4. Package Contents

Before assembly, please ensure all parts and hardware listed in the included parts list are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

5. Assembly Instructions (Setup)

Assembly typically requires two people. Clear a spacious area and lay out all components before starting. Follow the numbered steps in the provided assembly diagram.

1. **Identify All Parts:** Match each component with the parts list and label them if necessary.
2. **Assemble the Main Frame:** Begin by attaching the primary support beams and legs according to the diagram.
3. **Construct Storage Units:** Assemble the 5 drawers and 4 shelves, ensuring all connections are tight.
4. **Attach Desktop Panels:** Securely fasten the desktop panels to the assembled frame.
5. **Install LED and Power Unit:** Integrate the LED strip and power outlet/USB hub into their designated slots.
6. **Final Adjustments:** Ensure the desk is level and all screws are tightened.

7. Maintenance and Care

Proper care will extend the life of your desk.

- **Cleaning Surfaces:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation.
- **Electrical Components:** Ensure power cords are not pinched or damaged. Keep liquids away from outlets and USB ports.
- **Tighten Fasteners:** Occasionally check and tighten all screws and bolts to maintain stability.

8. Troubleshooting

If you encounter issues, refer to the following common problems and solutions:

- **LED Lights Not Working:**
 - Check if the desk's main power cord is securely plugged into a wall outlet.
 - Ensure the LED strip's connection to the power unit is firm.
 - Verify the LED control panel is receiving power and is not damaged.
- **Power Outlets/USB Ports Not Charging:**
 - Confirm the desk's main power cord is plugged in and the wall outlet is functional.

- Test with a different device or cable to rule out device-specific issues.
- Ensure the total power draw does not exceed the rated capacity of the outlets.

- **Desk Wobbles:**

- Check that all assembly screws and bolts are securely tightened.
- Ensure the desk is placed on a flat, even surface.
- Adjust any leveling feet if present.

If problems persist, please contact customer support.
