### 3. KEY FEATURES

The silicone protective case offers several features designed to enhance the protection and usability of your ByteDance Ola Friend AI Agent Earphones:

- **Premium Silicone Material:** Constructed from high-quality elastomer silicone, providing a soft, skin-like touch while being lightweight and durable.
- **Comprehensive Protection:** The fully wrapped design effectively protects your earphone charging

case from bumps, drops, dirt, and oil.

- **Front LED Visibility:** Features a design that allows the front LED indicator light of your earphone charging case to remain visible, enabling you to check charging status without removing the case.
- **Precise Cutouts:** Engineered with precise cutouts for a perfect fit, ensuring full access to the charging port and other functionalities.
- **Waterproof and Easy to Clean:** The material is waterproof and can be easily cleaned, maintaining hygiene and appearance.
- **Anti-Slippage Design:** Precise mold opening helps prevent the earphones from slipping out of the case.
- **Lanyard Inclusion:** Comes with a lanyard for easy carrying and to prevent loss.

**The fully wrapped design effectively protects  
the earphones from bumps and drops**

## 4. INSTALLATION GUIDE

Follow these simple steps to install the protective case onto your ByteDance Ola Friend AI Agent Earphones charging case:

1. Open the silicone protective case shell.
2. Place your ByteDance Ola Friend AI Agent Earphones charging case inside the silicone case.
3. Gently push the earphone case fully into the silicone cover until it is securely seated.
4. Close the main unit of the silicone case. The installation is now complete.

The case includes highly sticky double-sided adhesive to help secure the earphone case and prevent

accidental loss when you are on the go.

## **I Easy to install**

Open the shell, close the main unit, gently push it in, and the installation is complete

**Figure 4.1:** Step-by-step guide for easy installation.

## **5. USAGE INSTRUCTIONS**

### **5.1 Charging Access**

The case is designed with precise cutouts to allow direct access to the charging port. You can charge your earphones using a charging cable without needing to remove the protective case. Wireless charging is also supported with the case on.

## 5.2 LED Indicator

The front LED light of your earphone charging case remains visible through the protective cover, allowing you to monitor the charging status at a glance.

## 5.3 Lanyard Use

Attach the included lanyard to the designated loop on the protective case. The lanyard can be used to secure your earphones to a bag, belt loop, or wrist, preventing loss and making them easy to carry. It can also serve as a decorative accessory.

Figure 5.1: The lanyard provides easy portability and helps prevent loss.

## 6. CARE AND MAINTENANCE

---

To ensure the longevity and cleanliness of your silicone protective case, follow these simple care instructions:

- **Cleaning:** Due to its waterproof and easy-to-clean material, the case can be wiped down with a damp cloth or rinsed under water to remove dirt, dust, or spills. Ensure the case is completely dry before reinserting your earphone charging case.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these may damage the silicone material.
- **Storage:** Store the case in a cool, dry place away from direct sunlight when not in use for extended periods.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your protective case, please refer to the following common solutions:

- **Case Not Fitting Properly:** Ensure that your earphones are indeed the ByteDance Ola Friend AI Agent Earphones 2024 model. The case is designed for a snug fit; gently adjust the earphone case inside the silicone cover until it sits correctly.
- **Charging Port Blocked:** Verify that the earphone case is fully inserted and aligned with the cutouts. If the issue persists, temporarily remove the case to charge.
- **LED Not Visible:** Confirm that the earphone case is correctly positioned within the silicone cover, aligning with the transparent section for the LED indicator.
