5. OPERATING INSTRUCTIONS

The Winnie the Pooh Squish Light is designed for simple and intuitive operation.

5.1. Power On/Off

- To turn the light **ON**, press the power button located on the base of the unit.
- To turn the light **OFF**, press and hold the power button for a few seconds.

5.2. Adjusting Brightness

The light features three brightness levels: Low, Medium, and High.

- Once the light is on, gently tap the light's base to cycle through the brightness levels. Each tap will switch to the next level (Low → Medium → High → Low).

6. MAINTENANCE

To ensure the longevity and proper functioning of your Winnie the Pooh Squish Light, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior of the light with a soft, dry cloth. Do not use abrasive cleaners, solvents, or immerse the unit in water.
- **Battery Replacement:** When using battery power, replace all three AAA batteries simultaneously when the light dims or stops functioning. Refer to Section 4.2 for battery installation instructions.
- **Storage:** If storing the light for an extended period, remove the AAA batteries to prevent leakage and damage. Store in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your Winnie the Pooh Squish Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power or low battery.	Ensure USB-C cable is securely connected to a working power adapter/port, or replace AAA batteries.
Light is dim or flickers.	Low battery power.	Replace AAA batteries or switch to USB-C power.
Cannot change brightness levels.	Incorrect tapping method.	Ensure you are gently tapping the base of the light, not squeezing the body.
Light turns off automatically after 60 minutes.	This is a built-in feature when operating on battery power.	This is normal operation. To keep the light on continuously, use USB-C power.
