› Besioist Corner Closet System with 5 Drawers, 63.2" x 63.2" Instruction Manual

## Besioist 63.2" \* 63.2"

# Besioist Corner Closet System with 5 Drawers (Model 63.2" x 63.2") Instruction Manual

Model: 63.2" \* 63.2" | Brand: Besioist

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, configuration, and maintenance of your Besioist Corner Closet System. Designed for optimal storage, this system features multiple shelves, hanging rods, and drawers to organize your clothing and accessories efficiently. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## 2. SAFETY INFORMATION

- **Adult Assembly Required:** This product requires assembly by two adults. Do not attempt to assemble alone.
- **Anti-Tip Hardware:** Always install the provided anti-tip hardware to secure the closet system to the wall. This prevents accidental tipping and ensures safety, especially in households with children or pets.
- **Weight Capacity:** The system has a load-bearing capacity of over 2000 lbs. Distribute weight evenly across shelves and hanging rods. Do not overload individual sections.
- **Stable Surface:** Assemble and place the closet system on a flat, stable, and level surface.
- **Avoid Moisture:** Keep the product away from excessive moisture or direct sunlight to prevent damage to the wood material.
- **Component Check:** Before assembly, verify all parts are present and undamaged. Do not use damaged components.

## 3. PACKAGE CONTENTS

Your Besiost Corner Closet System is shipped in multiple boxes. Please ensure all boxes are received before starting assembly. Carefully unpack all components and compare them against the parts list in your separate assembly guide. The system includes:

- Modular wooden panels for shelves and frames
- 5 large wooden drawers with gliding mechanisms
- 4 metal hanging rods
- All necessary assembly hardware (screws, cam locks, dowels, etc.)
- 8 anti-tip hardware kits
- Detailed assembly instructions (separate booklet)

#### 4. SETUP AND ASSEMBLY

Assembly of the Besiost Corner Closet System requires two people. Follow the step-by-step instructions provided in the separate assembly booklet. Ensure you have a clear, spacious area for assembly.

1. **Preparation:** Lay out all components on a soft, clean surface to prevent scratches. Identify each part using the labels and the assembly guide.
2. **Hardware:** Use the provided hardware. Do not overtighten cam lock studs; tighten until the lip just touches the nylon insert.
3. **Modular Assembly:** The system consists of three main units (a closet system with 2 drawers, a corner closet system with 12 shelves, and a closet system with 3 drawers). Assemble each unit individually as per the instructions.
4. **Connecting Units:** Once individual units are assembled, connect them to form your desired L-shaped or U-shaped configuration.
5. **Anti-Tip Installation:** Securely attach the anti-tip hardware to the top rear of the closet system and to a wall stud using appropriate tools.

## Four Different Combinations

You can set it up as a multi-function unit or as 3 separate closet organizers.

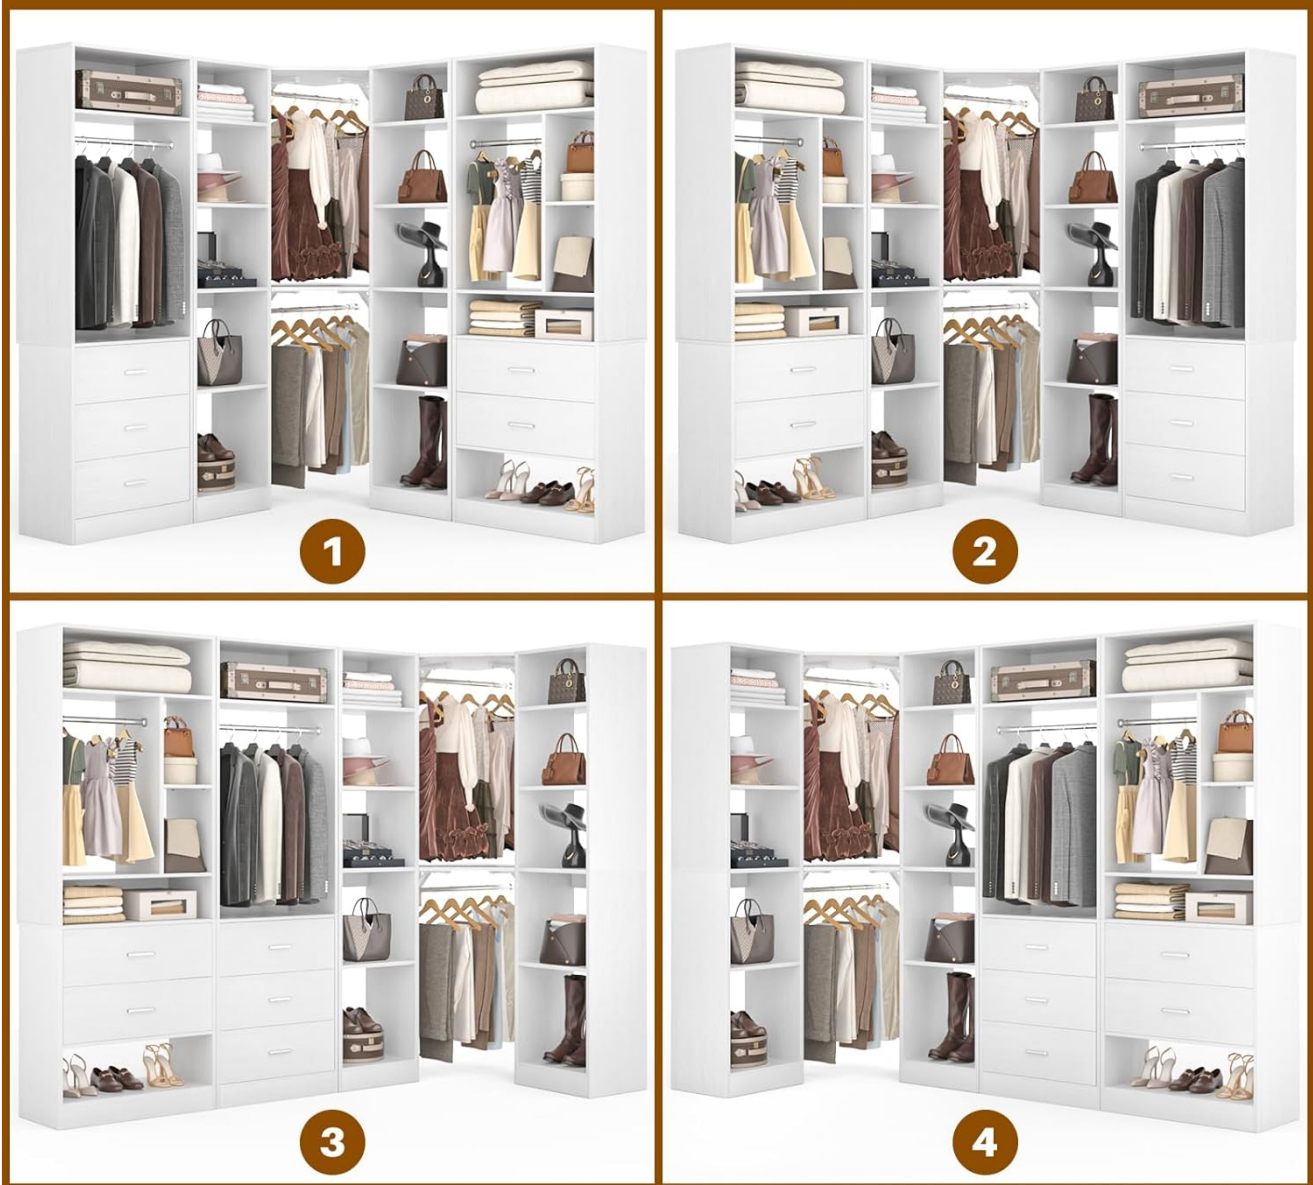

Image 4.1: Examples of various L-shaped and U-shaped configurations possible with the modular closet system.

## 5. OPERATING AND USAGE

Your Besiost Corner Closet System offers versatile storage solutions. It can be configured as a single multi-

functional unit or as three separate closet organizers.

- **Storage Capacity:** The system provides over 20 shelves, 5 large wooden drawers, and 4 hanging rods, capable of holding more than 500 clothing items and small accessories.
- **Customization:** Arrange the modular units to create an L-shaped or U-shaped walk-in closet layout that best suits your space and storage needs.
- **Versatile Placement:** Suitable for various rooms including checkrooms, pantries, laundry rooms, and general storage areas.

## ***Closet Organizer System (Set of 3)***

***- 2,000 lbs capacity, holds up to 500 clothings and small items***

Image 5.2: The closet system used in a laundry room, illustrating its adaptability for various storage needs beyond a bedroom closet.

## 6. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the laminated finish.
- **Dusting:** Regularly dust the shelves and surfaces to maintain appearance.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Drawer Slides:** If drawers do not glide smoothly, clean the tracks and apply a silicone-based lubricant if needed.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
<b>System feels unstable or wobbly.</b>	Anti-tip hardware not installed or loose; uneven floor; loose fasteners.	Ensure anti-tip hardware is securely anchored to a wall stud. Check and tighten all assembly fasteners. Place on a level surface or use shims if necessary.
<b>Drawers do not slide smoothly.</b>	Drawer slides are dirty or misaligned; drawer is overloaded.	Clean drawer slides and apply lubricant. Ensure drawer contents are within weight limits. Check that drawer slides are correctly installed and aligned.
<b>Missing parts or damaged components upon arrival.</b>	Shipping damage or packaging error.	Contact Besiost customer service immediately with your purchase details. Do not proceed with assembly using damaged parts.

## 8. SPECIFICATIONS
