KINGTORO A303BK-16IN

KINGTORO Black Crystal Chandelier User Manual

Model: A303BK-16IN

Brand: KINGTORO

1. PRODUCT OVERVIEW

The KINGTORO 16-inch Black Crystal Chandelier is an elegant lighting fixture designed to enhance various indoor spaces. It features 100% handcrafted water ripple glass, creating a unique and calming ambiance. The design blends rustic and industrial styles, making it suitable for diverse interior decors.

This chandelier is ideal for kitchen islands, dining rooms, living rooms, bedrooms, hallways, foyers, and entryways. Its adjustable chain allows for flexible height customization to fit different ceiling types, including flat, slanted, or vaulted ceilings.

2. SAFETY INFORMATION

WARNING: Before installing, cleaning, or replacing light bulbs, always ensure the power supply is cut off at the circuit breaker to prevent electric shock.

This product is designed for indoor use only. Ensure all connections are secure and follow local electrical codes.

3. WHAT'S IN THE BOX

Verify that all components are present before beginning installation:

- Chandelier Frame with Bulb Sockets
- Water Ripple Glass Panels
- Adjustable Chain

- Ceiling Canopy
- Mounting Hardware (screws, wire nuts, etc.)
- Instruction Manual

Image: Detailed view of the chandelier's main components, including the ceiling adaptor, water ripple glass, and metal frame with brushed copper accents.

4. SETUP AND INSTALLATION

Follow these steps for proper installation. It is recommended to have a qualified electrician perform the installation if you are unsure.

1. **Prepare for Installation:** Turn off power at the main circuit breaker. Ensure the mounting surface is secure and can support the weight of the fixture.
2. **Assemble the Frame:** Connect the main frame components as per the included diagram. Secure all screws tightly.
3. **Wire the Fixture:** Connect the fixture's wires to your household electrical wires. Typically, black to black (live), white to white (neutral), and green/bare copper to green/bare copper (ground). Use appropriate wire connectors.

4. **Mount the Canopy:** Secure the ceiling canopy to the electrical box using the provided mounting hardware.
5. **Attach the Chain:** Adjust the chain length to your desired height. The total height can reach up to 46 inches, with an adjustable chain of up to 27 inches. Attach the chain to the canopy and the fixture.
6. **Install Bulbs:** Screw in the required E26 base bulbs (not included).
7. **Attach Glass Panels:** Carefully attach each water ripple glass panel to the frame using the small brass knobs. Ensure they are securely fastened.

5. OPERATING INSTRUCTIONS

Once installed, the chandelier operates via a standard wall switch. It requires 4 E26 base bulbs, with a maximum wattage of 40W per bulb. Bulbs are not included with the fixture.

The chandelier is compatible with various bulb types, including:

- LED bulbs (dimmable and non-dimmable)
- Energy-saving bulbs
- Halogen bulbs
- Tungsten bulbs

For dimming functionality, ensure you use dimmable E26 bulbs and a compatible dimmer switch (sold separately).

Image: Comparison of the chandelier illuminated with warm light bulbs versus white light bulbs, demonstrating different ambiance options.

6. MAINTENANCE

To maintain the appearance and functionality of your chandelier, follow these guidelines:

- **Cleaning:** Always turn off the power supply before cleaning. Use a soft, dry cloth to wipe the metal frame. For the glass panels, a slightly damp cloth with a mild glass cleaner can be used,

then dry immediately. Avoid abrasive cleaners or solvents.

- **Bulb Replacement:** Ensure the power is off and bulbs have cooled before replacing. Unscrew the old bulb and screw in a new E26 base bulb (max 40W).
- **Glass Panel Replacement:** If a glass panel needs replacement, carefully unscrew the small brass knobs holding it in place. Remove the damaged panel and insert a new one, securing it with the knobs.

For a visual guide on replacing the water glass crystal piece, please refer to the video below:

Video: Instructions on how to replace a water glass crystal piece on the chandelier. This video provides a clear demonstration of the process.

7. TROUBLESHOOTING

If you encounter issues with your chandelier, consider the following common solutions:

- **Light Not Turning On:**
 - Check the circuit breaker to ensure power is on.
 - Verify that bulbs are securely screwed in and not burnt out.
 - Inspect wire connections for looseness or damage (ensure power is off before inspecting).
- **Flickering Lights:**
 - Ensure bulbs are fully tightened.
 - If using dimmable bulbs, confirm compatibility with your dimmer switch.
 - Check for loose wiring connections (power off).
- **Uneven Lighting:**
 - Ensure all bulbs are of the same type and wattage.
 - Check if any glass panels are misaligned or dirty.

If problems persist, please contact customer support.

8. SPECIFICATIONS

Feature	Specification
Brand	KINGTORO
Model Number	A303BK-16IN
Color	Black

Material	Metal, K9 Crystal (Glass)
Style	Modern
Product Dimensions	16"L x 16"W x 46"H (Total Height with chain)
Adjustable Chain	Max 27"
Bulb Base	E26
Number of Light Sources	4
Max Wattage per Bulb	40W
Voltage	110 Volts
Installation Type	Semi Flush Mount
Control Method	Touch (compatible with touch-controlled wall switches)
Item Weight	15 pounds

Product Specification

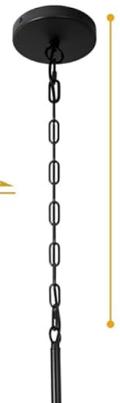

110-120V

E26*4 Base
Bulb not included

ADJUSTABLE HEIGHT

MAX 46 inch
MIN 0.78 inch

SLOPPED CEILING ADAPTABLE
