2. SAFETY INFORMATION

- Always assemble the desk on a stable, level surface to ensure structural integrity.
- Be cautious when handling heavy components to avoid injury. It is recommended to have at least two people for assembly and moving the desk.
- Ensure the desk is properly anchored to the wall or floor to prevent tipping, especially with the hutch installed.
- Do not overload drawers or the desktop to maintain stability and prevent damage.
- Always follow the assembly instructions carefully to avoid potential safety hazards and ensure correct construction.

3. PACKAGE CONTENTS

Your OKD L-Shaped Executive Desk with Hutch will be delivered in multiple packages, typically three separate boxes (Box A, Box B, Box C). These boxes may arrive on different days. Please ensure all packages have arrived before beginning assembly.

Product Dimensions

Image 3.1: Product dimensions and illustration of the three packages (Box A, B, C) for delivery. The packages contain all necessary components for the desk and hutch, including:

- Desk panels and supports
- Hutch panels and supports
- Drawer components and slides
- Charging station unit (2 USB ports, 2 AC outlets)
- Hardware kit (screws, dowels, cam locks, etc.)
- Assembly instructions manual

4. SETUP AND ASSEMBLY

Assembly of this desk requires time and attention to detail. It is recommended to have two people for the

assembly process, which can take several hours (typically 4-12 hours depending on experience).

4.1 Recommended Tools

- Drill (optional, for speed)
- Phillips Head Screwdriver
- Hammer (for dowels)

4.2 General Assembly Steps

1. **Unpack and Organize:** Carefully unpack all components and verify against the parts list in your included instruction manual. Organize hardware by type.
2. **Assemble Desk Base:** Follow the step-by-step diagrams to construct the main L-shaped desk frame. Pay close attention to the orientation of panels.
3. **Install Drawers and Cabinets:** Assemble drawer boxes and install drawer slides. Note that some drawer slider hardware may need to be separated before installation. Install cabinet doors and adjust hinges for proper alignment.
4. **Integrate Charging Station:** Insert the power hub into the designated opening on the desktop.
5. **Assemble Hutch:** Construct the hutch frame, including glass-front cabinets and shelves.
6. **Attach Hutch to Desk:** With assistance, carefully lift and place the hutch onto the assembled desk. Secure it using the provided fasteners. It is advisable to move the desk to its final location before attaching the hutch due to combined weight.

6. MAINTENANCE

To maintain the appearance and longevity of your OKD Executive Desk, follow these simple care instructions:

- **Cleaning:** Wipe surfaces with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the distressed finish.
- **Spills:** Immediately blot any spills with a clean, dry cloth.
- **Heat and Moisture:** Protect the surface from direct heat and excessive moisture using coasters or protective pads.
- **Hardware:** Periodically check and tighten all hardware to ensure stability.

7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Missing Parts:** If you find any parts missing or damaged upon unboxing, please contact OKD customer support immediately with your purchase details.
- **Drawer Alignment:** If drawers do not slide smoothly or appear misaligned, check that the drawer slides are correctly installed and that all screws are tightened. Ensure the drawer slider hardware has been properly separated as per the assembly instructions.
- **Cabinet Door Alignment:** If cabinet doors rub against the frame, adjust the hinges using a Phillips screwdriver. Small adjustments can significantly improve alignment.
- **Computer Tower Fit:** The concealed cabinet is designed to accommodate most standard computer towers. If a flash drive or cable prevents the door from closing, you may need to adjust the computer's position or remove the adjustable shelf for more space.
- **Desk Wobbles:** Ensure the desk is on a level surface. Check all cam locks and screws to confirm they are fully tightened.
