AIPER Scuba E1

AIPER Scuba E1 Cordless Robotic Pool Cleaner - Instruction Manual

Brand: AIPER | Model: Scuba E1

PRODUCT OVERVIEW

The AIPER Scuba E1 is a cordless robotic pool cleaner designed for efficient and thorough cleaning of above-ground pools. It combines powerful suction with an advanced filtration system to ensure your pool remains spotless. Its user-friendly design emphasizes ease of use and maintenance.

- **Professional-Grade Bottom Brush:** Engineered for exceptional performance, Aiper's specialized bottom brush delivers a deep and thorough clean, efficiently removing debris from pool floors. This innovative design ensures effortless pool maintenance.
- **Advanced Filtration System:** AIPER features a more sophisticated and advanced filtration system. Its 3.6L high-capacity filter basket effectively captures leaves and debris, while its replaceable ultra-fine filter can trap dirt as small as 3 µm.
- **Powerful Suction:** Equipped with dual motors and pumps, this above-ground pool vacuum offers double the cleaning efficiency. It glides smoothly across surfaces, capturing dirt and debris with ease, providing a spotless pool every time.
- **Extended Battery Life:** Ideal for above-ground pools up to 1,100 sq. ft. (33 ft in length), this vacuum charges in just 2 hours and offers an impressive 130 minutes of cleaning time. Its long-lasting battery ensures uninterrupted and reliable performance.
- **Lightweight and User-Friendly Design:** Featuring a lightweight structure and rapid drainage, this pool vacuum is easy to remove from the water. Cleaning is simple—just open the top cover, take out the filter, and rinse it off.

SETUP

Charging the Device

Before first use, fully charge the Scuba E1. The device uses a Lithium-Ion battery (10.8 Volts) and requires approximately 3 hours for a full charge. Ensure the charging port is dry before connecting the charger.

Initial Placement in Pool

Once fully charged, the Scuba E1 is ready for operation. Simply press the one-click activation button on the top of the unit. The device will then be ready to be placed into your pool.

OPERATING

Cleaning Cycle

The Scuba E1 offers an impressive 130 minutes of cleaning time on a full charge, suitable for above-ground pools up to 1,100 sq. ft. Its dual motors provide powerful suction, ensuring efficient debris collection throughout the cleaning cycle.

Movement and Navigation

The robotic cleaner navigates the pool floor using its motorized wheels, moving in both forward and reverse directions. It is equipped with anti-collision bumpers to prevent accidental damage to your pool walls. The device is designed for flat-bottom pools and does not climb walls or steps.

Official Product Videos

Official product videos from the seller would be embedded here to demonstrate the Scuba E1's operation and features. Currently, no seller-provided videos are available.

MAINTENANCE

Cleaning the Filter

It is recommended to clean the filter after each use to maintain optimal performance. The 3.6L high-capacity filter basket effectively captures larger debris, while the ultra-fine filter traps smaller particles down to 3 μm . Simply open the top cover, remove the filter basket, and rinse it thoroughly with water.

TROUBLESHOOTING

- **Device not moving or wheels locked:** Ensure the device is fully charged. Check the wheels for any obstructions or debris that might be preventing movement.
- **Debris spilling when removing from pool:** Utilize the quick drainage feature by holding the device on the pool edge for a few seconds to allow water to drain before fully removing it.
- **Ineffective debris pickup:** Clean the filter basket and ultra-fine filter thoroughly. Ensure no large debris is blocking the suction intake.
- **Device not charging:** Verify the charging port is completely dry before connecting the charger. Ensure the charger is properly connected to a power source.

SPECIFICATIONS

Feature	Specification
Brand	AIPER
Model Name	Scuba E1
Power Source	Battery Powered
Item Weight	12.5 Pounds
Special Feature	Dual Filtration System
Engine Type	Quad-motor
Control Method	Touch
Battery Type	Lithium-Ion
Voltage	10.8 Volts
Charging Time	3 Hours
Battery Life	130 Minutes
Cleaning Area	Up to 1,100 Sq.ft (33 ft in length)
Capacity	3.6 Liters
Product Dimensions	19.1"L x 12.6"W x 8.3"H
Material	Plastic, Acrylonitrile Butadiene Styrene (ABS)
Color	Gray

WARRANTY & SUPPORT

Warranty Information

The AIPER Scuba E1 comes with a Limited Manufacturer Warranty. Please refer to the warranty card included in your product packaging for full details and terms.

Customer Support
