ProtoArc XK01 TP

ProtoArc Foldable Keyboard with Touchpad

MODEL: XK01 TP

User Manual

INTRODUCTION

Thank you for choosing the ProtoArc XK01 TP Foldable Keyboard with Touchpad. This portable Bluetooth keyboard is designed for convenience and productivity on the go, offering a full-size typing experience with an integrated multi-touch trackpad. Please read this manual carefully to ensure proper setup and operation of your device.

PACKAGE CONTENTS

Verify that all items are present in your package:

- Folding keyboard with touchpad
- PU Leather Bag
- Phone Stand
- USB C Charge Cable
- User Manual

SETUP & PAIRING

Follow these steps to connect your keyboard to your device:

1. **Charge the Keyboard:** Before first use, connect the keyboard to a power source using the provided USB-C cable. The charging indicator will show its status.
2. **Power On:** Unfold the keyboard to automatically power it on.
3. **Enter Pairing Mode:** Press and hold one of the Bluetooth channel keys (BT1, BT2, or BT3) for 3 seconds until the corresponding indicator light flashes, indicating it's in pairing mode.
4. **Enable Bluetooth on Your Device:** On your laptop, PC, smartphone, or tablet, go to Bluetooth settings and

turn on Bluetooth.

5. **Select Keyboard:** Look for 'ProtoArc XK01 TP' in the list of available devices and select it to pair.

6. **Confirm Connection:** Once paired, the indicator light for the selected Bluetooth channel will stop flashing and remain solid.

7. **Switch Devices:** To switch between paired devices, simply short press the corresponding Bluetooth channel key (BT1, BT2, or BT3).

OPERATING INSTRUCTIONS

Keyboard Layout and Keys

The XK01 TP features an 88-key QWERTY layout with 16.5mm keycaps, providing a comfortable and familiar typing experience similar to a full-size laptop keyboard. It includes a full row of shortcut keys for various functions.

Trackpad Gestures

The multi-touch trackpad supports various gestures for efficient navigation:

- **Single Finger Tap:** Mouse Left Click
- **Two Fingers Tap:** Mouse Right Click
- **Pinch with Two Fingers:** Zoom In or Out
- **Three Fingers Tap:** Windows 10/11 Search

Charging

The keyboard has a built-in 300mAh battery. It takes approximately 2 hours for a full charge and offers up to 120 days of standby time. It will enter sleep mode after 60 minutes of inactivity to conserve power. Press any key to reactivate. To power off, simply fold the keyboard. Unfolding it will power it on.

MAINTENANCE

To ensure the longevity and optimal performance of your ProtoArc XK01 TP keyboard, please follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the keyboard surface and trackpad. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** When not in use, fold the keyboard to protect the keys and trackpad. Store it in the provided PU leather bag to prevent scratches and dust accumulation.
- **Avoid Extreme Conditions:** Do not expose the keyboard to extreme temperatures, direct sunlight, or high humidity. Keep it away from liquids and corrosive substances.
- **Handle with Care:** Avoid dropping the keyboard or applying excessive force to the keys or hinges. While durable, rough handling can cause damage.
- **Charging:** Use only the provided USB-C cable for charging. Do not use damaged cables or chargers.

TROUBLESHOOTING

If you encounter issues with your keyboard, try the following solutions:

- **Keyboard not connecting:**

  - Ensure the keyboard is charged and powered on (unfolded).
  - Verify Bluetooth is enabled on your device.
  - Put the keyboard into pairing mode by long-pressing a BT channel key.
  - Forget the device from your device's Bluetooth settings and try pairing again.

- **Trackpad not responding or gestures not working:**

  - For iPad users, ensure "AssistiveTouch" is enabled in Accessibility settings.
  - Some applications may not fully support all trackpad gestures.
  - Ensure the trackpad surface is clean and dry.

- **Keys not responding:**

  - Check battery level and recharge if necessary.
  - Ensure the keyboard is properly unfolded and locked into position.
  - Reconnect the Bluetooth connection.

- **Unstable typing experience:**

    - The keyboard is designed for use on flat surfaces. Using it on uneven surfaces may affect stability due to the fold hinge.
