ODK B01XS011466UK

ODK L-Shaped Computer Desk User Manual

Model: B01XS011466UK

Brand: ODK

PRODUCT OVERVIEW

The ODK L-Shaped Computer Desk is designed to provide a spacious and organized workspace for home offices, gaming setups, and study areas. It features a reversible L-shaped design, integrated power outlets and USB ports, ample storage with drawers and compartments, a monitor stand, and LED lighting.

Key Features

- **Spacious Storage:** Includes a storage cabinet with 3 drawers and 2 storage compartments, along with a monitor stand and CPU stand.
- **Integrated Power Outlets:** Equipped with 2 AC outlets and 2 USB ports for convenient device charging.
- **Reversible L-Shaped Design:** Measures 174 x 100 x 88.2 cm, allowing for flexible configuration to fit various room layouts.
- **Ergonomic Monitor Stand:** Designed to accommodate two monitors, promoting better posture and reducing neck and back strain.
- **LED Lights:** Features LED strips with 10 static colors, 6 brightness levels, 10 dynamic modes, and a memory function for customizable ambiance and reduced eye fatigue.

SETUP AND ASSEMBLY

This desk requires assembly. Please follow the instructions carefully.

Before You Begin

- Unpack all components and verify against the parts list provided in the packaging.

- Ensure you have the necessary tools (typically a screwdriver and Allen wrench, often included).
- Choose a clear, spacious area for assembly to prevent damage to components.

Assembly Steps

1. **Frame Assembly:** Assemble the main metal frame components according to the diagrams. Ensure all screws are finger-tightened initially.
2. **Desktop Panels:** Attach the desktop panels to the assembled frame. Pay attention to the orientation for the L-shaped configuration.
3. **Storage Unit Assembly:** Assemble the storage cabinet, including the drawers and internal shelves.
4. **Reversible Configuration:** Decide whether the storage unit will be on the left or right side of the L-shape and attach it accordingly. The design allows for flexibility.

5. **Monitor Stand:** Secure the monitor stand to the designated area on the desktop.
6. **Power Strip Installation:** Install the integrated power strip into its recessed slot.

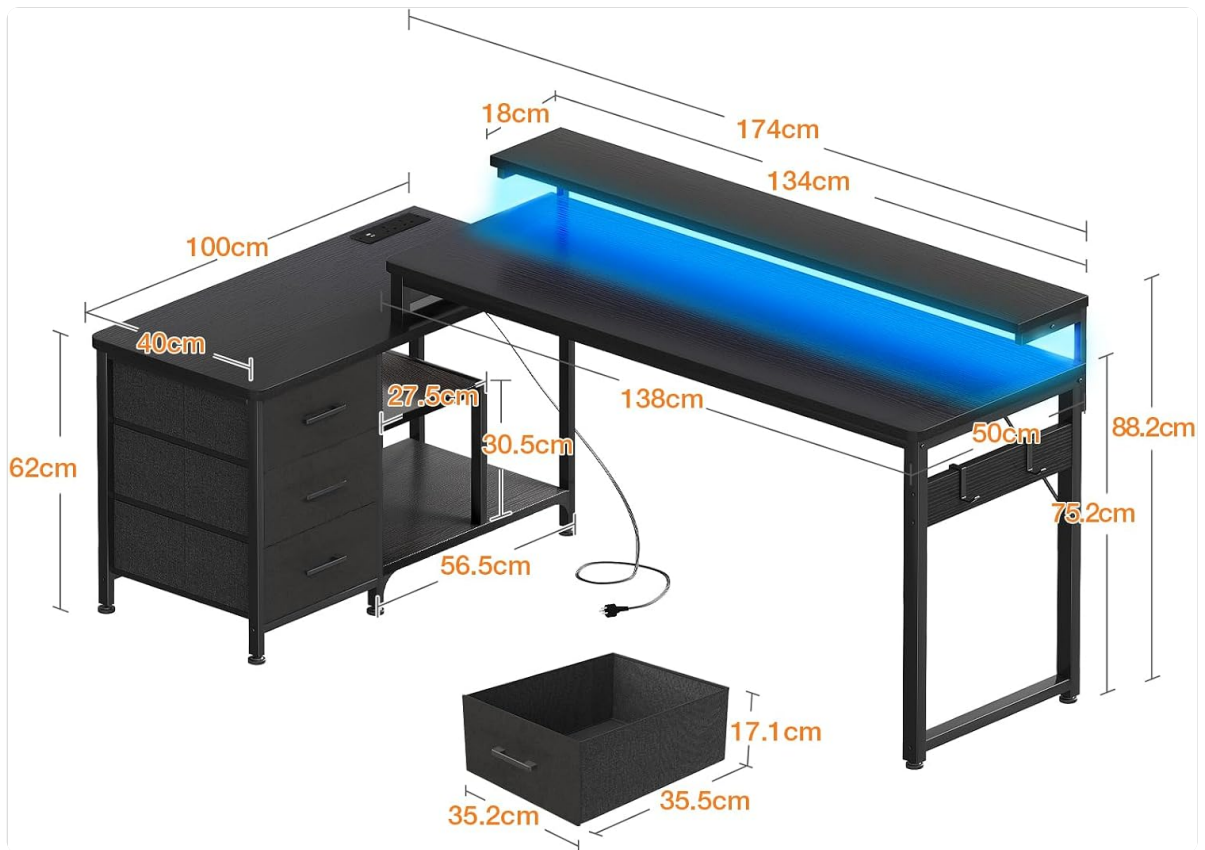

Image: A diagram illustrating the detailed dimensions of the ODK L-Shaped Computer Desk, including measurements for the desktop, storage unit, and monitor stand.

7. **LED Strip Attachment:** Adhere the LED strip to the underside of the monitor stand or designated area.
8. **Final Tightening:** Once all components are in place, carefully tighten all screws to ensure stability.

OPERATING INSTRUCTIONS

Using the Integrated Power Strip

- Connect the desk's power cable (200cm length) to a standard 110-240V AC wall outlet.
- Plug your devices into the 2 AC outlets and 2 USB ports (5V/2A output).
- Ensure devices are compatible with the provided voltage and current.

Recessed Power Strip

Controlling the LED Lights

- The LED lights are controlled via an inline switch.
- **On/Off:** Press the "On/Off" button to toggle the lights.
- **Dimming:** Use the "Dimming" button to cycle through 6 brightness levels.
- **Modes:** Press the "Modes" button to switch between 10 dynamic lighting modes.
- **Colors:** Use the "Colors" button to select from 10 static color options.
- The lights feature a memory function, retaining the last setting when turned off.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust the desk, especially around the power outlets and LED strips, to prevent accumulation.
- **Tightening Screws:** Periodically check and tighten all assembly screws to ensure the desk remains stable and secure.
- **Cable Management:** Organize cables to prevent tangles and reduce strain on power ports.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Desk is wobbly	Loose screws; uneven floor	Check and tighten all assembly screws. Adjust leveling feet if present, or place shims under legs on uneven surfaces.
Power outlets/USB ports not working	Desk not plugged in; power strip switch off; faulty outlet	Ensure the desk's power cable is securely plugged into a working wall outlet. Check if there's a reset button on the power strip (if applicable). Test the wall outlet with another device.
LED lights not turning on	Power issue; loose connection; faulty LED strip	Verify the desk is powered. Check the connection of the LED strip to its power source. Ensure the inline controller is not damaged.
Drawers are stiff or misaligned	Incorrect assembly of drawer slides; obstruction	Recheck drawer slide installation according to assembly instructions. Ensure no items are obstructing the drawer path.

SPECIFICATIONS

Feature	Detail
Brand	ODK
Model Number	B01XS011466UK
