TRAUSI T6

TRAUSI T6 Open Ear Headphones User Manual

Model: T6

INTRODUCTION

Thank you for choosing the TRAUSI T6 Open Ear Headphones. These headphones are designed to provide a comfortable listening experience while allowing you to stay aware of your surroundings. Featuring advanced Bluetooth 5.3 technology and a 16.2mm dynamic driver, the T6 delivers clear audio for music, calls, and more. Please read this manual carefully before using your headphones to ensure proper operation and longevity.

PACKAGE CONTENTS

Please check the package for the following items:

- TRAUSI T6 Open Ear Headphones (Left and Right)
- Charging Case
- USB-C Charging Cable
- User Manual

PRODUCT OVERVIEW

Familiarize yourself with the components of your TRAUSI T6 headphones and charging case.

Headphones

- **Speaker Unit:** Directs sound towards the ear canal.
- **Ear Hook:** Secures the headphone comfortably over the ear.
- **Control Button/Touch Area:** For playback, calls, and voice assistant.
- **Microphone:** For calls and voice commands.
- **Charging Contacts:** Connects with the charging case.
- **LED Indicator:** Shows power, pairing, and charging status.

Charging Case

- **Charging Port (USB-C):** For connecting the charging cable.

- **Charging Indicators:** Shows the battery level of the case.
- **Headphone Slots:** Holds and charges the headphones.

SETUP

1. Charging the Headphones and Case

Before first use, fully charge both the headphones and the charging case.

1. Place the headphones into the charging case, ensuring the charging contacts align. The LED indicators on the headphones will light up to confirm charging.
2. Connect the USB-C charging cable to the charging port on the case and the other end to a USB power adapter (not included) or a computer's USB port.
3. The charging indicators on the case will show the charging status. Once fully charged, the indicators will change (e.g., turn solid or turn off).
4. A full charge typically takes approximately 1.5 hours for the headphones and 2 hours for the case.

2. Bluetooth Pairing

Pair your TRAUSI T6 headphones with your Bluetooth-enabled device.

1. Open the charging case and take out both headphones. They will automatically power on and enter pairing mode. The LED indicator on one headphone will flash rapidly (e.g., blue and white) to indicate pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for new Bluetooth devices. Select "TRAUSI T6" from the list of available devices.
4. Once connected, the LED indicators on both headphones will turn off or flash slowly (e.g., blue every few seconds), and you will hear a confirmation tone.
5. If pairing fails, place the headphones back into the case, close the lid, wait 5 seconds, and then repeat the steps.

Note: The headphones will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

OPERATING INSTRUCTIONS

Wearing the Headphones

Gently place the speaker unit over your ear canal and adjust the ear hook to rest comfortably and securely behind your ear. Ensure the speaker is positioned to direct sound into your ear without blocking the ear canal, maintaining awareness of your surroundings.

Basic Controls (Remote Control Method)

The TRAUSI T6 headphones utilize a remote control method, typically referring to touch-sensitive areas or physical buttons on the headphones themselves. The following are common functions:

- **Power On:** Automatically power on when removed from the charging case.
- **Power Off:** Automatically power off when placed back into the charging case and the lid is closed.
- **Play/Pause:** Single tap on either headphone.
- **Next Track:** Double tap on the right headphone.
- **Previous Track:** Double tap on the left headphone.
- **Volume Up:** Triple tap on the right headphone.

- **Volume Down:** Triple tap on the left headphone.
- **Answer/End Call:** Single tap on either headphone during an incoming call.
- **Reject Call:** Press and hold on either headphone for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Press and hold on either headphone for 2 seconds (when not on a call).

Note: Specific control gestures may vary slightly. Refer to the quick start guide included in your package for precise button/touch area functions.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your TRAUSI T6 headphones.

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the headphones and charging case. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Charging Contacts:** If charging issues occur, gently clean the charging contacts on both the headphones and the case with a dry cotton swab.
- **Storage:** When not in use, always store the headphones in their charging case to protect them from dust and damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The headphones are not waterproof. Avoid exposure to excessive moisture, rain, or sweat.

TROUBLESHOOTING

If you encounter issues with your TRAUSI T6 headphones, try the following solutions:

Problem	Possible Solution
Headphones not powering on.	Ensure headphones are charged. Place them in the charging case and charge for at least 10 minutes.
Headphones not pairing with device.	<ol style="list-style-type: none"> 1. Ensure Bluetooth is enabled on your device. 2. Make sure headphones are in pairing mode (flashing LED). 3. Forget "TRAUSI T6" from your device's Bluetooth list and try pairing again. 4. Ensure headphones are within 10 meters of your device. 5. Fully charge both headphones and the case.
Only one headphone has sound.	<ol style="list-style-type: none"> 1. Place both headphones back into the charging case, close the lid, wait 5 seconds, then take them out again. 2. Ensure both headphones are charged. 3. Re-pair the headphones with your device.
Low volume or poor sound quality.	<ol style="list-style-type: none"> 1. Adjust volume on both your device and the headphones. 2. Ensure headphones are worn correctly. 3. Check for obstructions or debris on the speaker unit. 4. Move closer to your device to avoid interference.
Charging case not charging.	<ol style="list-style-type: none"> 1. Check the USB-C cable and power adapter. Try a different cable or adapter. 2. Ensure the charging port is clean and free of debris.
