

HIFIT B0DNM7F8G5

HIFIT Sleeper Sofa Bed Instruction Manual
MODEL: B0DNM7F8G5

Introduction

Thank you for choosing the HIFIT Sleeper Sofa Bed. This versatile L-shaped sectional sofa is designed to provide comfort, convenience, and functionality for your living space. It features a pull-out sleeper bed, smart LED lighting, integrated charging ports, cup holders, and ample storage. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new furniture.

Important Safety Information

All foam and upholstered surfaces meet flammability standards. Keep away from open flames or high heat sources. Supervise children and pets to avoid entrapment risks in storage compartments.

1. Setup and Assembly

Your HIFIT Sleeper Sofa Bed is shipped in two packages. While all necessary components and tools are included, we recommend assembly by two adults for ease and efficiency. No additional tools are required. Assembly typically takes approximately 20 minutes.

1.1 Unpacking and Component Check

Carefully unpack all components from both boxes. Verify that all parts listed in the instruction manual (provided in the packaging) are present before beginning assembly. If any parts are missing or damaged, please contact HIFIT customer support immediately.

1.2 Assembly Steps

1. Begin by attaching the legs to the main sofa frame and the chaise lounge. Ensure they are securely tightened.
2. Connect the main sofa section to the chaise lounge. The reversible chaise allows you to position it on either the left or right side to suit your room layout.
3. Assemble the armrests, ensuring the integrated USB/Type-C ports and cup holders are correctly oriented.
4. Install the smart LED light strips under the armrests as per the detailed instructions in the included manual.

5. Place the cushions and pillows onto the sofa.

Figure 1.1: Overview of sofa dimensions and left/right conversion capability. The image illustrates the sofa's measurements (87"W x 55"D x 37.4"H) and how the chaise can be moved to either side, along with a visual representation of the pull-out sleeper function.

2. Operating Instructions

2.1 Converting to Sleeper Bed

To transform your sofa into a comfortable sleeper bed, locate the pull-out strap positioned beneath the main sofa cushions. Gently pull the strap outwards. The bed mechanism, equipped with smooth wheels, will extend forward, revealing the sleeping surface. Ensure the mechanism is fully extended and locked into place for stability. To revert to sofa mode, push the mechanism back into the sofa until it is fully retracted.

Ample Hidden Storage Space

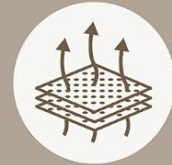

Figure 2.2: The HIFIT Sleeper Sofa Bed in a home setting, illustrating its dual functionality as a comfortable sofa and a spacious bed for guests.

2.2 Using Smart LED Lighting

The sofa features smart LED strips located under the armrests. These lights can be controlled via a dedicated mobile application or the included remote control. The LED system offers over 16 million colors and more than 20 light effects. You can also synchronize the lights with music for an enhanced entertainment experience. The integrated LED lights can also serve as a gentle nightlight when the sofa bed is in use.

2.3 Utilizing Storage Features

The HIFIT sofa offers multiple storage solutions:

- **Chaise Lounge Storage:** Lift the top of the chaise lounge to access a spacious compartment, ideal for storing blankets, pillows, or other living room essentials.
- **Armrest Storage:** The armrests include integrated storage compartments and side pockets, perfect for magazines, remote controls, and small electronic devices.

2.4 Charging Station and Cup Holders

Conveniently located on both armrests are USB and Type-C charging ports, allowing you to charge your devices while relaxing. The built-in cup holders provide a secure place for your beverages, preventing spills.

3. Maintenance and Care

Proper care will extend the life and appearance of your HIFIT Sleeper Sofa Bed.

3.1 Fabric Care (Linen Cloth)

The sofa is upholstered with high-quality linen fabric, known for its breathability, skin-friendliness, and resistance to wear and wrinkles. It is also pet-friendly.

- **Regular Cleaning:** Regularly vacuum the sofa using a soft brush attachment to remove dust, crumbs, and pet hair.
- **Spot Cleaning:** For spills or stains, address them quickly. Blot the area with a clean, dry cloth. For most stains, a mild soap and water solution can be used. Apply the solution to a clean cloth, then gently dab the stained area. Do not rub vigorously.

- **Stubborn Stains:** For more persistent stains, it is advisable to use a professional sofa cleaner or consult a professional cleaning service. Always test any cleaning solution on an inconspicuous area first.

3.2 General Care

- Avoid direct sunlight exposure for prolonged periods to prevent fading.
- Keep sharp objects away from the fabric to prevent tears or snags.
- Periodically check and tighten all screws and connections to ensure stability.

4. Troubleshooting

If you encounter any issues with your HIFIT Sleeper Sofa Bed, please refer to the following common solutions before contacting customer support.

Problem	Possible Cause	Solution
Assembly is difficult or takes longer than expected.	Incorrect alignment of parts; insufficient manpower.	Ensure all parts are correctly aligned before tightening screws. Refer to the assembly diagrams. It is recommended to have two adults for assembly.
Cushions feel too firm.	New foam density; personal preference.	The high-elasticity foam cushions may feel firm initially. They will soften slightly with regular use over time.
LED lights are not working.	Power connection issue; remote/app not paired; faulty strip.	Check that the LED power adapter is securely plugged into a working outlet and connected to the LED strip. Ensure the remote control has working batteries and is paired, or that the mobile app is correctly connected via Bluetooth/Wi-Fi.
USB/Type-C charging ports are not functioning.	Power connection issue; device compatibility.	Verify that the sofa's power cord for the charging station is plugged into a live electrical outlet. Test with a different device and charging cable to rule out device-specific issues.
Sleeper bed mechanism is stiff or difficult to pull out.	Obstruction; mechanism not aligned.	Check for any objects obstructing the mechanism's path. Ensure the sofa is on a level surface. Apply gentle, even pressure when pulling or pushing.
Missing parts upon delivery.	Packages may arrive separately.	The sofa is shipped in two packages. If only one has arrived, the second may be in transit. Please wait 1-2 business days for the second package. If still missing, contact HIFIT customer support with your order details.

5. Product Specifications

Feature	Detail
Brand	HIFIT
Model Number	B0DNM7F8G5
Product Dimensions (D x W x H)	55"D x 87"W x 37.4"H
Item Weight	208 Pounds
Weight Limit	1100 Pounds
Inner Size of Sofa Bed	75" x 50"

Feature	Detail
