

Ohuhu PGH-01

Ohuhu Pop Up Greenhouse (Model PGH-01) Instruction Manual

Brand: Ohuhu | Model: PGH-01

1. INTRODUCTION

This manual provides detailed instructions for the assembly, use, maintenance, and storage of your Ohuhu Pop Up Greenhouse, Model PGH-01. Designed for both indoor and outdoor use, this portable greenhouse offers a protected environment for your plants, shielding them from cold, frost, and birds. Please read these instructions carefully before setup and retain for future reference.

2. SAFETY INFORMATION

- Always assemble and anchor the greenhouse according to the instructions provided.
- Exercise caution when handling the greenhouse due to its heavy-duty fabric and spring-loaded frame.
- Keep children and pets away from the greenhouse when it is being assembled or disassembled to prevent injury.
- Ensure the greenhouse is securely anchored, especially in windy conditions, to prevent it from being blown away.

3. PACKAGE CONTENTS

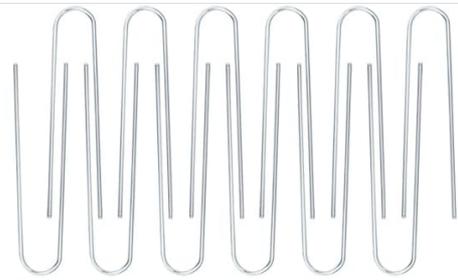

Before assembly, verify that all components are present in your package:

- Greenhouse Tent (main unit)
- Pins (12 pieces)
- Connectors (4 pieces)
- Ropes (4 pieces)
- Support Beams (2 pieces)
- Waterproof PE Mat (removable)
- Storage Bag

Package Contents

Green House packing

Pins x12pcs

Connectors x4pcs

Ropes x4pcs

Support Beams x2pcs

4. SETUP INSTRUCTIONS

The Ohuhu Pop Up Greenhouse is designed for quick and easy setup. Follow these steps:

1. **Unpack:** Carefully remove the greenhouse from its storage bag. It will spring open rapidly. Ensure you have ample space and are clear of the unfolding path.
2. **Assemble Support Beams:** Connect the two sections of each support beam. Insert the assembled support beams into the designated sleeves at the top of the greenhouse. Secure them using the provided connectors.
3. **Place Waterproof Mat:** Lay the removable waterproof PE mat on the floor inside the greenhouse. Fasten it to the greenhouse base using the integrated velcro strips.
4. **Anchor the Greenhouse:** For outdoor use, secure the greenhouse to the ground using the U-shaped ground stakes and glow-in-the-dark wind ropes. Insert the stakes through the grommets at the base and tie the ropes to the top loops, anchoring them firmly to the ground.
5. **Adjust Ventilation:** The greenhouse features roll-up zippered front door and mesh side windows for adjustable ventilation. Roll up the door or windows and secure them with the provided ties to control airflow and temperature.

5. FEATURES AND USAGE

The Ohuhu Pop Up Greenhouse is designed with several features to optimize plant growth and user convenience:

- **Dimensions:** 48"L x 48"W x 63.7"H (122x122x162cm), providing ample space for various plants.
- **Material:** Constructed from rugged 210D Oxford fabric and double-layered PE mesh for durability.
- **Protection:** Offers UV protection, heat preservation, and water resistance to protect plants from cold, frost, and harsh weather.
- **Ventilation:** Equipped with a roll-up zippered front door and mesh side windows to ensure proper airflow and temperature regulation.
- **Removable PE Mat:** Includes a waterproof PE mat for indoor use to keep floors clean, which can be removed for outdoor applications.
- **Stability:** Reinforced with fiberglass rods, U-shaped ground stakes, and glow-in-the-dark wind ropes for enhanced stability and wind resistance.

6. STORAGE AND FOLDING

When not in use, the Ohuhu Pop Up Greenhouse can be easily folded for compact storage:

1. **Remove Support Beams:** Detach the support beams and fold them.
2. **Collapse Sides:** Push the side panels inwards so they overlap each other.
3. **Fold Flat:** Zip up the door and fold all panels flat.
4. **Twist and Fold:** Take one corner and twist it towards the opposite corner, allowing the frame to coil into a smaller circle.
5. **Secure:** Secure the folded greenhouse with the elastic strap or ties.
6. **Store:** Place the folded greenhouse into its storage bag.

Note: When folding, the greenhouse tent may spring back. Ensure to put it in the storage bag immediately to prevent it from bouncing off and injuring anyone.

7. SPECIFICATIONS

Specification	Detail
Model Number	PGH-01
Product Dimensions	48"L x 48"W x 63.7"H (122x122x162cm)
Item Weight	10.53 pounds (4.8 kg)
Cover Material	210D Oxford fabric, Double-layered PE mesh
Frame Material	Alloy Steel, Fiberglass rods
Number of Vents	4 (mesh windows)
Color	White

8. TROUBLESHOOTING

If you encounter any issues with your Ohuhu Pop Up Greenhouse, consider the following general troubleshooting steps:

- **Stability Issues:** Ensure all ground stakes are firmly inserted and wind ropes are securely tied and taut. In very strong winds, consider relocating the greenhouse to a more sheltered area or adding additional weights to the base.
- **Ventilation Concerns:** If plants appear overheated or under-ventilated, ensure mesh windows and the main door are open to allow for adequate airflow. Adjust openings based on external temperature and plant needs.
- **Water Accumulation:** The unique roof design helps prevent water stagnation. If water collects, ensure the greenhouse is set up on level ground and that the fabric is taut.
- **Zipper Malfunction:** If the zipper sticks, apply a small amount of zipper lubricant or wax. Avoid forcing the zipper, which can cause damage.

9. WARRANTY AND SUPPORT

Ohuhu stands by the quality of its products. This greenhouse is supported by a 1-year commitment and offers free replacements on connectors and covers. For further assistance, product support, or to claim warranty services, please contact Ohuhu customer service through the retailer where the product was purchased or visit the official Ohuhu website.
