## 6. MAINTENANCE AND CARE

---

Proper care will extend the life and maintain the appearance of your kitchen island.

### Sintered Stone Top Care:

- Wipe spills immediately with a soft, damp cloth.
- For general cleaning, use a mild soap and water solution. Avoid abrasive cleaners or harsh chemicals.
- Although resistant to heat, it is recommended to use trivets or hot pads for very hot items to prevent potential damage over time.
- Avoid cutting directly on the surface; always use a cutting board.

### Engineered Wood Frame Care:

- Clean the wood surfaces with a soft, dry cloth.
- Avoid excessive moisture. If spills occur, wipe them dry immediately.
- Do not use silicone-based polishes or cleaners, as they can damage the finish.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your kitchen island, please refer to the following common solutions:

- **Assembly Difficulties:** If you find the assembly instructions unclear, review the provided video tutorial or contact customer support for assistance. Ensure all parts are correctly oriented before tightening screws.
- **Wobbly Island:** Check that all cam locks and screws are fully tightened. Ensure the island is placed on a level surface. Adjustable feet may be present to stabilize the unit.
- **Drawers/Doors Not Aligning:** Minor adjustments to hinges and drawer slides may be necessary. Refer to the

assembly instructions for specific adjustment procedures.

- **Surface Stains:** For stubborn stains on the sintered stone, try a non-abrasive cleaner specifically designed for stone surfaces. Always test in an inconspicuous area first.
