## VGR VGR-992

# VGR 992 Professional Hair Trimmer User Manual

Model: VGR-992 | Brand: VGR

## PRODUCT OVERVIEW

The VGR 992 Professional Hair Trimmer is a versatile cordless grooming tool designed for precise hair and beard trimming. Featuring advanced ceramic and DLC-coated blades, a powerful 9000 RPM motor, and a durable metal body, it delivers professional-grade results for sharp lines, crisp fades, and clean outlines. Its long-lasting 2000mAh lithium battery provides up to 240 minutes of runtime, with convenient USB and charging dock options.

## SAFETY INFORMATION

Please read all safety instructions carefully before using the VGR 992 Professional Hair Trimmer to ensure safe and proper operation.

- Always unplug the trimmer before cleaning.
- Do not use the trimmer on wet hair or near water to prevent electrical hazards.
- Keep the trimmer out of reach of children.
- Always follow the recommended cleaning and maintenance procedures to ensure safe and proper functioning of the trimmer and to prolong its lifespan.

## PACKAGE CONTENTS

Your VGR 992 Professional Hair Trimmer package includes the following items:

- VGR 992 Hair Trimmer
- 3 Guide Combs (1mm, 2mm, 3mm)
- Charging Dock
- USB Charging Cable
- Lubricating Oil
- Cleaning Brush
- Protective Cap

A detailed view of the VGR 992 Hair Trimmer and its complete set of accessories, including the charging dock, guide combs, oil, and cleaning brush.

## SETUP

Before first use, ensure your VGR 992 trimmer is fully charged.

1. **Initial Charge:** Connect the USB charging cable to the charging dock and plug it into a suitable USB power adapter (not included). Place the trimmer onto the charging dock. The LED display will indicate charging status. A full charge takes approximately 2.5 hours.
2. **Battery Life:** Once fully charged, the trimmer provides up to 240 minutes of continuous runtime. The LED display will show the remaining power percentage.
3. **Blade Inspection:** Before each use, inspect the blades for any damage or debris. Ensure they are clean and properly aligned.

## USB CHARGING

### 2000 mAh lithium battery

2.5  
Hours  
charging

240  
Minutes  
working

The VGR 992 Hair Trimmer can be charged directly via USB cable or by placing it on its dedicated charging dock, with the LED display showing battery status.

## OPERATING INSTRUCTIONS

### Power On/Off and Speed Adjustment

- To turn the trimmer ON, slide the power switch upwards. The LED display will illuminate, showing the current battery

percentage and motor RPM.

- To turn the trimmer OFF, slide the power switch downwards.
- The VGR 992 features a powerful 9000 RPM motor for efficient cutting. The RPM is displayed on the LED screen during operation.

The integrated LED display provides real-time information on the trimmer's battery status and motor speed (RPM) during operation.

### Attaching Guide Combs

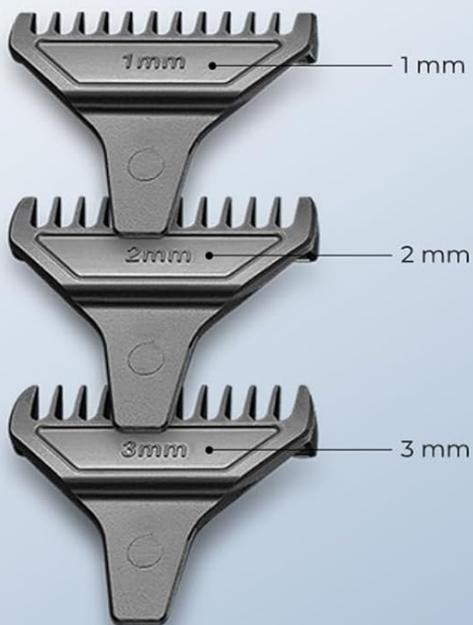

- Select the desired guide comb (1mm, 2mm, or 3mm) based on the hair length you wish to achieve.
- Align the comb with the trimmer blade and push it firmly until it clicks into place.
- To remove a comb, gently pull it away from the blade.

## GUIDE COMBS

The length of the cut is shown on the guide combs

Easily cut gradient hairstyles

The VGR 992 comes with three guide combs (1mm, 2mm, 3mm) to easily achieve different hair lengths and styles, including gradient hairstyles.

### Trimming Tips

- For best results, use the trimmer on clean, dry hair.
- Always trim against the direction of hair growth for a cleaner cut.
- Use light, even pressure and smooth strokes.
- For detailing and outlining, remove the guide comb and use the T-blade directly.

### MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your VGR 992 trimmer.

### Cleaning the Blades

1. Turn off the trimmer and unplug it from the charging dock/cable.
2. Use the provided cleaning brush to remove any loose hair or debris from the blades and the trimmer head.
3. For a more thorough clean, the blades can be rinsed under running water. Ensure the trimmer body does not get wet. Dry the blades completely before reattaching or storing.

## Oiling the Blades

1. After cleaning and drying the blades, apply 1-2 drops of the provided lubricating oil evenly across the blade teeth.
2. Turn the trimmer on for a few seconds to allow the oil to distribute.
3. Wipe off any excess oil with a soft cloth. Oiling regularly helps maintain blade sharpness and smooth operation.

## Storage

- Store the trimmer in a cool, dry place, away from direct sunlight and moisture.
- Always attach the protective cap to the blade when not in use to prevent damage.

## TROUBLESHOOTING

If you encounter any issues with your VGR 992 trimmer, please refer to the table below for common problems and their solutions.

Problem	Possible Cause	Solution
Trimmer does not turn on.	Low battery or not charged.	Charge the trimmer fully (approx. 2.5 hours).
Blades pulling hair or cutting poorly.	Blades are dull, dirty, or not oiled.	Clean and oil the blades. If problem persists, consider professional sharpening or replacement.
Trimmer makes unusual noise.	Blades are not properly aligned or debris is caught.	Turn off and clean blades. Check for proper alignment.
Short battery life.	Battery not fully charged or aging battery.	Ensure full charge cycle. If battery life significantly degrades, contact support.
