

## AOBOCAM A12

# AOBOCAM Mini Security Camera A12 User Manual

Model: A12

## 1. INTRODUCTION

---

This manual provides comprehensive instructions for the AOBOCAM Mini Security Camera A12. Please read this guide thoroughly before operating the device to ensure proper setup and functionality. This camera is designed for discreet surveillance and monitoring.

## 2. PRODUCT FEATURES

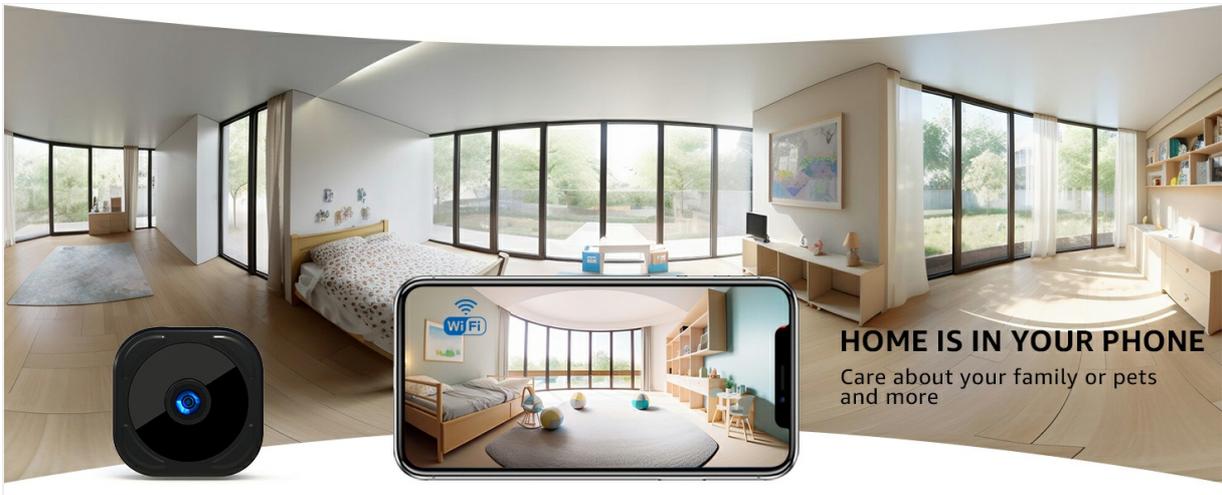

---

- **Compact Design:** The A12 camera features a small, unobtrusive design for easy placement in various environments.
- **Remote Monitoring:** Access live video feeds and recordings directly from your smartphone via a dedicated application.
- **Motion Detection:** Receive instant notifications on your mobile device when motion is detected, enhancing security.
- **High-Definition Video:** Records video in 1080P resolution for clear image quality.
- **HD Night Vision:** Equipped with infrared LEDs for clear video recording in low-light or complete darkness.
- **Flexible Storage:** Supports local storage via Micro SD card (not included) and optional cloud storage (paid subscription may be required).
- **Easy Connectivity:** Utilizes Bluetooth for initial setup and Wi-Fi for remote access.

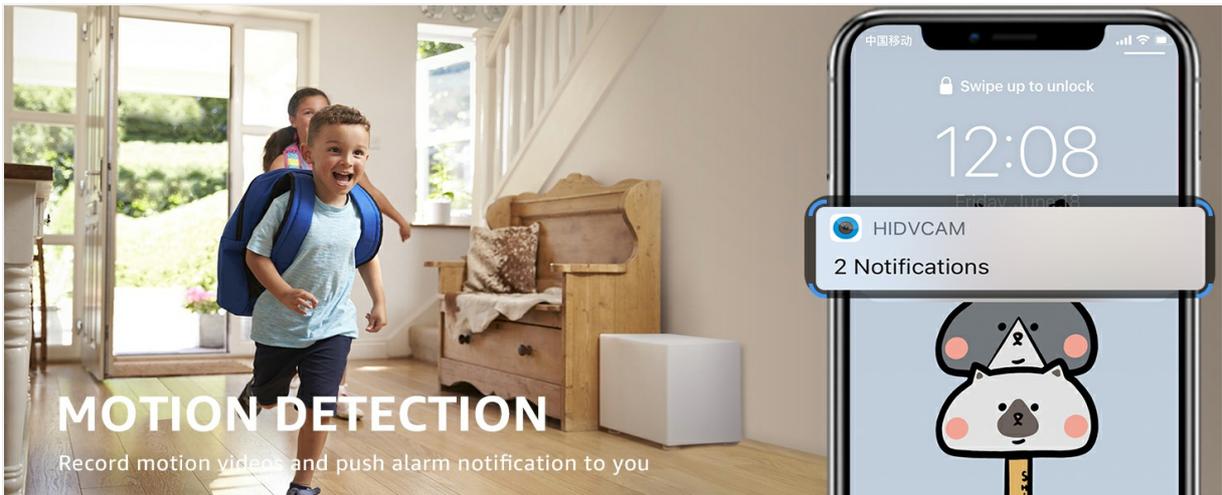

**TINY YET POWERFUL**  
Easy to place and install

### 3. GETTING STARTED

---

#### 3.1 Charging the Camera

Before first use, fully charge the camera using the provided USB cable. Connect the cable to the camera's charging port and a standard USB power adapter (not included). The charging indicator light will typically change color or turn off when fully charged. For continuous operation, keep the camera plugged into a power source.

#### 3.2 App Installation and Connection

To use the camera's full features, download the companion application (e.g., HIDVCAM) from your smartphone's app store. Follow these steps to connect your camera:

1. **Step 1:** Sign into the application on your smartphone.
2. **Step 2:** Turn on the A12 camera. Ensure it is sufficiently charged or connected to power.
3. **Step 3:** Within the app, add your device. The app will guide you through connecting to your Wi-Fi network and completing the setup process. The camera uses Bluetooth for initial pairing and Wi-Fi for data transmission.

## 4. OPERATION GUIDE

### 4.1 Live View

Once connected, open the app and select your camera to view the live feed. You can monitor your space in real-time from anywhere with an internet connection.

### 4.2 Recording

The camera supports continuous recording or event-triggered recording (e.g., motion detection). Recordings can be stored on a Micro SD card (if inserted) or in the cloud (if subscribed). Access recorded footage through the app's playback feature.

### 4.3 Motion Detection Settings

Configure motion detection sensitivity and notification preferences within the app settings. You can set specific areas for motion detection and schedule active times to avoid unnecessary alerts.

### 4.4 Night Vision

The camera automatically switches to night vision mode in low-light conditions. Ensure the camera lens is unobstructed for optimal night vision performance.

## 5. MAINTENANCE

---

### 5.1 Cleaning

Gently wipe the camera lens and body with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials that could damage the device.

### 5.2 Battery Care

To prolong battery life, avoid extreme temperatures. If the camera is not used for extended periods, charge it periodically to prevent deep discharge.

## 6. TROUBLESHOOTING

---

- **Camera not connecting to Wi-Fi:** Ensure your Wi-Fi network is 2.4GHz. This camera does not support 5GHz Wi-Fi networks. Verify your Wi-Fi password and network stability.

- **Frequent disconnections:** If the camera frequently disconnects, try restarting the camera and re-pairing it through the app. Ensure the camera is within optimal range of your Wi-Fi router.
- **Short battery life:** The camera's internal battery is designed for portable use. For continuous monitoring, it is recommended to keep the camera connected to a power source.
- **Poor image quality:** Ensure the camera lens is clean and free from obstructions. Check your internet connection speed, as a slow connection can affect streaming quality.
- **No motion detection alerts:** Verify that motion detection is enabled in the app settings and that notification permissions are granted for the app on your smartphone.

## 7. SPECIFICATIONS

---

<b>Model Number</b>	A12
<b>Product Dimensions</b>	2.03 x 3.05 x 2.03 cm
<b>Item Weight</b>	90 g
<b>Battery Type</b>	Lithium Polymer (1 A battery included)
<b>Video Resolution</b>	1080P (as per image)
<b>Connectivity</b>	2.4GHz Wi-Fi, Bluetooth
<b>Storage Options</b>	Micro SD Card (not included), Cloud Storage (optional subscription)

## 8. WARRANTY AND SUPPORT

---

For warranty information or technical support, please refer to the product packaging or contact AOBOCAM customer service through the official website or your purchase platform. Keep your proof of purchase for warranty claims.
