

Ohuhu B0DNMBQHYG

Ohuhu Pop Up Greenhouse Instruction Manual

Model: B0DNMBQHYG

1. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using the Ohuhu Pop Up Greenhouse.

- Always assemble and anchor the greenhouse according to the instructions provided to ensure stability and prevent collapse, especially in windy conditions.
- Exercise caution when handling the greenhouse material to avoid injury from sharp edges or heavy components during setup and disassembly.
- Ensure the greenhouse is properly ventilated to prevent the buildup of excessive heat or humidity, which can harm plants.
- Keep children and pets away from the greenhouse during assembly and disassembly to prevent accidents.
- Do not use the greenhouse near open flames or heat sources.
- Regularly inspect the greenhouse for any damage to the cover, frame, or anchoring system. Repair or replace damaged parts immediately.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present:

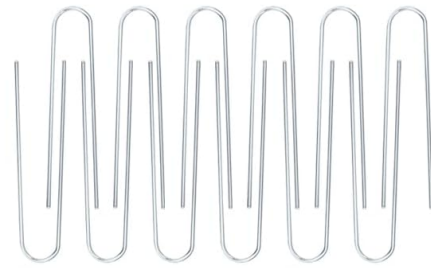

- Pop-up Greenhouse unit
- Removable Waterproof PE Mat
- Fiberglass Rods (Support Beams)

- U-shaped Ground Stakes (Pins)
- Glow-in-the-dark Wind Ropes
- Connectors
- Storage Bag

Package Contents

Green House packing

Pins x12pcs

Connectors x4pcs

Ropes x4pcs

Susport Beams x2pcs

3. SETUP INSTRUCTIONS

The Ohuhu Pop Up Greenhouse is designed for quick and easy assembly. Please follow these steps:

3.1 Unfolding the Greenhouse

1. Carefully remove the greenhouse from its storage bag.
2. Hold the folded greenhouse firmly and allow it to spring open. Be mindful of the rapid expansion and ensure clear space around you.
3. Once unfolded, gently adjust the structure to its full shape.

3.2 Assembling the Frame

1. Connect the fiberglass rods using the provided connectors to form the support beams.
2. Insert the assembled support beams into the designated sleeves or pockets at the top of the greenhouse structure. Secure them in place as shown in the diagram.

Image: Detailed dimensions of the Ohuhu Pop Up Greenhouse.

3.3 Securing the Greenhouse

1. Place the removable waterproof PE mat on the ground inside the greenhouse, securing it with the velcro fasteners to the base of the greenhouse.
2. Use the U-shaped ground stakes to anchor the base of the greenhouse firmly to the ground.
3. Attach the glow-in-the-dark wind ropes to the designated loops on the greenhouse and secure them to the ground using additional stakes for enhanced stability, especially in windy conditions.

Unique Detail Design, Combination of Function and Aesthetics

4. OPERATING INSTRUCTIONS

Maximize the benefits of your Ohuhu Pop Up Greenhouse for optimal plant growth.

4.1 Ventilation and Temperature Control

- The greenhouse features a roll-up zippered front door and mesh side windows for easy access and improved airflow.
- Open the zippered door and mesh windows to regulate temperature and humidity, preventing overheating on warm days.
- Close the door and windows to retain heat and protect plants from cold, frost, and birds.

4.2 Indoor and Outdoor Use

- For indoor use, the removable waterproof PE mat helps keep floors clean from soil and water.
- For outdoor use, the mat can be removed to allow the greenhouse to cover fixed fruit trees or garden beds directly.
- The greenhouse is suitable for gardens, vegetable plots, balconies, or indoor spaces.

Image: The greenhouse shown in both indoor and outdoor settings, demonstrating its versatility.

5. MAINTENANCE

Proper maintenance ensures the longevity and effectiveness of your greenhouse.

5.1 Cleaning

- Clean the PE mesh cover periodically with a soft cloth and mild soapy water. Rinse thoroughly and allow to air dry completely before folding or storing.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the material.
- Clean the removable PE mat as needed to prevent soil buildup and maintain hygiene.

5.2 Inspection

- Regularly check the fabric for any tears, punctures, or signs of wear. Small tears can be repaired with greenhouse repair tape.
- Inspect the fiberglass rods and connectors for any damage or bending. Replace any compromised parts to maintain structural integrity.

- Ensure ground stakes and wind ropes are securely fastened, especially after strong winds or storms.

5.3 Storage

When not in use, or for seasonal storage, fold the greenhouse compactly:

1. Push the side panels inward to overlap each other.
2. Zip up the door and fold all panels flat.
3. Fold the panel diagonally from one corner to the opposite corner edge.
4. Combine the folded sections and secure them.
5. Lay the remaining sections down in sequence.
6. Place the folded greenhouse into its storage bag.

6. TROUBLESHOOTING

Here are solutions to common issues you might encounter with your greenhouse:

| Problem | Possible Cause | Solution |
|---------------------------------------|--|--|
| Greenhouse unstable in wind | Insufficient anchoring | Ensure all ground stakes are fully inserted and wind ropes are taut. Consider adding extra weights to the base in very windy areas. |
| Excessive heat inside | Poor ventilation | Open the zippered door and mesh windows to increase airflow. Monitor temperature with a thermometer. |
| Condensation buildup | High humidity, lack of air circulation | Improve ventilation by opening windows or partially opening the door. Ensure plants are not overcrowded. |
| Zipper sticking or difficult to close | Dirt/debris in zipper, misalignment | Clean the zipper teeth with a brush. Apply a zipper lubricant (e.g., silicone spray). Ensure the fabric is aligned correctly when zipping. |
| Small tears in cover | Accidental damage, wear and tear | Patch small tears with specialized greenhouse repair tape to prevent them from enlarging. |

7. SPECIFICATIONS

- **Model:** B0DNMBQHYG
- **Brand:** Ohuhu
- **Color:** Green
- **Product Dimensions (L x W x H):** 48" x 48" x 64" (122cm x 122cm x 162cm)
- **Item Weight:** 4.79 Kilograms (10.5 lbs)
- **Cover Material:** Rugged 210D Oxford fabric and double-layered PE mesh (UV-protected, waterproof)
- **Frame Material:** Alloy Steel and Fiberglass Rods
- **Door Style:** Roll-up zippered front door
- **Number of Vents:** 2 (mesh side windows)
- **Special Features:** Removable waterproof PE mat, U-shaped ground stakes, glow-in-the-dark wind ropes.

8. WARRANTY AND SUPPORT

Ohuhu stands by the quality of its products.

- **Warranty:** This product is supported by a 1-year commitment.
- **Replacements:** Free replacements are available for connectors and covers within the warranty period.
- **Contact Support:** For further assistance, product inquiries, or warranty claims, please visit the official Ohuhu store on Amazon: [Ohuhu Amazon Store](#).
