Functions

Action	Function
Single Tap (L/R)	Answer/End Call
Double Tap (L/R)	Play/Pause Music

Action	Function
Triple Tap (L/R)	Activate Voice Assistant (Siri, Google Assistant)
Long Press 2s (L/R)	Reject Call
Long Press (L)	Previous Track
Long Press (R)	Next Track
Long Press (Both)	Power On/Off

2. Translation Modes

The Smoonigh H69 earbuds offer multiple translation modes through the companion app to suit various communication scenarios:

- **Free Talk Mode:** For natural, two-way conversations. Both users wear an earbud and speak freely, with real-time translation provided.
- **Translation Machine Mode:** One person speaks into the phone, and the translation is played through the earbuds. Ideal for one-way translation or when only one person has the earbuds.
- **Phone+Headphones Mode:** Similar to Translation Machine Mode, but the translation is played through the phone's speaker, allowing others to hear.
- **Binaural Mode:** Each person wears one earbud. By touching their respective earbud, they can speak, and the other party hears the translation through their earbud. This mode is suitable for direct, one-on-one conversations.

Maintenance

1. Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Gently remove any earwax or debris from the earbud tips and speaker mesh using a small, soft brush or cotton swab.

2. Water Resistance

The Smoonigh H69 earbuds are rated IP7 waterproof, meaning they are protected against temporary immersion in water. This makes them suitable for use during light rain, sweat, and accidental splashes.

- Do not intentionally submerge the earbuds in water for extended periods.
- Ensure the earbuds are dry before placing them back into the charging case to prevent damage.
- The charging case is not waterproof.

Image: An illustration highlighting the IP7 waterproof rating of the Smoonigh H69 earbuds, showing their resistance to accidental splashes, sweat, and light rain.

3. Storage

Store the earbuds in their charging case when not in use to protect them from dust, damage, and to keep them charged.

Troubleshooting

Common Issues and Solutions

Problem	Possible Solution
Earbuds not pairing	• Ensure earbuds are charged. • Turn off and on Bluetooth on your device. • Forget "H69" from your device's Bluetooth list and re-pair. • Place earbuds back in the case, close, wait 5 seconds, then open to re-enter pairing mode.
No sound or low volume	• Check device volume and earbud volume. • Ensure earbuds are properly seated in your ears. • Clean earbud tips and speaker mesh. • Reconnect the earbuds to your device.
Translation feature not working	• Ensure the companion app is installed and updated. • Verify the earbuds are connected to the app. • Check your internet connection (required for some translation features). • Ensure correct languages are selected in the app.
Earbuds not charging	• Ensure the charging cable is securely connected. • Try a different USB-C cable or power adapter. • Clean the charging contacts on both the earbuds and the case.

If issues persist, please refer to the support section or contact customer service.
