MEETWARM 61" Round Dining Table W/ Lazy Susan

MEETWARM Outdoor 61" Round Patio Dining Table with Detachable Lazy Susan Instruction Manual

INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your MEETWARM Outdoor 61" Round Patio Dining Table with Detachable Lazy Susan. Please read these instructions carefully before assembly and use to ensure safe and proper functionality of the product.

SAFETY INFORMATION

Please observe the following safety guidelines:

- Ensure the table is stable and level on all surfaces.
- Do not exceed the maximum weight capacity of **200 lbs** on the tabletop.
- Use the adjustable levelers on each leg to compensate for uneven surfaces.
- Keep fingers clear of the rotating parts of the lazy susan during operation to prevent injury.
- Always use caution when moving the table. It is recommended to have two people for relocation.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x 61" Round Dining Table
- 1 x 35.4" Detachable Lazy Susan
- Assembly Hardware (bolts, washers, nuts)
- Assembly Tool (wrench)
- Assembly Instructions (this manual)

The table and lazy susan are shipped in two separate boxes.

SETUP AND ASSEMBLY

Assembly is required for this product. Please follow the steps below. A screwdriver may be needed in addition to the included tool.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches.
2. **Assemble Table Base:** Attach the table legs to the central support structure using the provided hardware. Do not fully tighten bolts until all components are aligned.
3. **Attach Tabletop:** Secure the tabletop to the assembled base. Ensure all holes align correctly before gently tightening all bolts.
4. **Adjust Levelers:** Once the table is upright, adjust the levelers on the bottom of each leg to ensure the table is stable and does not wobble on uneven surfaces.
5. **Place Lazy Susan:** The lazy susan is a one-piece construction and does not require additional assembly. Simply place it in the center of the dining table. It can be removed at any time to use the table as a standard dining surface.

OPERATING INSTRUCTIONS

Using the Detachable Lazy Susan

The 35.4-inch lazy susan is designed for convenient sharing of food and drinks. It features a steel bearing system for smooth 360-degree rotation and anti-slip pads on its base for stability.

- To rotate, gently push the edge of the lazy susan in the desired direction.
- The lazy susan can be easily lifted off the table for cleaning or if you prefer to use the table without it.
- Ensure items placed on the lazy susan do not exceed its **200 lbs** load capacity.

Using the Umbrella Hole

The table features a 2-inch diameter umbrella hole in the center, allowing you to add a patio umbrella (not included) for shade.

- Insert the umbrella pole through the hole in the lazy susan (if installed) and then into the table's umbrella hole.
- Ensure the umbrella base (not included) is stable and properly weighted to prevent tipping.

Fits a Patio Umbrella

The umbrella hole in the center of the tabletop fits well to most patio umbrellas (not included) so you can relax in the shade.

Note: Chairs, umbrella and umbrella stand are not included

MAINTENANCE

Your MEETWARM patio dining table is constructed from durable cast aluminum with a rust-resistant powder-coated surface, designed for all-weather outdoor use. Proper care will extend its lifespan.

- **Cleaning:** Clean the table and lazy susan with a wet cloth and mild soap. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Rust Prevention:** The powder-coated cast aluminum is designed to be rust-resistant. However, regular cleaning and inspection for any damage to the coating can help maintain its integrity.
- **Storage:** While designed for all-weather use, covering the table during extreme weather conditions or prolonged periods of non-use can further protect it.

TROUBLESHOOTING

If you encounter any issues with your dining table, refer to the following common solutions:

Problem	Possible Cause	Solution
Table wobbles	Uneven surface or loose leg bolts.	Adjust the leg levelers until stable. Check and tighten all assembly bolts.
Lazy Susan does not rotate smoothly	Debris in bearing mechanism or uneven placement.	Remove lazy susan and clean the bearing area. Ensure it is placed centrally on the table.
Difficulty inserting umbrella	Obstruction in umbrella hole.	Check for any debris in the umbrella hole. Ensure the umbrella pole diameter is 2 inches or less.
