GDSAFS Hy-T26 Pro

Hy-T26 Pro Wireless Bluetooth Translation Earbuds User Manual

Model: Hy-T26 Pro

PRODUCT OVERVIEW

The Hy-T26 Pro Wireless Bluetooth Translation Earbuds are designed to provide seamless real-time language translation, high-fidelity audio, and convenient communication features. These earbuds integrate advanced AI technology to facilitate cross-language interactions and enhance daily communication.

Figure 1: Hy-T26 Pro Earbuds and Charging Case (Purple variant shown).

Key Features:

- **Real-Time Translation:** Supports online real-time translation with up to 98% accuracy across 75 languages.
- **AI Smart Functions:** Includes recording, writing, translation, listening, speaking, AI chat, picture generation, and simple music generation.
- **High-Fidelity Audio:** Built-in 16mm dynamic speaker provides 360° high-fidelity stereo sound.
- **Extended Battery Life:** Approximately 3 hours of listening time, 480 hours of standby time, and a 300mAh charging compartment capacity.
- **Durable Design:** IPX5 waterproof level for protection against splashes and sweat.
- **Quick Connectivity:** Utilizes advanced Bluetooth 5.4 for fast and stable pairing.

PACKAGE CONTENTS

Upon unboxing your Hy-T26 Pro Translation Earbuds, please ensure all items listed below are present:

- 1 pair of Hy-T26 Pro Wireless Bluetooth Translation Earbuds
- 1 Charging Case
- 1 Type-C Charging Cable
- 1 Lanyard
- User Manual (this document)

SETUP GUIDE

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C charging cable to the charging port on the case and plug the other end into a USB power source (e.g., computer, wall adapter).

- The charging indicator lights on the case will show charging status.
- A full charge for the case typically takes approximately 2 hours.
- Once charged, the earbuds can provide up to 4.5 hours of use time, with the charging case extending total playtime to about 15 hours.

2. Pairing with Your Device

1. Ensure the earbuds are charged and placed in the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your smartphone or tablet, go to Bluetooth settings and enable Bluetooth.
4. Search for "Hy-T26 Pro" in the list of available devices and select it to connect.
5. Once connected, a voice prompt will confirm successful pairing.

3. Installing the Companion Application

To utilize the full translation and AI features, you must download and install the dedicated companion application on your smartphone or tablet. Search for the "Hy-T26 Pro" app in your device's app store (Google Play Store for Android, Apple App Store for iOS).

- Follow the on-screen instructions to complete the app installation.
- Launch the app and follow the prompts to connect your Hy-T26 Pro earbuds within the application.

OPERATING INSTRUCTIONS

1. Basic Earbud Controls

The Hy-T26 Pro earbuds feature touch controls for various functions:

Action	Function
Single Tap	Play/Pause music, Answer/End call
Double Tap (Left Earbud)	Previous Track
Double Tap (Right Earbud)	Next Track
Triple Tap	Activate Voice Assistant (Siri, Google Assistant)
Long Press (2 seconds)	Reject Call

2. Using the Translation Function

The core feature of the Hy-T26 Pro is its real-time translation. This function is primarily managed through the companion application.

1. Open the Hy-T26 Pro application on your connected device.
2. Navigate to the "Translation" section within the app.
3. Select the source language and target language for translation.
4. Follow the app's instructions to initiate translation. Typically, you will speak into the earbud's microphone, and the translated audio will be played back through the earbuds or displayed on the app screen.

Efficient Communication Anytime, Anywhere

Figure 5: Cross-language communication facilitated by the earbuds as an auxiliary interpreter.

3. AI Smart Functions

The companion application also provides access to various AI-powered features:

- **Recording & Writing:** Record conversations and have them transcribed into text.
- **AI Chat:** Engage in conversations with an AI assistant.
- **Picture Generation:** Utilize AI to generate images based on text prompts.
- **Music Generation:** Explore simple AI-generated music.

Refer to the in-app tutorials for detailed instructions on using each AI function.

MAINTENANCE AND CARE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The earbuds have an IPX5 waterproof rating, meaning they are resistant to splashes and sweat. Do not submerge them in water or expose them to strong jets of water.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the earbuds and case frequently. Charge them regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery, out of range, pairing mode not active	Charge earbuds and case. Ensure Bluetooth is enabled on your device and earbuds are in pairing mode. Move closer to your device.
Translation not working	App not connected, incorrect language settings, internet connection issue	Ensure earbuds are connected to the app. Verify language settings. Check your internet connection (required for online translation).
Poor audio quality	Earbuds dirty, weak Bluetooth connection, interference	Clean earbuds. Move closer to your device. Avoid strong electromagnetic interference.
Earbuds not charging	Cable issue, power source issue, dirty charging contacts	Try a different Type-C cable and power source. Clean the charging contacts on both earbuds and case.

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please refer to the support section for further assistance.
