

Paxa Open Air 5 OWS

Paxa Open Air 5 OWS AI Translation Headphones User Manual

INTRODUCTION

This manual provides detailed instructions for the use and maintenance of your Paxa Open Air 5 OWS AI Translation Headphones. These headphones are designed to offer seamless real-time two-way translation in 144 languages, alongside high-quality audio for music and calls. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

PACKAGE CONTENTS

- 1 set of Paxa Open Air 5 OWS AI Translation Headphones
- 1 Charging Case
- 1 USB Type-C Charging Cable
- 1 User Manual

SETUP

1. Charging the Headphones and Case

Before first use, fully charge the headphones and the charging case. Connect the provided USB Type-C cable to the charging interface on the case and to a power source. The charging case has a capacity of 300 mAh. A full charge takes approximately 1 hour.

Super headphones equipped with AI Súper auriculares equipados con AI

Image: The Paxa Open Air 5 OWS AI Translation Headphones are shown inside their charging case, which features a digital display indicating a '100' charge level. This illustrates the charging status of the device.

2. Pairing with a Device

1. Ensure the headphones are charged and removed from the charging case.
2. Activate Bluetooth on your mobile phone or tablet.
3. Search for available Bluetooth devices. The headphones should appear as "Paxa Open Air 5 OWS" or similar.
4. Select the headphones to pair. A confirmation sound or indicator will signify successful pairing.

The headphones utilize Bluetooth version 5.4, providing a stable connection up to 10 meters.

OPERATING INSTRUCTIONS

1. Wearing the Headphones

The headphones feature an ergonomic over-ear design for comfortable and secure placement. Adjust them to fit snugly over your ears.

Natural and Instant Translation

Traducción natural e instantánea

Image: A pair of black Paxa Open Air 5 OWS AI Translation Headphones are displayed, with words like "Hello," "Bonjour," "Hola," and "Xin chào" in various languages surrounding them, illustrating their translation capability.

2. Basic Controls (Touch Method)

The headphones are controlled via touch gestures. Specific functions may vary depending on the connected application.

- **Single Tap:** Play/Pause music, Answer/End call.
- **Double Tap:** Next track (music), Reject call.
- **Triple Tap:** Previous track (music).
- **Long Press:** Activate voice assistant, Switch translation modes (refer to app for details).

3. Real-time Translation

The headphones support two-way translation in 144 languages. To utilize this feature, you will need to use the dedicated companion application on your smartphone or tablet.

Translation Modes:

- **Free Chat Mode:** For natural, continuous conversation translation.
- **Offline Translation:** Allows translation without an internet connection, enhancing privacy.
- **Audio Transcription:** Converts spoken language into text.

- **Image Translation:** Translates text from images (requires companion app camera function).

Image: Two individuals are shown engaged in a face-to-face conversation, with speech bubbles indicating real-time translation from one language to another, demonstrating the headphones' face-to-face translation capability.

On-site meeting recording at startup Grabación de reuniones in situ al inicio

Image: A business meeting is depicted with two individuals, and a large screen in the background shows graphs and text, including a transcription of spoken words in English. This illustrates the on-site meeting recording and transcription feature.

4. Music Playback and Calls

In addition to translation, the headphones provide clear audio for music and phone calls. Use the touch controls to manage playback and calls.

MAINTENANCE

- **Cleaning:** Wipe the headphones and charging case with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Water Resistance:** The headphones are water-resistant. However, they are not designed for submersion. Avoid prolonged exposure to water. Dry thoroughly if they get wet.
- **Storage:** Store the headphones in their charging case when not in use to protect them and keep them charged. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge

regularly.

TROUBLESHOOTING

Headphones do not power on or charge.

- Ensure the charging cable is securely connected to both the case and a power source.
- Check if the charging case itself has power. The display should indicate charge level.
- Clean the charging contacts on both the headphones and the case.

Cannot pair headphones with my device.

- Ensure Bluetooth is enabled on your device and the headphones are in pairing mode (usually indicated by a flashing light).
- Make sure the headphones are fully charged.
- Try turning Bluetooth off and on again on your device.
- Move closer to your device to ensure you are within the 10-meter Bluetooth range.
- If previously paired, try "forgetting" the device in your Bluetooth settings and re-pairing.

No sound or poor sound quality.

- Check the volume levels on both your device and the headphones.
- Ensure the headphones are properly connected to your device.
- Try playing audio from a different application or source.
- For translation issues, ensure you have an active internet connection (unless using offline mode) and the companion app is running correctly.
