Bajaj 410635

Bajaj Armor Series QuadraMax 1000W Mixer Grinder

Model: 410635

Important Safety Instructions

Please read all instructions carefully before using the appliance. Retain this manual for future reference.

- Always ensure the appliance is unplugged from the power outlet before cleaning, assembling, or disassembling parts.
- Do not immerse the motor unit in water or any other liquid. Clean with a damp cloth only.
- Keep hands and utensils out of the jar while blending to prevent serious injury and damage to the appliance.
- Ensure the lid is securely locked in place before operating the mixer grinder.
- Do not operate the appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- This appliance is for household use only. Do not use outdoors.
- Supervise children closely when the appliance is in use.
- Avoid contact with moving parts.

Product Overview and Components

The Bajaj Armor Series QuadraMax Mixer Grinder is a powerful kitchen appliance designed for efficient grinding, blending, and juicing. It comes with four specialized jars to cater to various culinary needs.

Image: The Bajaj Armor Series QuadraMax Mixer Grinder base unit with the liquidizing jar, grinding jar, chutney jar, and blender jar, showcasing the complete set.

Included Components:

- Mixer Base Unit: 1N
- Liquidizing Jar (1.5L): 1N with Lid
- Grinding Jar (1.0L): 1N with Lid
- Chutney Jar (0.4L): 1N with Lid and Flexi-Lid
- Blender Jar (1.5L): 1N with Lid, Fruit Filter, and Lid Cap
- Instruction Manual: 1N
- Warranty Card: 1N

Key Features:

- **Powerful 1000W Titan Motor:** Ensures efficient and quick processing of ingredients.
- **Military Grade Jars:** Durable stainless steel jars designed for heavy-duty use.
- **DuraCut Blades:** High-performance blades for superior grinding and blending.
- **MetaGrip Metal Coupler:** Provides a secure and long-lasting connection between the jar and the motor.
- **Flexi-Lid in Chutney Jar:** Allows for precise mincing of small batches (0.5L to 0.2L).
- **2-in-1 Function Blade:** Versatile blade in the dry jar for various grinding needs.
- **PC Lids and Handles:** Polycarbonate lids and sturdy handles on all jars for convenience and durability.

Setup

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Initial Cleaning:** Before first use, wash all jars, lids, and blades (except the motor unit) with mild soap and water. Rinse thoroughly and dry completely. Wipe the motor unit with a damp cloth.
3. **Placement:** Place the mixer grinder base unit on a stable, flat, and dry surface, away from heat sources and direct sunlight. Ensure there is adequate ventilation around the unit.
4. **Power Connection:** Ensure the power switch is in the 'OFF' position before plugging the appliance into a 230V AC power outlet.

Operating Instructions

Follow these steps for safe and effective operation of your mixer grinder.

General Operation:

1. Prepare your ingredients and place them into the appropriate jar. Do not overfill the jar; ensure ingredients are below the maximum fill line.
2. Securely place the lid on the jar. Ensure the lid is properly seated and locked.
3. Place the jar onto the motor unit, aligning the couplers. Twist the jar gently until it locks into place.
4. Plug the appliance into a suitable power outlet.
5. Turn the knob to the desired speed setting (1, 2, or 3) or use the 'Pulse' function for short bursts.
6. After processing, turn the knob to the 'OFF' position and unplug the appliance.
7. Wait for the blades to stop completely before removing the jar and lid.

Specific Jar Usage:

- **Liquidizing Jar (1.5L):** Ideal for making milkshakes, lassis, purees, and blending wet ingredients. Use the fruit filter for juicing.
- **Grinding Jar (1.0L):** Suitable for dry grinding spices, coffee beans, rice, and wet grinding batters like dosa or idli batter.
- **Chutney Jar (0.4L):** Perfect for preparing small quantities of chutneys, pastes, and grinding small amounts of dry spices. Use the Flexi-Lid for very small batches.
- **Blender Jar (1.5L):** Designed for blending larger quantities of liquids and soft ingredients.

Maintenance and Cleaning

Regular cleaning and maintenance will ensure the longevity and optimal performance of your mixer grinder.

1. **Always Unplug:** Before cleaning, ensure the appliance is unplugged from the power supply.
2. **Cleaning Jars and Lids:** Wash jars, lids, and blades immediately after use to prevent food from drying on. Use

warm soapy water and a non-abrasive sponge. Rinse thoroughly and dry completely before storing. Be cautious when handling blades as they are sharp.

3. **Cleaning Motor Unit:** Wipe the motor unit with a soft, damp cloth. Do not use abrasive cleaners or immerse the motor unit in water.
4. **Storage:** Store the mixer grinder and its accessories in a clean, dry place.

Troubleshooting

If you encounter any issues with your mixer grinder, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not start.	Not plugged in; Power outage; Jar not properly locked; Overload protector activated.	Check power connection; Check household fuse/breaker; Ensure jar is securely locked; Reduce load and wait 2-3 minutes for motor to cool before restarting.
Motor makes unusual noise.	Jar not properly seated; Overloading; Dry running.	Re-seat the jar; Reduce ingredients; Add some liquid if processing dry ingredients for too long.
Leakage from jar.	Lid not properly closed; Gasket not in place or damaged; Overfilling.	Ensure lid is tightly closed; Check and adjust gasket; Do not overfill the jar.
Ineffective grinding/blending.	Insufficient liquid; Blades are dull or damaged; Incorrect jar used.	Add more liquid; Contact customer service for blade replacement; Use the appropriate jar for the task.

If the problem persists after trying these solutions, please contact Bajaj customer support.

Specifications

Attribute	Value
Brand	Bajaj
Model Number	410635
Colour	Black/Chocolate
Product Dimensions (D x W x H)	25D x 25W x 22H Centimeters
Item Weight	4 kg 820 g
Motor Wattage	1000W

Attribute	Value
Voltage	230 Volts
Number of Speeds	3
Controls Type	Knob
Manufacture Year	2024
