NKPU SY84-Black

NKPU 52-inch Flush Mount Ceiling Fan

USER MANUAL

Model: SY84-Black

Brand: NKPU

1. Product Overview

The NKPU 52-inch Flush Mount Ceiling Fan is designed for both indoor and outdoor use, offering efficient air circulation and adjustable lighting. It features a quiet DC reversible motor, dimmable LED light, and multiple control options including remote and mobile application.

Image 1.1: Overview of the NKPU 52-inch Flush Mount Ceiling Fan, showcasing the fan unit, remote control, and mobile app interface.

Key Features:

- **Smart Control:** Operable via included remote control and dedicated mobile application for convenience.
- **Adjustable Lighting:** Integrated 18W LED light panel with adjustable brightness (5% to 100%) and 3 color temperatures (3000K warm, 4500K natural, 6500K cool).
- **DC Reversible Motor:** High-quality DC motor provides quiet operation (below 30dB) and allows for seasonal use (cooling in summer, air circulation in winter).
- **Multiple Fan Speeds:** 6 adjustable fan speeds for customized airflow.
- **Flush Mount Design:** Space-saving installation suitable for various room types including bedrooms, living rooms, and outdoor patios.
- **Energy Efficient:** Reduces electricity costs significantly compared to conventional AC motors.

2. Safety Information

Please read all safety instructions carefully before installation and use to prevent injury or damage. Keep this manual for future reference.

- **Electrical Safety:** Ensure power is disconnected at the circuit breaker before installation or maintenance. All wiring must comply with local electrical codes.
- **Mounting:** The mounting structure must be capable of supporting the fan's weight (approximately 9.5 lbs). Use only the hardware provided or specified for installation.
- **Blade Clearance:** Maintain a minimum clearance of 7 feet (2.1 meters) from the floor to the fan blades. Ensure blades do not strike any objects during operation.
- **Children and Pets:** Keep children and pets away from the fan during operation and installation.
- **Cleaning:** Always turn off the fan and disconnect power before cleaning. Use a soft, damp cloth; avoid harsh chemicals.

3. Package Contents

Verify that all components are present and undamaged before beginning installation.

- 1 x Ceiling Fan with Lights Kit
- 1 x Instruction Manual
- 1 x Remote Control
- Mounting Hardware (screws, wire nuts, etc.)

Image 3.1: The complete package contents, including the fan unit, reversible blades, remote control, and a representation of the mobile app interface.

4. Installation Guide

This ceiling fan is designed for flush mount installation. Professional installation is recommended if you are not familiar with electrical wiring.

Before You Begin:

1. Turn off power at the main circuit breaker.
2. Ensure the mounting location can support the fan's weight.
3. Unpack all components and verify against the package contents list.

Installation Steps:

1. **Mounting Bracket Installation:** Secure the mounting bracket to the ceiling junction box using the provided screws.

Ensure it is firmly attached.

2. **Wiring Connections:** Connect the fan's electrical wires to the household wiring according to the wiring diagram in the included instruction manual. Typically, this involves connecting live, neutral, and ground wires.
3. **Fan Body Attachment:** Carefully lift the fan body and attach it to the mounting bracket. Ensure all connections are secure.
4. **Blade Installation:** Attach the fan blades to the motor housing. The blades are reversible, offering two color options (black and wood grain). Choose your preferred side.
5. **Light Kit Installation:** Connect and secure the LED light kit to the fan body.
6. **Final Assembly:** Attach the light cover and any decorative elements.

Image 4.1: Product dimensions (52 inches diameter, 9.5 inches height) and a visual representation of the two reversible blade color options (black and wood grain).

For detailed visual instructions, refer to the installation videos provided by the manufacturer, often accessible via QR codes in the physical manual or on the product's online listing.

5. Operating Instructions

Your NKPU ceiling fan can be controlled using the included remote control or a mobile application.

5.1 Remote Control Operation

The remote control allows for full functionality of the fan and light.

3 TYPES OF CONTROL

- Remote Control
- APP Control
- Wall Control

(NOT included)

Image 5.1.1: Detailed view of the remote control, highlighting buttons for power, light on/off, fan speed, light brightness, fan direction, and timer settings.

- **Overall Key:** Power on/off the entire unit.
- **Light On Key:** Turns the light on.
- **Fan Gear Key:** Cycles through fan speeds (1-6).
- **Light Brightness Decrease/Increase Keys:** Adjusts light brightness from 5% to 100%.

- **Fan Forward and Reverse Keys:** Changes fan direction for summer (downward airflow) or winter (upward airflow).
- **Light Mode Switch Button:** Cycles through light color temperatures (3000K, 4500K, 6500K).
- **Fan Timing Key:** Sets a timer for fan operation.
- **Fan On Key:** Turns the fan on.

Image 5.1.2: Visual representation of the three adjustable light color temperatures: 3000K Warm Light, 4500K Natural Light, and 6000K Cold White Light.

Image 5.1.3: Illustration of the reversible DC motor function, showing downward airflow for summer cooling and upward airflow for winter heat circulation.

Image 5.1.4: Depiction of the six distinct wind speed levels, from comfortable breeze to strong cooling wind.

Image 5.1.5: Visual comparison of sound levels, highlighting the fan's quiet operation at approximately 30dB.

5.2 Mobile App Control

The fan can also be controlled via a mobile application, offering additional features and convenience.

1. **Download App:** Scan the QR code provided in the physical manual or visit <https://www.jasonghost.com/fanlamppro/> to download the "FanLamp Pro" app.
2. **Power On:** Ensure the fan is powered on at the wall switch.
3. **Add Device:** Open the app, click the "+" button to add a new device.
4. **Pairing:** Within 5 seconds of powering on the device, click the pairing button in the app. The fan will flash or beep to confirm successful pairing.
5. **Control:** Use the app interface to adjust fan speed, light brightness, color temperature, set timers, and control fan direction.

Instructions for Using Mobile Apps

1. Scan the QR code to download the app

2. Press "+" button, add a new device

3. Please click this button within 5 seconds after the device is powered on. If the device flashes or beeps, it means that the phone has been successfully paired with the device

4. Press Instructions for more information

Image 5.2.1: Step-by-step guide for downloading and pairing the mobile application with the ceiling fan, showing the app interface for control.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Turn off power before cleaning. Use a soft, lint-free cloth to wipe down the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Balance:** Periodically check that all blade screws are tight. Loose blades can cause wobbling and noise.
- **Light Source:** The LED light source is designed for long life and typically does not require replacement. If issues occur, contact customer support.

7. Troubleshooting

If you encounter issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start.	No power; loose wiring; remote control battery low.	Check circuit breaker. Ensure all wiring connections are secure. Replace remote control batteries.
Light does not turn on.	Loose wiring; light kit connection issue.	Check light kit wiring. Ensure light kit is properly connected to the fan.
Fan wobbles.	Loose blade screws; unbalanced blades; loose mounting bracket.	Tighten all blade screws. Ensure blades are installed correctly. Check mounting bracket for secure attachment.

Problem	Possible Cause	Solution
Remote control not working.	Battery low/dead; remote not paired.	Replace batteries. Refer to pairing instructions in Section 5.1.
App control not working.	Not paired; Wi-Fi issue; app outdated.	Ensure fan is paired with the app (Section 5.2). Check Wi-Fi connection. Update app to the latest version.

8. Specifications

Feature	Detail
Brand	NKPU
Model Name	BR-SY84 (SY84-Black)
Product Dimensions	52"L x 52"W x 9.5"H
Color	Black
Material	Acrylic, Metal
Style	Modern
Installation Type	Flush Mount
Indoor/Outdoor Usage	Indoor, Outdoor
Power Source	DC
Light Source Type	LED
Wattage	60 watts
Voltage	110 Volts
Brightness	1160 Lumen
Sound Level	30 dB
Control Method	App, Remote
Item Weight	9.52 pounds
Coverage	160-220 sqft
