## hauck Highchair Baby Seat

Made to care,  
designed for love

# hauck Highchair Baby Seat Instruction Manual

Model: Highchair Baby Seat (ASIN: B0CTKNXD29)

## INTRODUCTION

The hauck Highchair Baby Seat is designed to provide stable and secure support for your child in hauck Alpha+, Beta+, and Arketa wooden highchairs. This seat reducer is ideal for babies from 6 to 24 months who are beginning to sit independently, ensuring comfort and proper posture during meals and playtime.

- **Safety and Stability from 6 Months:** The Highchair Baby Seat offers stable support in hauck Alpha+, Beta+, or Arketa highchairs, ideal when the child begins to sit alone.
- **Grows with Your Child:** Thanks to the width adjustment from 24 to 27.5 cm, the seat reducer perfectly adapts to the child's body, ensuring comfort and safety between 6 and 24 months.
- **Ergonomic Support for Correct Posture:** The high backrest and adjustable front bar promote a healthy and safe sitting position during meals and playtime.
- **Compatible with 5-Point Harness:** The reducer is designed to be used with the 5-point harness system of hauck wooden highchairs, for complete protection during every use.

HIGHCHAIR  
BABY SEAT

The hauck Highchair Baby Seat, designed for children from 6 months, compatible with Alpha, Beta, and Arketa highchairs.

## SETUP AND INSTALLATION

---

The hauck Highchair Baby Seat is designed for quick and easy installation without the need for tools. Follow these steps to correctly install the seat reducer on your compatible hauck highchair.

1. **Prepare the Highchair:** Ensure your hauck Alpha+, Beta+, or Arketa highchair is clean and stable.
2. **Position the Seat Reducer:** Place the Highchair Baby Seat into the highchair's seating area. The ergonomic backrest should align with the highchair's backrest.
3. **Adjust Width (if necessary):** The seat reducer features adjustable width from 24 to 27.5 cm. Gently push or pull the sides to achieve the desired fit for your child.
4. **Secure the Reducer:** The reducer is designed to fit snugly within the highchair. No additional tools are required for attachment.
5. **Integrate 5-Point Harness:** If your highchair has a 5-point harness system, ensure the reducer is compatible and allows for proper threading and securing of the harness. This provides maximum safety.

The seat reducer is easy to assemble on the hauck wooden highchair without tools.

## OPERATING INSTRUCTIONS

---

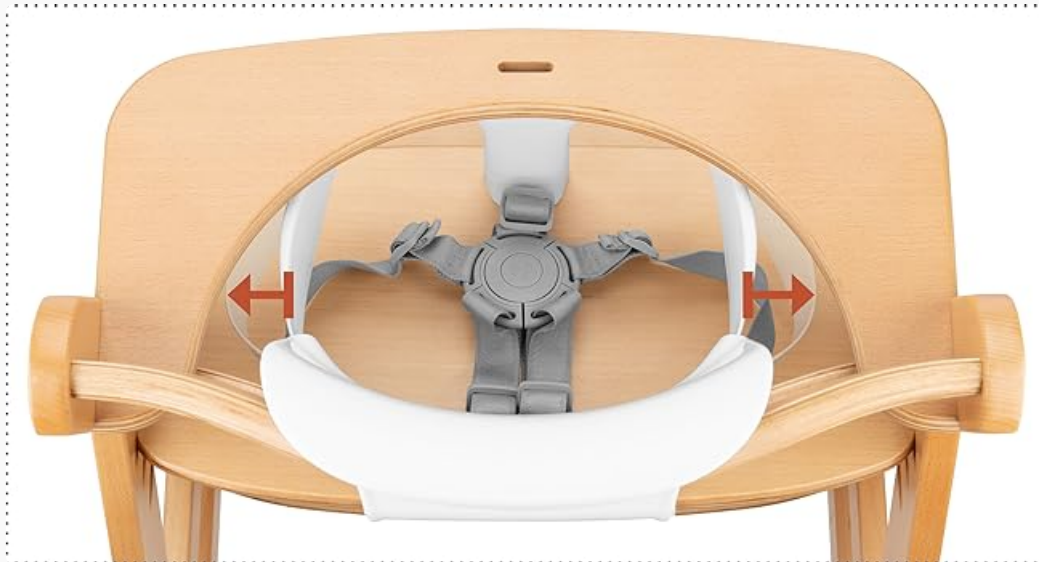

The hauck Highchair Baby Seat provides a comfortable and secure environment for your child during various activities. Ensure your child is always supervised while using the highchair and seat reducer.

- **Seating Your Child:** Gently place your child into the seat reducer. The ergonomic design supports their back and promotes a correct sitting posture.
- **Adjusting for Comfort:** The adjustable width feature allows you to customize the fit as your child grows, ensuring they are always snug and secure. This adjustment is typically done by gently pushing or pulling the sides of the reducer to expand or narrow the seating area.
- **Using the 5-Point Harness:** Always use the highchair's 5-point harness system in conjunction with the seat reducer. Thread the harness straps through the designated slots in the reducer and fasten them securely. This prevents your child from climbing out or falling.

- **Mealtime and Playtime:** The stable and supportive design makes it ideal for mealtime, allowing your child to participate at the family table. It also provides a safe space for playtime with toys.

The ergonomic and stable baby seat supports the child as they learn to sit.

The hauck highchair seat reducer features adjustable width to adapt to your growing child.

The baby seat is compatible with a 5-point harness for maximum safety in hauck wooden highchairs.

## MAINTENANCE AND CARE

---

To ensure the longevity and hygiene of your hauck Highchair Baby Seat, regular cleaning is recommended.

- **Cleaning:** The seat reducer is made of durable plastic, making it easy to wipe clean. Use a damp cloth with mild soap and water to clean all surfaces. Avoid abrasive cleaners or harsh chemicals that could damage the material.
- **Drying:** After cleaning, wipe the seat reducer dry with a clean, soft cloth. Ensure it is completely dry before re-installing or storing.
- **Storage:** Store the seat reducer in a clean, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

## TROUBLESHOOTING

---

If you encounter any issues with your hauck Highchair Baby Seat, please refer to the following common solutions:

- **Seat feels loose:** Ensure the seat reducer is correctly positioned and fully inserted into the highchair. Check that the highchair itself is assembled correctly and all fasteners are tight.
- **Difficulty with harness:** Verify that the 5-point harness straps are correctly threaded through the reducer's slots and that the buckle is functioning properly. Refer to your highchair's manual for specific harness instructions.
- **Child seems uncomfortable:** Adjust the width of the seat reducer to provide a snug yet comfortable fit for your child. Ensure their clothing is not bunched up and they are seated upright.

If the problem persists, please contact hauck customer support for further assistance.
