

## VEVOR B-5532

# VEVOR Pool Handrail 55x32 Inch Instruction Manual

Model: B-5532

## 1. INTRODUCTION

This manual provides essential information for the safe installation, operation, and maintenance of your VEVOR 55x32 Inch Stainless Steel Pool Handrail. Please read these instructions thoroughly before installation and use to ensure proper function and safety.

The VEVOR Pool Handrail is constructed from durable 304 stainless steel, designed for stability and resistance to environmental factors. It features a three-stage bend design for secure gripping and includes non-slip covers for enhanced safety and comfort. This handrail is suitable for various aquatic environments, including indoor and outdoor pools, spas, and water parks.

# 304 STAINLESS STEEL

No Fear of Harsh Sunlight

## 2. SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum vertical weight capacity of 220 lbs (100 kg).
- **Saltwater Pools:** For saltwater pools, 304 stainless steel may have a potential risk of rusting. Consider alternative materials like 316 stainless steel for such environments. If rust spots appear on 304 stainless steel, clean them promptly with a blue Scotch Brite pad.
- **Secure Installation:** Ensure the handrail is securely installed on a stable surface (concrete, wood, tile, or marble) using all provided hardware. A loose handrail can lead to falls and injury.
- **Regular Inspection:** Periodically inspect the handrail for any signs of damage, corrosion, or loose fasteners. Address any issues immediately.
- **Children Supervision:** Always supervise children around the pool and when using the handrail.

## 3. PRODUCT OVERVIEW

### 3.1 Components

- VEVOR Pool Handrail (1 unit)
- Non-slip grip cover (pre-installed or separate)
- Installation hardware kit (includes drill bits, expansion screws/anchors, open-end wrench)

### 3.2 Features

- **Material:** 304 Stainless Steel for durability and corrosion resistance.
- **Design:** Seamless one-piece construction with a three-stage bend for ergonomic grip.
- **Stability:** Thickened pipe walls and base plate ensure a stable and unshakeable structure.
- **Grip:** Soft, comfortable, and removable non-slip grip covers for enhanced safety and comfort.
- **UV Protection:** Anodized finish for UV resistance, preventing deformation.

## 4. SETUP AND INSTALLATION

The VEVOR Pool Handrail is designed for straightforward installation on various surfaces. Ensure you have appropriate safety gear, such as eye protection, before beginning installation.

#### 4.1 Required Tools (Included)

- Drill bits (appropriate for your surface type)
- Open-end wrench

#### 4.2 Installation Steps

1. **Measure Distance:** Determine the desired placement of the handrail. Measure and mark the positions for the base plate holes on your deck or poolside surface.
2. **Mark & Drill:** Using the appropriate drill bit for your surface (concrete, wood, tile, or marble), drill holes at the marked locations. Ensure the holes are of the correct depth and diameter for the expansion screws/anchors.
3. **Insert Anchors:** Insert the expansion screws or anchors into the drilled holes. For expansion anchors, ensure they are fully seated.
4. **Tighten Screws:** Position the handrail's base plate over the inserted anchors. Use the provided open-end wrench to securely tighten the nuts onto the expansion screws, fastening the handrail firmly to the surface. Ensure there is no wobble after tightening.

# 4 STEPS TO SET UP

Complete Accessories included

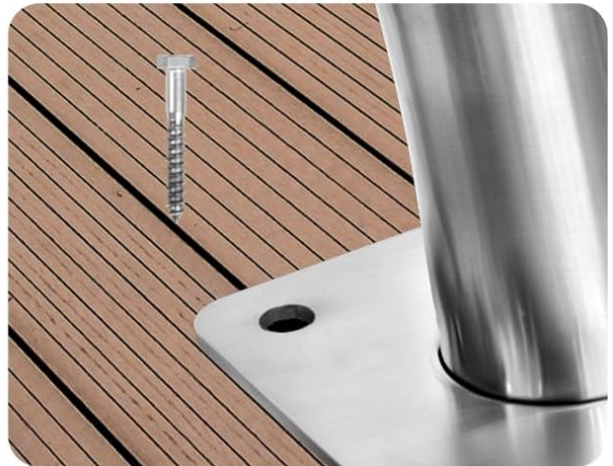

**1.Measure Distance**

**2.Mark & Drill**

**3.Insert Anchors**

**4.Tight Screws**

## 5. OPERATING INSTRUCTIONS

The VEVOR Pool Handrail is designed to provide stable support for safe entry and exit from your pool or spa.

- **Grip Firmly:** Always grip the handrail firmly with both hands when entering or exiting the water.
- **Maintain Balance:** Use the handrail to maintain your balance and support your weight as you navigate steps or the pool edge.
- **Non-Slip Covers:** The blue non-slip grip covers provide additional traction and comfort. Ensure they are properly positioned before use.

## 6. MAINTENANCE

Regular maintenance will prolong the life and ensure the continued safety of your VEVOR Pool Handrail.

- **Cleaning:** Clean the stainless steel surface regularly with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Rust Spot Removal:** If rust spots appear on the 304 stainless steel, gently scrub them with a blue Scotch Brite pad. This is particularly important in environments with higher salinity or chemical exposure.
- **Grip Cover Care:** The non-slip grip covers are removable and can be washed with mild soap and water. Ensure they are dry before reattaching.
- **Fastener Check:** Periodically check all mounting screws and fasteners to ensure they remain tight. Retighten as necessary.
- **Damage Inspection:** Inspect the handrail for any bends, cracks, or other structural damage. If significant damage is found, discontinue use and replace the handrail.

# NON-SLIP GRIP

Removable Handrails

Anti-Scald in Summer  
Keep Warm in Winter

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Handrail feels wobbly or loose	Loose mounting screws or improper installation.	Check all mounting screws and retighten them securely. Ensure anchors are properly seated. If wobbling persists, re-evaluate installation.
Rust spots appear on the stainless steel surface	Exposure to harsh chemicals, saltwater, or lack of regular cleaning.	Clean the rust spots with a blue Scotch Brite pad. Increase frequency of cleaning, especially in corrosive environments.
Non-slip grip covers are dirty or worn	Regular use and exposure to pool chemicals.	Remove the grip covers and wash them with mild soap and water. Replace if significantly worn or damaged.

## 8. SPECIFICATIONS

Feature	Detail
Brand	VEVOR
Model Number	B-5532
Material	304 Stainless Steel
Color	Silver White
Product Dimensions (L x W)	54.92" x 31.89" (139.5 cm x 81 cm)
Item Weight	8.6 lbs (3.9 kg)
Vertical Weight Capacity	220 lbs (100 kg)
Item Package Quantity	1
