TROUBLESHOOTING TIPS

General Usage

- Ensure your car supports OEM wired CarPlay and has a touchscreen.
- The AI Box is not compatible with cars that have OEM wireless CarPlay.
- A Wi-Fi connection or mobile hotspot is required to use the built-in video apps.
- The built-in video apps only support Netflix, YouTube, TikTok, Prime Video, and Disney+. Other apps cannot be downloaded.
- Avoid opening multiple apps while streaming videos to prevent playback delays.

OTA Update Issues

- Before starting an OTA upgrade, ensure the device is connected to Wi-Fi or your phone's hotspot.
- The OTA upgrade typically takes about 10 minutes and restarts automatically upon completion.
- During the OTA update, do not turn off your vehicle or unplug the USB cable, as this may cause the product to stop working.
- If the OTA update fails, try using a different USB cable or switching to another USB port on your car's infotainment system.
