Fanbulous F-CN56BK-1D01

Fanbulous 56 Inch Ceiling Fan with Lights and Remote User Manual

Model: F-CN56BK-1D01

1. SAFETY INFORMATION

Please read all instructions carefully before installation and use. Retain this manual for future reference. Ensure all electrical connections are made in accordance with local codes and ordinances. Disconnect power at the circuit breaker before installation or servicing. This product is suitable for indoor or covered outdoor use. Do not use in direct exposure to water.

2. PACKAGE CONTENTS

Verify that all components are present before beginning installation. If any parts are missing or damaged, contact customer support.

Image: All components included in the package, such as mounting bracket, receiver, canopy cover, magnetic deco cover, downrods, coupling cover, lampshade, LED board, fan blades, and fan motor host.

- 1 x Mounting Bracket
- 1 x Receiver
- 1 x Canopy Cover
- 1 x Magnetic Deco Cover
- 2 x Downrods (5 inch and 10 inch)
- 1 x Coupling Cover
- 1 x Lampshade
- 1 x LED Board
- 6 x Fan Blades (2 colors in one blade: Black and Walnut)
- 1 x Fan Motor Host
- 1 x Remote Control (with 2 AAA batteries)

3. SETUP & INSTALLATION

Follow these steps for proper assembly and installation of your ceiling fan. Professional installation is recommended for electrical wiring.

3.1 Product Dimensions

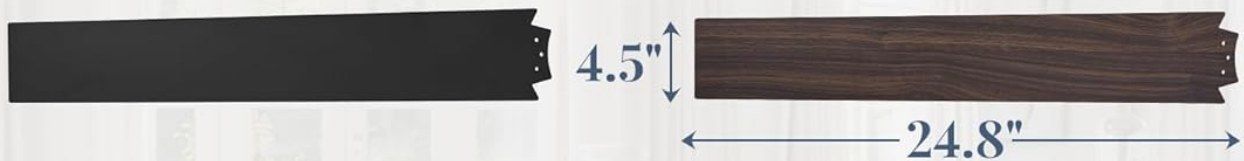

Fanbulous

56 Inch Ceiling Fan with Light

Product Dimension

2 Colors in One Blade

Great Room: 15 FT. X 15 FT.

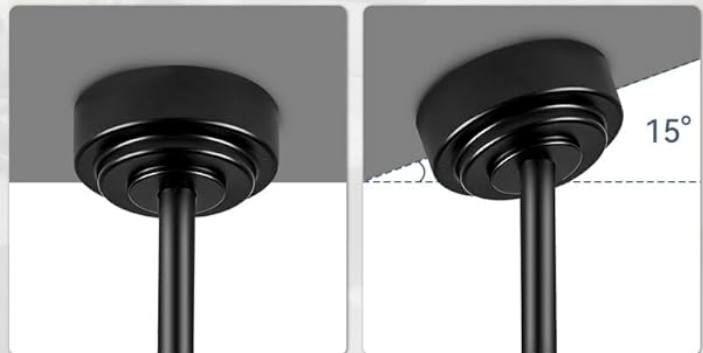

Image: Detailed dimensions of the Fanbulous 56 Inch Ceiling Fan, illustrating the 56-inch span, 11.4-inch or 16.4-inch total height with different downrods, and blade measurements. Suitable for rooms approximately 15 ft x 15 ft, and compatible with sloped ceilings up to 15 degrees.

3.2 Installation Guide Video

Video: A comprehensive installation guide for the Fanbulous 60 Inch Ceiling Fan with Lights and Remote. This video demonstrates the step-by-step assembly of the fan blades, downrod, and electrical wiring, concluding with the final

installation of the lampshade and canopy. The process shown is applicable to the 56-inch model.

1. **Unboxing:** Carefully remove all components from the packaging.
2. **Blade Assembly:** Attach the fan blades to the motor housing. Note that blades are reversible with black and walnut finishes.
3. **Downrod Preparation:** Install the canopy cover, magnetic deco cover, and coupling cover onto the chosen downrod (5-inch or 10-inch). Thread the wires through the downrod.
4. **Downrod Attachment:** Insert the downrod pin and secure it with the downrod clip, then tighten the screw.
5. **Mounting Bracket Installation:** Secure the ceiling fan bracket to the ceiling junction box.
6. **Hanging the Fan:** Carefully hang the assembled fan motor onto the ceiling bracket.
7. **Wiring:** Connect the electrical wires (live, neutral, and ground) from the ceiling to the fan's receiver and motor, ensuring secure connections with wire nuts.
8. **Canopy Installation:** Install and fix the canopy to cover the wiring and mounting bracket.
9. **Lampshade Installation:** Connect the LED board and fix the lampshade to the fan body.

4. OPERATING INSTRUCTIONS

Your Fanbulous ceiling fan offers multiple control options for personalized comfort.

4.1 Remote Control & App Control

Image: The remote control features buttons for 'All Off', 'On/Off' for light, fan speed settings (1-6), forward/reverse (F/R), and timer functions (1H/4H/8H). The image also displays a smartphone app interface, 'Fanlamp Pro', available on Google Play and Apple Store, for controlling the fan.

- **Power On/Off:** Use the 'ALL OFF' button on the remote to turn off both the fan and light.
- **Fan Speed:** Select from 6 different fan speeds (1-6) using the remote or app.
- **Light Control:** Turn the light 'ON/OFF' and adjust brightness (10%-100% dimming) and color temperature (3000K/4500K/6000K) via the remote or app.
- **Reversible Motor:** Use the 'F/R' button on the remote to switch between downdraft mode for cooling in

summer and updraft mode for circulating warm air in winter.

- **Timer Function:** Set the fan to automatically turn off after 1, 4, or 8 hours using the remote.

4.2 Fan Speed Settings

Image: The fan offers 6 speed settings: 1-2 for soft wind (suitable for sleeping), 3-4 for natural wind (suitable for working), and 5-6 for cool wind (suitable for sport/high airflow needs).

4.3 Light Temperature and Dimming

Fanbulous

3-Color Temperature & Dimmable

Meet your needs in different scenarios

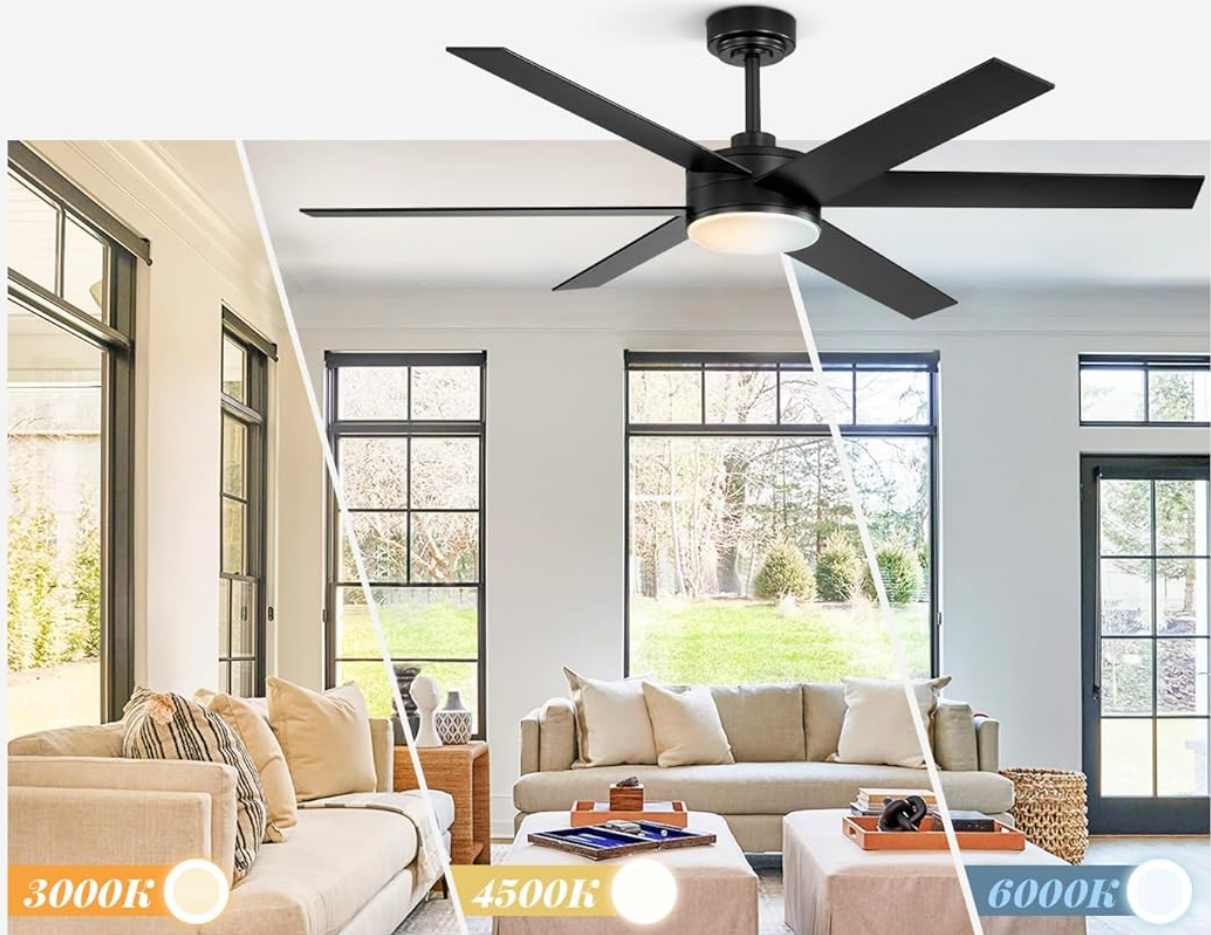

Image: The fan light offers three color temperature settings: 3000K (warm white), 4500K (neutral white), and 6000K (cool white). The light is also steplessly dimmable from 10% to 100% brightness.

4.4 Reversible Airflow

6-Speed Reversible

Cool in summer, Warm in winter

Image: The 6-speed reversible DC motor allows for seasonal use. In summer, the fan operates in forward mode to create a cooling downdraft. In winter, it operates in reverse mode to circulate warm air upwards, helping to distribute heat evenly.

5. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Fanbulous ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Check fan blades for any cracks or damage. Ensure all blade screws are tight.
- **Dust Removal:** Use a soft brush or vacuum cleaner to remove dust from the motor vents to prevent overheating.
- **Light Source:** The LED light source is integrated and generally does not require replacement. If issues arise, contact customer support.

6. TROUBLESHOOTING

If you encounter any issues with your Fanbulous ceiling fan, refer to the following common problems and solutions:

- **Fan Not Operating:** Check power supply at the circuit breaker. Ensure all wiring connections are secure. Verify remote control batteries are functional.
- **Light Not Working:** Check power supply. Ensure light connections are secure. If the light is dimmable, verify the dimming function is not set to minimum.
- **Excessive Noise:** Ensure all screws on the motor housing and blade attachments are tightened. Check that the fan blades are balanced.
- **Wobbling:** Verify the mounting bracket is securely installed and all downrod connections are tight. Ensure blades are properly installed and balanced.
- **Remote Control Issues:** Replace batteries. Ensure there are no obstructions between the remote and the fan receiver. Re-pair the remote if necessary (refer to remote pairing instructions, usually involving a 'PAIRCODE' button).

For persistent issues, please contact customer support.

7. PRODUCT SPECIFICATIONS

Feature	Specification
Brand	Fanbulous
Model Name	F-CN56BK-1D01
Size	56 Inch
Color	Black (Blades are Black and Walnut reversible)
Material	Metal, Plastic
Power Source	DC
Fan Speeds	6
Light Source Type	LED
Light Color Temperature	3000K-6000K Adjustable
Dimmable	10%-100%
Control Method	App, Remote
Timer Function	1H/4H/8H

Indoor/Outdoor Usage	Indoor or Covered Outdoor
Item Weight	14.82 pounds
Product Dimensions	25.31"L x 11.93"W x 7.2"H

8. WARRANTY AND SUPPORT

Fanbulous provides a **2-year after-sales support** for this product. If you encounter any problems during purchase, installation, or operation, please contact our customer service team for assistance. We are committed to working with you to resolve any issues.
