GalnFu G1220B1

GalnFu Full Size Floating Bed Frame Instruction Manual

Model: G1220B1 | Brand: GalnFu

INTRODUCTION

Thank you for choosing the GalnFu Full Size Floating Bed Frame. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

Refer to the included instructions for safety guidelines and proper assembly. Always ensure all connections are secure before use. Do not exceed the maximum weight capacity of 1000 lbs. Keep small parts away from children during assembly. If any parts are missing or damaged, do not proceed with assembly; contact customer support immediately.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged:

- 1 x Floating Bed Frame (main components)
- 1 x Accessory Kit (screws, bolts, tools)
- 1 x Charging Station
- 1 x LED Light Strips
- 1 x Instruction Manual

ASSEMBLY INSTRUCTIONS

The GaInFu Floating Bed Frame is designed for straightforward assembly. Follow these steps carefully:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface. Refer to the parts list in your included instruction manual to identify each piece.

2. **Assemble the Main Frame:** Connect the main frame sections using the provided hardware. Ensure all bolts are tightened securely. The frame features a central cross structure and triangular design for enhanced stability.

3. **Attach Support Legs:** Install the 9 hidden support legs. These legs are crucial for the bed's stability and weight capacity.

4. **Install Metal Slats:** Place the 11 metal slats across the frame. The slats are designed to provide robust support for your mattress without the need for a box spring.

5. **Secure Anti-slip Strips:** Apply the anti-slip strips to the top of the slats to prevent mattress movement.

6. **Mount Charging Station:** Attach the integrated charging station to the designated area on the bed

frame.

7. **Install LED Light Strips:** Secure the LED light strips to the underside of the bed frame using the adhesive buckles and zip ties provided.

OPERATING INSTRUCTIONS

LED Lighting System

The integrated LED light strips offer adjustable illumination for ambiance. Control the lights using the provided remote control or a compatible smartphone application. The system supports over 60,000 colors, music mode, microphone mode, and timing functions.

Charging Station

The bed frame includes a convenient charging station to keep your devices powered. It features:

- 2 x 110V/12A AC Outlets
- 2 x 5V/2A USB Ports
- 6.6-Feet Power Cord

Simply plug your devices into the appropriate ports for charging. Ensure the bed frame's power cord is connected to a functional wall outlet.

Maintenance

To ensure the longevity and optimal performance of your GalnFu bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the metal frame surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Fastener Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **LED Lights:** If LED strips become loose, re-secure them using the provided adhesive buckles or zip ties. If lights malfunction, check connections to the power source and controller.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not overload the outlets.

Troubleshooting

| Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Bed frame squeaks or is unstable	Loose bolts or connections. Uneven floor surface.	Check and tighten all bolts and screws. Ensure the bed is on a level surface. Add felt pads under legs if needed.
LED lights not working	Power connection issue. Remote control battery low. Damaged LED strip.	Verify the power adapter is securely plugged into the wall and the LED controller. Replace remote control batteries. Inspect LED strips for visible damage; contact support if damaged.
Devices not charging	Charging station not powered. Device cable faulty. Overloaded circuit.	Ensure the bed frame's main power cord is plugged in. Try a different charging cable. Reduce the number of devices plugged into the station.
Mattress slides on frame	Anti-slip strips not installed or worn.	Ensure anti-slip strips are properly installed on the slats. Replace worn strips if necessary.

SPECIFICATIONS

- **Model:** G1220B1
- **Brand:** GaInFu
- **Size:** Full
- **Product Dimensions:** 75"L x 54.2"W x 8"H
- **Compatible Mattress Size:** Full
- **Weight Capacity:** Up to 1000 lbs
- **Material:** Heavy Duty Steel
- **Finish Type:** Steel (Black)
- **Special Features:** Adjustable Smart LED Lights, Integrated Charging Station (Type-C, USB, Standard Outlets), Noise-Free Design, No Box Spring Needed
- **Assembly Required:** Yes
