transmission, steady pairing, and wide signal range, along with a visual of the adapter.

4. PRODUCT OVERVIEW

The Promate AirLink-BT is a compact audio transmitter designed to convert any AUX audio output into a Bluetooth signal, allowing you to use wireless headphones or earbuds with devices that typically require a wired connection.

Key Features:

- **Bluetooth v5.3 Technology:** Ensures stable and high-quality audio transmission.
- **Dual AUX Jack:** Features a standard 3.5mm AUX jack and a foldable second AUX jack for in-flight entertainment systems.
- **Universal Compatibility:** Works with various AUX-compatible devices.
- **Extended Battery Life:** Up to 10 hours of playtime.
- **Compact Design:** Portable and easy to carry.

5. SETUP AND PAIRING

5.1 Charging the Device

Before first use, fully charge your AirLink-BT adapter. Connect the provided USB charging cable to the charging port on the adapter and a suitable USB power source (e.g., computer USB port, wall adapter). The charging indicator will show the charging status.
A full charge takes approximately 2.5 hours and provides up to 10 hours of playtime.

5.2 Powering On/Off

- **To Power On:** Press and hold the power button until the indicator light illuminates.
- **To Power Off:** Press and hold the power button until the indicator light turns off.

5.3 Pairing with Bluetooth Headphones/Earbuds

1. Ensure your AirLink-BT is charged and powered on.
2. Put your Bluetooth headphones or earbuds into pairing mode. Refer to your headphone's manual for specific instructions.
3. The AirLink-BT will automatically search for nearby Bluetooth devices. The indicator light will flash to indicate pairing mode.
4. Once connected, the indicator light on the AirLink-BT will change to a steady blue.
5. You can pair two Bluetooth devices simultaneously. After pairing the first device, put the second device into pairing mode, and the AirLink-BT will connect to it.

6. OPERATING INSTRUCTIONS

6.1 Connecting to an Audio Source

The AirLink-BT features a standard 3.5mm AUX jack and a foldable second AUX jack for specific applications like in-flight entertainment.

- **Standard AUX Connection:** Plug the 3.5mm AUX jack of the AirLink-BT directly into the audio output port of your device (e.g., TV, treadmill, gaming console, MP3 player).
- **In-Flight AUX Connection:** For airplane entertainment systems with dual AUX ports, extend the foldable second AUX jack and plug both into the aircraft's audio output.

Image 5: A user enjoying wireless audio on an airplane using the Promate AirLink-BT adapter, highlighting its in-flight wireless adapter capability with the dual AUX jack.

6.2 Audio Playback

Once the AirLink-BT is connected to an audio source and paired with your Bluetooth headphones/earbuds, audio from the source will be wirelessly transmitted to your headphones. Adjust volume directly on your headphones or the audio source device.

Image 6: The Promate AirLink-BT adapter positioned above a gaming console, illustrating its extended 10-hour battery life for uninterrupted gaming sessions.

7. MAINTENANCE

- Clean the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the device in a cool, dry place when not in use.
- Avoid exposing the device to direct sunlight for prolonged periods.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Battery is depleted.	Charge the device fully.
Cannot pair with headphones	Headphones not in pairing mode; device too far.	Ensure headphones are in pairing mode and within 7 meters of the AirLink-BT. Restart both devices.

Problem	Possible Cause	Solution
No audio output	Incorrect AUX connection; volume too low.	Verify the AUX connection is secure. Increase volume on both the source and headphones.
Intermittent audio	Interference; device too far from headphones.	Move closer to the headphones. Avoid sources of strong electromagnetic interference.

9. SPECIFICATIONS

Feature	Detail
Bluetooth Version	5.3
Bluetooth Profile	AVRCP, A2DP
Bluetooth Frequency	2402-2480MHz
Bluetooth Chipset	AC6956F4
Input Rating	5V/100mA
Charging Time	2.5 Hours
Playing Time	10 Hours
Battery Capacity	200mAh
Battery Type	Li-Polymer Battery
Operating Distance	7 meters
Charging Cable Length	80cm
Product Dimensions	61.5 x 39.5 x 13.1 mm
Product Weight	16.8 grams
