

YITAHOME MAYIH6CkJL

YITAHOME Dog Crate Furniture with Feeder Bowls

Model: MAYIH6CkJL - Instruction Manual

1. INTRODUCTION

Thank you for choosing the YITAHOME Dog Crate Furniture. This product is designed to provide a comfortable and secure living space for your medium-sized dog while also serving as a functional piece of furniture, such as a TV stand. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your new dog crate furniture.

2. SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Keep all small parts and packaging materials away from children and pets during assembly.
- Ensure all screws and fasteners are securely tightened before allowing your pet to use the crate. Periodically check for loose connections.
- Do not exceed the maximum load-bearing capacity of the tabletop (110 lb).
- Place the dog crate on a flat, stable surface to prevent tipping.
- Do not allow pets to chew on wooden components or metal bars, as this may cause damage or injury.
- This product is intended for indoor use only.
- Never leave your pet unattended for extended periods, especially if they are prone to destructive behavior.

3. PACKAGE CONTENTS

The YITAHOME Dog Crate Furniture is delivered in two separate packages. Please ensure you have received both packages and all components before beginning assembly. If any parts are missing or damaged, please contact customer support.

Expected Components:

- Wooden Panels (various sizes for top, sides, bottom, and internal dividers)
- Metal Pipes/Bars for crate enclosure
- Sliding Door mechanism and lock
- Drawer components for feeder bowls
- Two Stainless Steel Feeder Bowls (7.3 inch diameter)
- Hidden Bucket Cabinet components
- Assembly Hardware (screws, bolts, connectors, etc.)
- Assembly Tools (e.g., Allen wrench, screwdriver - may be included)

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your dog crate furniture. It is recommended to have two people for assembly.

Step 1: Prepare the Workspace

Clear a spacious area and lay out all components. Identify each part using the provided parts list in your separate assembly guide. Keep hardware organized.

Step 2: Assemble the Main Crate Structure

Begin by connecting the side wooden panels to the bottom and back panels using the designated screws and connectors. Ensure the metal bars for the crate enclosure are properly aligned and secured within the wooden frame.

Hidden Bucket Cabinet

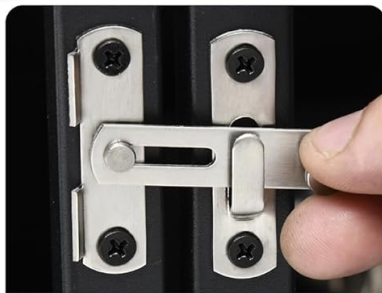

Extra storage spaces for dog supplies

Step 3: Install the Sliding Door

Attach the sliding door mechanism to the designated opening of the crate. Ensure the door slides smoothly and the lockable latch functions correctly. Refer to the specific diagrams in your assembly guide for precise placement of hinges and latches.

Lockable Sliding Door

Built-in Dual Food Bowl

7.3inch Bowl for Larger Dog

Image: This image highlights the lockable sliding door mechanism and the integrated dual food bowls, showing a dog comfortably resting inside the crate.

Step 4: Assemble and Install the Feeder Bowl Drawer

Assemble the drawer components according to the instructions. Install the drawer slides into the designated slot beneath the tabletop. Insert the two stainless steel feeder bowls into the cutouts in the drawer. Ensure the drawer slides in and out smoothly.

Step 5: Assemble and Install the Hidden Bucket Cabinet

Assemble the hidden bucket cabinet components. Attach the cabinet to the side of the main crate structure, ensuring it opens and closes properly. This cabinet provides additional storage for pet supplies.

Image: The hidden bucket cabinet is shown open, illustrating its design for discreet storage of pet accessories or other items.

Step 6: Attach the Tabletop

Carefully place the large tabletop onto the assembled base. Secure it using the provided hardware, ensuring it is flush and stable. The tabletop measures 55"x23.4" and can support up to 110 lb.

Image: A comprehensive diagram illustrating the dimensions of the dog crate furniture, including the main crate area, the storage compartment, and the pull-out feeder bowl drawer.

Step 7: Final Check

Verify that all connections are tight and the structure is stable. Ensure all moving parts, such as the door and drawer, operate smoothly.

5. PRODUCT FEATURES AND OPERATION

- **Lockable Sliding Door:** The crate features a secure sliding door with a latch to keep your pet safely enclosed. To open, slide the latch and pull the door. To close, push the door until it is fully shut and engage the latch.
- **Pull-Out Feeder Bowls:** The bottom drawer contains two stainless steel bowls. To feed your pet, gently pull the drawer out. After feeding, push the drawer back in to hide the bowls and save space. The bowls are removable for easy cleaning.
- **Hidden Bucket Cabinet:** Utilize the side cabinet for storing pet food, treats, toys, or other household items. The cabinet door opens to reveal multiple compartments.
- **Large Tabletop:** The sturdy 55"x23.4" tabletop can be used to place decorative items, books, or as a TV stand. Ensure items placed on top do not exceed the 110 lb weight limit.

6. CHOOSING THE RIGHT SIZE FOR YOUR DOG

To ensure your dog's comfort, it is important to select a crate that is appropriately sized. The YITAHOME Dog Crate Furniture (Model MAYIH6CkL) has overall dimensions of 55" L x 23.4" W x 31.2" H, suitable for medium dogs. Use the following guidelines to determine if this size is appropriate for your pet:

HOW TO DETERMINE THE SIZE ?

1 Measure Length

|----- Length -----|

Keep in Mind:

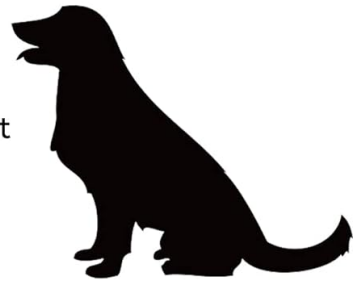

- Dog should be sitting.
- Measure supright from the floor to the tallest point of dog.
- Add 4 inch for all dogs.

Keep in Mind:

- Dog should be standing on all four feet.
- Measure from the tip of the nose to the top of their tail.
- Add 4 inch for all dogs.

2 Measure Height

Height

3 Warm Tips

If you want your dog to stay comfortable, please measure them when laying down and sprawled out like they would normally sleep.

Image: A visual guide on how to accurately measure your dog's length and height to ensure a proper fit within a dog crate.

- **Measure Length:** Have your dog stand on all four feet. Measure from the tip of their nose to the base of their tail. Add 4 inches to this measurement.
- **Measure Height:** Have your dog sit upright. Measure from the floor to the tallest point of their head. Add 4 inches to this measurement.
- **Comfort Tip:** If you want your dog to stay comfortable, measure them when they are lying down and sprawled out, as they would normally sleep.

Your dog should be able to stand up, turn around, and lie down comfortably within the crate.

7. MAINTENANCE AND CARE

- **Cleaning:** Wipe wooden surfaces with a damp cloth and mild cleaner. Avoid harsh chemicals that may damage the finish or be harmful to pets. The stainless steel bowls are dishwasher safe or can be hand-washed with soap and water.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight.

Tighten any loose hardware to maintain stability.

- **Avoid Moisture:** Do not expose the wooden components to excessive moisture or direct sunlight, as this can cause warping or fading.

8. TROUBLESHOOTING

- **Problem:** Parts are missing or damaged upon arrival.
Solution: Contact YITAHOME customer support immediately with your order details and a description of the issue. The product is shipped in 2 packages, ensure both have arrived.
- **Problem:** The crate feels unstable after assembly.
Solution: Double-check all screws and fasteners to ensure they are fully tightened. Ensure the crate is placed on a level surface.
- **Problem:** The sliding door or feeder drawer does not move smoothly.
Solution: Inspect the tracks for any obstructions or misalignments. Ensure all assembly steps for these components were followed correctly.
