Homary Modern Makeup Vanity Set with Charging Station

Model: JJ521I07R6

1. INTRODUCTION

Thank you for choosing the Homary Modern Makeup Vanity Set. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity set. Please read all instructions carefully before use and retain this manual for future reference.

2. SAFETY INFORMATION

Important Safety Instructions:

- Always follow the assembly instructions carefully to ensure structural integrity.
- Keep electrical components, such as the power strip, away from water or excessive moisture to prevent electrical shock.
- Do not overload the electrical outlets on the built-in power strip. Ensure total wattage of connected devices does not exceed the vanity's specified limit.
- Unplug the vanity from the power source when not in use or during cleaning.
- Keep the area around the vanity clear of obstructions to prevent tripping hazards.
- Ensure the vanity is placed on a stable, level surface to prevent tipping.

3. PRODUCT OVERVIEW

The Homary Modern Makeup Vanity Set is designed for functionality and style, featuring multiple storage options and integrated technology. Key components include a vanity desk, a foldable mirror, a side cabinet with drawers, a tempered glass jewelry storage area, a built-in charging station, and an upholstered stool.

4. ASSEMBLY INSTRUCTIONS

Assembly of this vanity set is required. Please ensure all parts are present before beginning. Refer to the separate assembly guide provided in the packaging for detailed, step-by-step instructions, diagrams, and hardware identification. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

1. Unpack all components and verify against the parts list in the assembly guide.
2. Follow the numerical sequence of steps provided in the assembly guide.
3. Ensure all screws and fasteners are tightened securely, but do not overtighten.
4. Connect the power cord to a suitable electrical outlet after assembly is complete and all electrical components are securely installed.

5. FEATURES AND OPERATION

5.1 Built-in Power Strip with USB Ports & Outlets

The vanity includes a convenient power strip integrated into the desktop. This strip features 2 USB ports and 2 standard electrical outlets, allowing you to charge electronic devices and power beauty tools directly at your vanity. To use, simply plug the vanity's main power cord into a wall outlet, then connect your devices to the power strip.

5.2 Elegant Tempered Glass Jewelry Storage

The vanity features a tempered glass top that covers a dedicated jewelry and accessories storage compartment. This transparent design allows for easy viewing and organization of your items. To access, gently lift the glass panel. The compartments are designed to keep rings, necklaces, and other small items neatly separated.

5.3 Transparent Storage with Smart Sensor Light

A transparent storage compartment, typically located on the desktop or within the side cabinet, is equipped with a smart sensor light. This light automatically illuminates when the compartment is opened, providing clear visibility for selecting makeup, skincare products, or other beauty tools. The light will turn off automatically when the compartment is closed.

6. PRODUCT CARE AND MAINTENANCE

Proper care and maintenance will extend the life and appearance of your vanity set.

- **Cleaning:** Wipe surfaces with a damp cloth. For stubborn marks, use a mild, non-abrasive cleaner.
- **Moisture:** Avoid excessive moisture. Immediately wipe up any spills to prevent damage to the MDF and other materials.
- **Glass Care:** Clean tempered glass surfaces with a glass cleaner and a soft cloth.
- **Electrical Components:** Ensure the power strip and sensor light areas remain dry. Do not spray cleaning liquids directly onto electrical parts.
- **Stool Care:** For velvet or PU leather upholstery, spot clean with a damp cloth and mild soap. Avoid harsh chemicals.

7. TROUBLESHOOTING

If you encounter any issues with your vanity set, please refer to the following common troubleshooting tips:

- **Power Strip Not Working:** Check if the vanity's main power cord is securely plugged into a functional wall outlet. Ensure no circuit breakers have tripped.
- **Sensor Light Not Activating:** Verify that the vanity is plugged in. Ensure the sensor area is clean and unobstructed. If the light still does not work, contact customer support.
- **Drawers Sticking:** Check for any obstructions within the drawer slides. Ensure the vanity is on a level surface, as unevenness can affect drawer operation.
- **Mirror Adjustment Issues:** Ensure all mirror hinges and fasteners are properly tightened. Do not force the mirror if it feels stiff.

For issues not covered here, please contact Homary customer support.
