2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tip Device:** This dresser includes an anti-collapse design (anti-tip kit) to prevent accidental tipping. It is crucial to install this device securely to a wall stud as instructed during assembly. This measure significantly reduces the risk of injury, especially to children and pets.
- **Weight Distribution:** Distribute weight evenly across drawers and on the top surface. Avoid placing heavy items on the top edge of open drawers, as this can cause instability.
- **Drawer Usage:** Do not open more than one drawer at a time. Opening multiple drawers simultaneously can shift the dresser's center of gravity and increase the risk of tipping.
- **Assembly:** Assemble the dresser on a soft, clean surface to prevent scratches. Ensure all fasteners are tightened securely before use. Periodically check and re-tighten fasteners as needed.

- **Children:** Do not allow children to climb on or play with the dresser. Keep small parts and assembly hardware out of reach of children.
