CIRCLE JOY 2-Speed Electric Salt and Pepper Grinder Set User Manual

Model: KYMQ-S32C-HO52

INTRODUCTION

Thank you for choosing the CIRCLE JOY 2-Speed Electric Salt and Pepper Grinder Set. This manual provides essential information for the safe and efficient use, setup, operation, and maintenance of your new appliance. Please read it thoroughly before first use and retain it for future reference.

IMPORTANT SAFETY INFORMATION

- Keep out of reach of children.
- Do not immerse the motor unit in water or other liquids.
- Use only with the provided charging base and USB cable.
- Do not attempt to disassemble or repair the unit yourself. Contact customer support if service is required.
- Avoid contact with moving parts during operation.
- Ensure the grinder is empty and clean before storing for extended periods.

PRODUCT OVERVIEW

The CIRCLE JOY Electric Salt and Pepper Grinder Set offers convenient, one-handed seasoning with adjustable coarseness and dual-speed settings. It features a durable stainless steel body, transparent acrylic container, LED light, and a rechargeable base.

SETUP

1. Unpacking and Initial Charge

Remove all components from the packaging. Before first use, fully charge both grinders using the provided charging base and USB cable. The LED indicator on the top of each grinder will illuminate red during charging and turn green when fully charged.

2. Filling the Grinders

1. Grip the stainless steel body and the transparent container. Twist the top section counter-clockwise to unlock and separate it from the transparent container.
2. Fill the transparent container with your desired whole spices (e.g., peppercorns, sea salt). The container has a capacity of 95ml.
3. Align the lock/unlock indicators and twist the top section clockwise to securely lock it back onto the container.

UPGRADED LARGE CAPACITY

OPERATING INSTRUCTIONS

1. Adjusting Coarseness

The grinder features an external coarseness adjustment mechanism. Simply rotate the bottom part of the grinder to select your desired grind size, from fine to coarse. There are multiple levels of adjustment for precise control.

Image: A close-up view of the external coarseness adjustment mechanism on the bottom of the grinder, showing the rotation for fine to coarse settings.

2. Using 2-Speed Settings

The grinder offers dual-speed grinding. Press the button on the top of the grinder once for the default speed. To switch between high-speed mode (for harder spices like peppercorns) and low-speed mode (for delicate seasonings like sea salt), press the button twice quickly.

LOW SPEED

For Small Quantities, using the slow setting allows for better control over the grinding quantity, preventing waste and making it easier to achieve the desired grind coarseness

HIGH SPEED

For high volume grinding requirements or emergency cooking situations, the high speed mode significantly increases grinding efficiency, saves time and ensures a smooth cooking process

Image: The top of the grinder showing the button for operation and indicators for high and low speed settings.

3. One-Handed Operation & LED Light

To operate, simply press and hold the button on the top of the grinder. The grinder will activate, and the bright LED light at the bottom will illuminate, allowing you to see the amount of seasoning being dispensed, even in low-light conditions. Release the button to stop grinding.

ONE HANDED OPERATION

Image: A hand demonstrating the one-handed operation of the electric grinder, with the LED light illuminating the dispensed spices.

MAINTENANCE

1. Cleaning

To clean the transparent container, twist the top section counter-clockwise to separate it. The transparent container can be rinsed with water. Do not immerse the stainless steel motor unit in water. Use a damp cloth to wipe the exterior of the motor unit. Ensure all parts are completely dry before reassembling.

Video: A review of the Circle Joy Grinder Set, including a demonstration of how to disassemble and clean the transparent container.

2. Storage

When not in use, store the grinders on their charging base. This keeps them organized, fully charged, and ready for your next use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Grinder not operating	Low battery or unit not properly assembled.	Ensure unit is fully charged. Check that the top section is securely locked onto the transparent container.

Problem	Possible Cause	Solution
Grinding is inconsistent	Coarseness setting is incorrect or grinding mechanism is clogged.	Adjust the coarseness setting. Clean the grinding mechanism using the provided brush.
LED light not working	Low battery or internal issue.	Charge the unit fully. If the issue persists, contact customer support.

SPECIFICATIONS

- Brand:** CIRCLE JOY
- Model Number:** KYMQ-S32C-HO52
- Material:** Acrylic, Stainless Steel
- Color:** Silver
- Operation Mode:** Automatic
- Capacity:** 95 Milliliters
- Item Weight:** 1.94 pounds (880 Grams)
- Power Source:** Rechargeable (USB-C compatible with 5V adapter)
- Special Features:** 2-Speed Settings, External Adjustable Coarseness, LED Light, Charging Base
- Is Dishwasher Safe:** No (Transparent container is washable, motor unit is not)
