DOOGEE Blade10Power

DOOGEE Blade10 Power Rugged Smartphone User Manual

Model: Blade10Power | Brand: DOOGEE

1. Introduction

About Your DOOGEE Blade10 Power

The DOOGEE Blade10 Power is a rugged smartphone designed for durability and high performance. It features a massive 10300mAh battery for extended usage, 24GB RAM (16GB + 8GB extended) and 256GB internal storage expandable up to 2TB. Equipped with a 50MP AI main camera and an 8MP front camera, it captures stunning photos and videos. The 6.6-inch HD+ IPS display with a 90Hz refresh rate provides a smooth visual experience. Built to withstand harsh environments, it is IP68/IP69K certified and MIL-STD-810H compliant, offering protection against water, dust, and drops. Running on the latest Android 14 system, it ensures enhanced security and seamless multitasking.

2. What's in the Box

Your DOOGEE Blade10 Power package includes the following items:

- Blade10 Power Rugged Smartphone
- 1 x Charger
- 1 x Type-C USB Cable
- 1 x Screen-printed Protective Film (Pre-applied)
- 1 x Anti-explosion film
- 1 x Packing Box

- 1 x Manual
- 1 x Warranty Card

3. Initial Setup

SIM Card and TF Card Installation

The Blade10 Power supports a triple card slot design, allowing for two SIM cards and one TF (microSD) card simultaneously. To install, locate the SIM tray on the side of the device. Use the provided SIM ejector tool to open the tray. Carefully place your Nano-SIM cards and TF card into their respective slots, ensuring correct orientation. Close the tray securely.

First Use and Charging

Before first use, it is recommended to fully charge your DOOGEE Blade10 Power. Connect the included Type-C USB cable to the phone's charging port and the charger to a power outlet. The device supports 18W fast charging, allowing for quick power-ups. A full charge of the 10300mAh battery can provide up to 25 days of standby time or 72 hours of typical usage.

4. Operating Your Smartphone

Power On/Off and Basic Navigation

To power on your device, press and hold the power button located on the side until the DOOGEE logo appears. To power off, press and hold the power button, then select 'Power off' from the options. The Blade10 Power runs on Android 14, offering intuitive navigation, enhanced security, and improved performance. Utilize gestures and the customizable button for quick access to functions.

Camera Features

The Blade10 Power is equipped with a 50MP AI main camera and an 8MP front camera. The main camera supports various modes including HDR, Pro Mode, and Panorama, allowing for versatile photography in different scenarios. The AI integration optimizes settings for best results. The front camera is ideal for sharp selfies and clear video calls.

Performance and Storage

Experience smooth operation with 24GB RAM (16GB physical + 8GB extended virtual RAM) and 256GB of high-speed internal storage. For extensive data needs, the storage is expandable up to 2TB via a TF card. The powerful T615 Octa-core processor ensures efficient multitasking and responsive performance for all your applications and games.

Display and Visuals

The 6.6-inch HD+ IPS screen with a 90Hz refresh rate provides vibrant visuals and fluid interactions. Its notch-less punch design maximizes screen space for an immersive viewing experience, perfect for streaming and gaming. With 380 nits brightness, the display remains clear even in direct sunlight. The device also supports Widevine L1 for high-definition content streaming.

Enhanced Security and Connectivity

The Blade10 Power offers advanced security features including side fingerprint recognition and face unlock for quick and secure access. It supports NFC for convenient Google Pay transactions, GPS for accurate navigation, and Bluetooth 5.0 for reliable wireless connections. Global network compatibility makes it suitable for international travel.

5. Care and Durability

Rugged Protection

The DOOGEE Blade10 Power is built to endure extreme conditions. It is IP68 and IP69K certified, meaning it is highly resistant to dust and can withstand high-pressure, high-temperature water jets. It also meets MIL-STD-810H military standard, ensuring resistance to drops from up to 1.5 meters and submersion in water up to 1.5 meters for 30 minutes. To maintain its ruggedness, ensure all port covers are securely closed when exposed to water or dust.

Battery Longevity

To maximize the lifespan of your 10300mAh battery, avoid extreme temperatures. Charge the device using the original charger and cable. While the phone supports OTG reverse charging, use this feature sparingly and only when necessary to power other devices in emergencies.

6. Troubleshooting Common Issues

If you encounter any issues with your DOOGEE Blade10 Power, please refer to the following common solutions:

Problem	Solution
Phone not turning on	Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on again. If unresponsive, try a forced restart by holding the power button for 10-15 seconds.

Problem	Solution
Apps crashing or freezing	Close background apps. Clear the cache of the problematic app in Settings > Apps. Ensure your system and apps are updated to the latest versions. If the issue persists, consider uninstalling and reinstalling the app.
Poor network signal	Check if your SIM card is properly inserted. Try restarting the phone. Verify your network settings (APN) with your carrier. Move to an area with better network coverage.
Battery drains quickly	Reduce screen brightness, disable unnecessary features like Wi-Fi, Bluetooth, GPS when not in use. Close background apps. Check battery usage in Settings to identify power-hungry apps.
Fingerprint sensor not working	Ensure your finger is clean and dry. Re-register your fingerprints in Settings > Security > Fingerprint. Ensure the sensor area is clean and free from obstructions.

7. Technical Specifications

Feature	Detail
Model Name	Blade10Power
