Zerodis Stainless Steel Cat Water Fountain 3.5L User Manual

Model: Zerodisqw2u7n4kvf

INTRODUCTION

Thank you for choosing the Zerodis Stainless Steel Cat Water Fountain. This automatic circulating pet drinking fountain is designed to provide a continuous supply of fresh, filtered water for your cats, dogs, and other small pets. Constructed from durable 304 stainless steel, it ensures a safe and clean drinking source. Its quiet operation and large 3.5L capacity make it a convenient and reliable choice for pet hydration.

PRODUCT COMPONENTS

Before assembly, please ensure all components listed below are present in your package:

- 1 x Stainless Steel Fountain Body
- 1 x Wired Pump
- 1 x Water Tap (Spout)
- 1 x Stainless Steel Lid
- 1 x Filter Cotton
- 1 x Filter Core
- 1 x User Manual (this document)

SETUP INSTRUCTIONS

Follow these steps to set up your Zerodis Cat Water Fountain:

1. **Clean All Components:** Before first use, thoroughly wash the stainless steel fountain body, lid, water tap, and filter housing with mild soap and water. Rinse all parts completely to remove any residue.
2. **Assemble the Pump:** Insert the wired pump into its designated slot at the bottom of the fountain body. Ensure it is securely placed.
3. **Install the Filter:** Place the filter cotton and filter core into the filter housing. Position the assembled filter unit over the pump.
4. **Fill with Water:** Fill the stainless steel fountain body with clean drinking water up to the maximum fill line. Do not overfill.

5. **Place the Lid and Tap:** Place the stainless steel lid onto the fountain body. Insert the water tap (spout) into the opening on the lid, ensuring it connects properly to the pump outlet.
6. **Connect Power:** Place the assembled fountain on a stable, level surface. Plug the wired pump into a standard electrical outlet. The fountain should begin circulating water immediately.

OPERATING INSTRUCTIONS

The Zerodis Cat Water Fountain is designed for continuous, automatic operation:

- **Automatic Circulation:** Once plugged in, the fountain will continuously circulate water, keeping it fresh and oxygenated for your pets.
- **Quiet Operation:** The pump is designed to operate quietly, minimizing disturbance to you and your pets. Ensure the water level is always above the pump to maintain quiet operation.
- **Water Level Monitoring:** Regularly check the water level. Refill the fountain when the water level is low to prevent the pump from running dry, which can shorten its lifespan and increase noise.

Automatic circulation of water flow to keep the water fresh and clean

Quiet operation, no noise to disturb you

MAINTENANCE INSTRUCTIONS

Regular cleaning and maintenance are crucial for the longevity and hygiene of your pet's water fountain:

- **Daily Checks:** Check the water level daily and top up as needed.
- **Weekly Cleaning:** Disassemble the fountain completely. Wash all stainless steel components with mild soap and water. Rinse thoroughly. The stainless steel parts are also suitable for dishwasher cleaning.
- **Pump Cleaning:** Clean the pump at least once a week. Disconnect the power, remove the pump, and open its casing to clean the impeller and remove any hair or debris.
- **Filter Replacement:** Replace the filter cotton and filter core every 2-4 weeks, or more frequently if you have multiple pets or notice reduced water flow/quality.

Stainless steel pet water dispenser is more practical for dishwashers

TROUBLESHOOTING

If you encounter issues with your Zerodis Cat Water Fountain, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fountain not dispensing water	No power; pump blocked; water level too low	Check power connection; clean pump and impeller; refill water to appropriate level
Weak water flow	Clogged filter; dirty pump; debris in water tap	Replace filter; clean pump thoroughly; clean water tap
Excessive noise from fountain	Low water level; dirty pump; pump not properly seated	Refill water; clean pump and impeller; ensure pump is securely placed in its slot
Water appears dirty or cloudy	Filter needs replacement; fountain needs cleaning	Replace filter; thoroughly clean all fountain components

SPECIFICATIONS

- **Item Type:** Cat Water Fountain
- **Material:** 304 Stainless Steel
- **Capacity:** 3.5 Liters
- **Dimensions:** Approx. 17.8 x 10 cm (7.01 x 3.94 inches)
- **Item Weight:** 1.93 pounds
- **Model Name:** Zerodisqw2u7n4kvf
- **Manufacturer:** Zerodis
