SAFETY INFORMATION

Please observe the following safety guidelines to ensure safe use and prevent damage:

- Always follow the assembly instructions carefully to avoid injury.
- Keep electrical components away from water and never leave them unattended while in use.
- Do not exceed the weight limit of the vanity to prevent damage or injury.
- For any safety concerns, please contact the seller.

PACKAGE CONTENTS

The vanity set is delivered in one package and includes all necessary parts, detailed instructions, and tools for assembly. Before beginning assembly, verify that all components are present and undamaged. Refer to the parts list in your included instruction booklet.

ASSEMBLY INSTRUCTIONS

Assembly of the Yanosaku Vanity Desk requires careful attention to detail. It is recommended to follow each step in the provided instruction manual. All parts are numbered for easy identification.

1. **Unpack and Organize:** Lay out all components on a clean, soft surface to prevent scratches. Group similar parts and hardware together.
2. **Assemble Base Units:** Begin by assembling the side drawer units and the central desk frame according to the numbered steps. Ensure all screws and fasteners are tightened securely.
3. **Install Drawer Slides:** Attach the drawer slides to the internal panels of the drawer units. Pay attention to the orientation of the slides.
4. **Construct Drawers:** Assemble each of the 11 drawers. Insert the drawer bottoms and attach the front panels.
5. **Integrate Mirror and Shelves:** Attach the mirror frame with the LED lights and the side shelves to the main desk structure. Connect the wiring for the LED lights as instructed.
6. **Install Power Outlet:** Secure the charging station unit into its designated slot on the desk.
7. **Attach Fold-up Panel:** Install the foldable side panel mechanism.
8. **Final Touches:** Insert the assembled drawers into their slides. Attach all drawer knobs/pulls. Place the vanity chair.

OPERATING INSTRUCTIONS

LED Lighting System

The vanity mirror features 12 LED bulbs with 3 color modes and adjustable brightness:

- **Power On/Off:** Locate the touch sensor on the mirror surface to turn the lights on or off.
- **Change Color Mode:** Short press the touch sensor to cycle through the three color modes: warm, natural, and cool.
- **Adjust Brightness:** Long press the touch sensor to increase or decrease the brightness of the lights. Release when the desired brightness is achieved.

Charging Station

The built-in charging station provides convenient power access:

- **AC Outlets:** Plug in your hair dryer, curling iron, or other standard electrical appliances into the 2 standard 125V/12A outlets.
- **USB Ports:** Connect your mobile phone, tablet, or other USB-powered devices to the 2 USB 5V/2A ports for charging.
- Ensure the vanity is properly plugged into a wall outlet for the charging station to function.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the vanity surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish. For the glass tabletop and mirror, use a glass cleaner.
- **LED Bulbs:** The LED bulbs are designed for long-lasting use. If a bulb needs replacement, contact customer support for compatible replacements.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If needed, clean any dust or debris from the slides.
- **Electrical Components:** Ensure all electrical connections are secure. Do not attempt to repair the charging station or LED system yourself. Contact qualified personnel if issues arise.

TROUBLESHOOTING

- **Lights Not Working:**
 - Check if the vanity is properly plugged into a working power outlet.
 - Ensure the power switch for the lights is in the 'on' position.
 - If individual bulbs are out, contact customer support for assistance.
- **Charging Station Not Functioning:**
 - Verify the main power cord of the vanity is securely plugged in.
 - Test the outlets with another device to confirm they are receiving power.
- **Drawers Sticking or Not Sliding Smoothly:**
 - Ensure the drawer slides are correctly installed and aligned.
 - Check for any obstructions or debris in the drawer slides.
 - Verify that the drawer contents are not overloaded or unevenly distributed.
