TRAUSI i27

TRAUSI i27 Bluetooth Headphones User Manual

Model: i27

INTRODUCTION

Thank you for choosing the TRAUSI i27 Bluetooth Headphones. These wireless earbuds are designed to provide a superior audio experience with advanced features such as Bluetooth 5.3 connectivity, crystal clear calls with CVC 8.0 noise reduction, and a comfortable, secure fit with IPX7 waterproofing. This manual will guide you through the setup, operation, and maintenance of your new headphones to ensure optimal performance and longevity.

WHAT'S IN THE BOX

- i27 Wireless Earbuds (2)
- Wireless Charging Case (1)
- User Manual (1)
- Type-C Cable (1)
- S, M, L Eartips (3 pairs)

LED Power Digital Display

Easily Check The Remaining Battery and Charging Status at Any Time

SETUP

Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C cable to the charging port on the case and a USB power source. The LED display on the charging case will show the battery percentage. A full charge for the case takes approximately 1.5 hours. The earbuds provide up to 6 hours of playtime on a single charge, and the charging case extends total playtime to 54 hours. A quick 10-minute charge can provide 2 hours of playback.

Initial Pairing

1. Open the charging case. The earbuds will automatically power on and enter pairing mode.
2. On your device (smartphone, tablet, computer), enable Bluetooth.

3. Search for "i27" in the list of available Bluetooth devices and select it to connect.
4. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

Thanks to Bluetooth 5.3 technology and dual-channel transmission, the connection is fast and stable. After the initial pairing, the earbuds will automatically connect to the last paired device when taken out of the charging case.

OPERATING INSTRUCTIONS

Smart Touch Controls

The i27 earbuds feature multi-function touch panels on each earbud for convenient control:

- **Play/Pause:** One tap on either earbud (R/L).

- **Answer/End Call:** One tap on either earbud (R/L).
- **Reject Call:** Long press on either earbud.
- **Next Track:** Long press on the right earbud.
- **Previous Track:** Long press on the left earbud.
- **Volume Up:** One tap on the right earbud.
- **Volume Down:** One tap on the left earbud.
- **Activate Voice Assistant (Siri/Google Assistant):** Long press on either earbud (specific duration may vary, refer to device settings).

Easy Control, Physical Buttons

Light Click of Your Fingertips to Play Music or Answer Calls

MAINTENANCE

Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe the surfaces. For the eartips, remove them and clean with a mild soap solution if necessary, then rinse and dry thoroughly before reattaching. Do not use abrasive cleaners or immerse the charging case in water.

Waterproofing (IPX7)

The i27 earbuds are IPX7 certified waterproof, meaning they can withstand sweat and rain during workouts or daily use. However, the charging case is not waterproof. Avoid exposing the charging case to liquids. Do not use the earbuds for swimming or showering, as prolonged immersion is not recommended.

TROUBLESHOOTING

- **Earbuds not pairing with device:** Ensure Bluetooth is enabled on your device. Make sure the earbuds are charged and out of the charging case. Try forgetting the device in your Bluetooth settings and re-pairing.
- **Only one earbud working:** Place both earbuds back into the charging case, close the lid, wait a few seconds, then take them out again. This often re-syncs them.
- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected to your device.
- **Charging issues:** Ensure the charging cable is securely connected to both the case and the power source. Check if the charging port is clean and free of debris.
- **Poor sound quality:** Ensure the earbuds are clean and the eartips are properly seated in your ears. Try different sized eartips for a better seal.

SPECIFICATIONS

Feature	Detail
Model Name	i27
Connectivity Technology	Wireless (Bluetooth 5.3)
Ear Placement	In Ear
Form Factor	In Ear
