Asixxsix LED Video Light for Osmo 3

INSTRUCTION MANUAL

Introduction

This manual provides detailed instructions for the safe and effective use of your Asixxsix LED Video Light, designed specifically for Osmo 3 action cameras. Please read this manual thoroughly before operating the device to ensure optimal performance and longevity.

Product Overview

The Asixxsix LED Video Light is a compact, rechargeable fill light featuring adjustable color temperatures and brightness levels. It is designed for easy attachment to Osmo 3 action cameras and other metal surfaces, enhancing your photography and videography in various conditions.

- **Exclusive Design:** Compatible with Osmo 3 action cameras, includes single and double mounting clips.
- **Easy Adsorption:** Built-in magnetic core for attachment to metal surfaces.
- **Adjustable Versatility:** Three color temperatures (white, warm, soft) and three brightness levels.
- **Convenient Charging:** USB charging port with a 200 mAh lithium battery, providing 2-8 hours of use on a 1-hour charge.

Maintenance

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the light to extreme temperatures or direct sunlight for prolonged periods.
- Do not immerse the device in water as it is not water-resistant.
- Store the light in a cool, dry place when not in use.

Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted.	Charge the device using the provided USB cable.
Light flickers or is dim.	Low battery or faulty connection.	Ensure the device is fully charged. Check the USB cable connection if charging.
Cannot change color temperature or brightness.	Incorrect button press or device malfunction.	Ensure you are pressing the correct buttons as described in the "Operating Instructions". If the issue persists, contact customer support.
