PURPLE LEAF 10' x 12' Standard Size

PURPLE LEAF 10' x 12' Hardtop Gazebo Instruction Manual

Model: 10' x 12' Standard Size

1. PRODUCT OVERVIEW

The PURPLE LEAF 10' x 12' Hardtop Gazebo is designed to provide a durable and comfortable outdoor living space. It features a galvanized steel double roof, a white aluminum frame, and includes curtains and netting for enhanced functionality.

Key Features:

- **Galvanized Steel Hardtop Roof:** Rust-proof and sun-resistant, designed to withstand wind and snow loads.
- **White Aluminum Frame:** High-quality, white-coated aluminum frame with 3.9" thick posts for durable and stable support.
- **Curtains and Netting:** Equipped with 180G/M² PU fire-retardant curtains for sun blocking and black mesh netting for insect protection.
- **Double-Layer Roof Design:** Enhances ventilation and provides effective shade. The sloped roof facilitates rainwater drainage.
- **Spacious Dimensions:** Measures 10'x12', offering ample room for patio furniture and outdoor entertaining.
- **Integrated Hooks:** Three hooks inside the gazebo support up to 20 lbs each for hanging lights or fans.

2. SAFETY INFORMATION

WARNING: Always assemble and secure the gazebo to a stable foundation. Follow all assembly instructions carefully. Do not use in high winds or during severe weather conditions. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all parts are present and undamaged before beginning assembly.
- Use appropriate safety gear during assembly, such as gloves and eye protection.
- Assembly typically requires two or more people.
- Do not climb on the gazebo structure.
- Regularly inspect the gazebo for loose connections or damage.

3. SETUP AND ASSEMBLY

Detailed step-by-step assembly instructions are provided in the separate assembly manual included with your

product. Please refer to that manual for specific diagrams and hardware identification.

General Assembly Tips:

- Lay out all components and organize hardware before starting. Many parts are labeled with alphabetical stickers, and hardware bags are numbered.
- Ensure you have a level and stable surface for assembly.
- The roof framing assembly may require at least three people and multiple ladders for safety and ease.
- A powered screwdriver is highly recommended for efficiency.
- Do not overtighten screws during initial assembly; tighten fully once sections are aligned.

4. OPERATING INSTRUCTIONS

Curtains and Netting:

The gazebo is equipped with both privacy curtains and insect netting. These can be operated independently to suit your needs.

- **Fully Open:** Tie back both curtains and netting to enjoy an optimal outdoor view and maximum airflow.
- **Semi-Open:** Close the netting to keep insects out while allowing air circulation. Tie back the curtains for partial privacy or shade.
- **Fully Closed:** Close both the curtains and netting for complete privacy, sun protection, and wind reduction.

5. MAINTENANCE

Regular maintenance will extend the life and appearance of your gazebo.

- **Cleaning the Frame:** Wipe the aluminum frame with a soft cloth and mild soap and water. Rinse thoroughly and dry to prevent water spots. Avoid abrasive cleaners.
- **Cleaning the Roof:** Periodically clean the galvanized steel roof to remove leaves, debris, and dirt. Use a soft

brush or cloth and water.

- **Curtains and Netting:** Curtains and netting can be spot cleaned with mild soap and water. For deeper cleaning, follow care instructions on the fabric tags. Ensure they are completely dry before storing or closing for extended periods to prevent mildew.
- **Hardware Inspection:** Annually check all bolts and screws to ensure they are tight. Re-tighten as necessary.
- **Winter Care:** In areas with heavy snow, it is recommended to remove accumulated snow from the roof to prevent structural damage. Consider disassembling and storing the curtains and netting indoors during winter months.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your gazebo.

Problem	Possible Cause	Solution
Water accumulation on roof	Debris blocking drainage, or improper roof panel installation.	Clear any debris from the roof and drainage channels. Verify roof panels are correctly installed and sealed according to the assembly manual.
Gazebo feels unstable	Loose connections, uneven ground, or inadequate anchoring.	Check and tighten all bolts and screws. Ensure the gazebo is installed on a level surface. Use appropriate anchoring hardware (not always included) to secure the gazebo to the ground.
Curtains/Netting do not slide smoothly	Dirt or debris in the tracks, or damaged runners.	Clean the curtain and netting tracks. Inspect runners for damage and replace if necessary.
Missing parts during assembly	Packaging error or lost during unpacking.	Carefully check all packaging materials. Contact PURPLE LEAF customer support with the part number from the assembly manual for assistance.
