WHAT'S IN THE BOX

- 1 x Tuanzi D11 Smartwatch with integrated Earbuds
- 1 x Charging Cable
- 1 x User Manual

SETUP

1. Charging the Device

Before first use, fully charge the smartwatch and earbuds. Connect the provided charging cable to the magnetic charging points on the back of the smartwatch and to a USB power source. The earbuds charge automatically when placed inside the smartwatch compartment.

2. App Installation and Pairing

The companion application for the D11 Smartwatch is named **FaceLink**. It is compatible with iOS 12 and above, Android 7.0 and above, and HarmonyOS 3 and above.

1. Download the "FaceLink" app from your smartphone's app store (Apple App Store for iOS, Google Play Store for Android).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the FaceLink app and follow the on-screen instructions to create an account or log in.
4. In the app, navigate to the device pairing section and select "Add Device".
5. The app will search for nearby devices. Select "D11" from the list to initiate pairing.
6. Confirm the pairing request on both your smartphone and the smartwatch screen.

3. Earbud Pairing

The TWS earbuds are designed to pair automatically with the smartwatch and your phone once removed from their charging compartment within the watch.

1. Ensure the earbuds are charged by placing them in the smartwatch compartment.
2. Remove the earbuds from the smartwatch. They will automatically enter pairing mode.
3. On your smartphone, go to Bluetooth settings and look for "D11 Earbuds" or a similar name to connect.
4. Once connected, the earbuds are ready for use with your phone for audio and calls.

MAINTENANCE

- **Cleaning:** Wipe the smartwatch and earbuds with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The device is designed for daily use and may withstand splashes, but it is not recommended for swimming or showering. Avoid prolonged exposure to water.
- **Storage:** Store the device in a cool, dry place when not in use.
- **Battery Care:** To prolong battery life, avoid fully discharging the device frequently. Charge regularly.

TROUBLESHOOTING

Device not turning on:

Ensure the device is fully charged. Connect it to the charger and wait a few minutes before attempting to power on again.

Smartwatch not connecting to phone:

- Ensure Bluetooth is enabled on your phone.
- Check if the FaceLink app is running and the device is selected for pairing.
- Restart both your phone and the smartwatch.
- Forget the device in your phone's Bluetooth settings and re-pair through the FaceLink app.

Earbuds not pairing or no sound:

- Ensure earbuds are charged by placing them in the smartwatch compartment.
- Remove earbuds and check your phone's Bluetooth settings to ensure they are connected.
- Try forgetting the earbuds in your phone's Bluetooth settings and re-pairing.

Inaccurate health data:

Ensure the smartwatch is worn snugly on your wrist, not too tight or too loose. Avoid excessive movement during measurements. Note that this device is not a medical device and data is for reference only.
