

T-Mobile REVVL TAB 5G

T-Mobile REVVL TAB 5G User Manual

Model: REVVL TAB 5G (MT8785)

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your T-Mobile REVVL TAB 5G. Please read this manual thoroughly before operating the device and keep it for future reference.

The T-Mobile REVVL TAB 5G is designed to provide a versatile mobile computing experience with its expansive 10.36-inch FHD display, powerful battery, and integrated Google ecosystem.

2. WHAT'S IN THE BOX

Upon unboxing your T-Mobile REVVL TAB 5G, ensure all the following items are present:

- T-Mobile REVVL TAB 5G Tablet
- USB Cable (for charging and data transfer)
- SIM Removal Tool
- Quick Start Guide (separate document, if included)

3. DEVICE OVERVIEW

Figure 3.1: Front and back view of the T-Mobile REVVL TAB 5G tablet,

showcasing its sleek design and camera module.

Figure 3.2: Front view of the T-Mobile REVVL TAB 5G, highlighting the 10.36-inch FHD display.

Figure 3.3: Side profile of the T-Mobile REVVL TAB 5G, showing the power and volume buttons.

Figure 3.4: Rear view of the T-Mobile REVVL TAB 5G, displaying the camera module and T-Mobile branding.

Figure 3.5: Angled front view of the T-Mobile REVVL TAB 5G, providing a perspective of its slim profile.

4. SETUP

4.1. Initial Charging

Before first use, fully charge your REVVL TAB 5G. Connect the provided USB cable to the tablet's charging port and the other end to a compatible USB power adapter (not included) or a computer's USB port. The charging indicator will show the battery status.

4.2. Inserting a SIM Card (Optional)

The T-Mobile REVVL TAB 5G supports cellular connectivity. To insert a SIM card:

1. Locate the SIM card tray on the side of the tablet.

2. Insert the SIM removal tool into the small hole next to the tray to eject it.
3. Place the Nano-SIM card into the tray with the gold contacts facing down, ensuring it is correctly oriented.
4. Gently push the tray back into the slot until it clicks into place.

4.3. Powering On/Off

- **To Power On:** Press and hold the Power button (located on the side) until the T-Mobile logo appears on the screen.
- **To Power Off:** Press and hold the Power button until the power options menu appears. Select "Power off" and confirm.
- **To Restart:** From the power options menu, select "Restart" and confirm.

4.4. Initial Setup Wizard

Upon first power-on, the tablet will guide you through an initial setup wizard. This includes:

- Selecting your language.
- Connecting to a Wi-Fi network.
- Signing in with your Google account or creating a new one.
- Setting up screen lock (PIN, pattern, password, or fingerprint).
- Reviewing and accepting terms and conditions.

5. OPERATING THE TABLET

5.1. Navigation and Gestures

The REVVL TAB 5G uses standard Android navigation gestures:

- **Tap:** Select an item or open an application.
- **Long Press:** Access contextual menus or move icons.
- **Swipe:** Scroll through screens, lists, or dismiss notifications.
- **Pinch-to-Zoom:** Zoom in or out on images, maps, or web pages.

5.2. Connecting to Networks

5.2.1. Wi-Fi Connection

1. Go to **Settings > Network & internet > Wi-Fi**.
2. Toggle Wi-Fi on.
3. Select your desired network from the list and enter the password if prompted.

5.2.2. Mobile Data (5G)

If a SIM card is inserted and activated, mobile data will be available. To manage mobile data:

- Go to **Settings > Network & internet > Mobile network**.
- Toggle "Mobile data" on or off as needed.

5.3. Camera Usage

The tablet features a dual camera system. To use the camera:

1. Open the **Camera** application.

2. Select photo or video mode.
3. Tap the shutter button to capture an image or start/stop recording.

5.4. Audio and Display

The REVVL TAB 5G features dynamic audio with dual stereo speakers and a 10.36" FHD display.

- **Volume Control:** Use the volume buttons on the side of the tablet.
- **Display Settings:** Adjust brightness, dark theme, and font size in **Settings > Display**.

5.5. Google Ecosystem Integration

Your tablet is fully integrated with the Google ecosystem, providing access to:

- **Google Play Store:** Download apps, games, movies, and books.
- **Gmail, Google Maps, YouTube:** Pre-installed Google applications.
- **Google Assistant:** Use voice commands for various tasks.

6. MAINTENANCE

6.1. Cleaning the Device

To clean your tablet, use a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner specifically designed for electronics. Avoid using harsh chemicals, abrasive materials, or excessive moisture.

6.2. Battery Care

- Avoid exposing the tablet to extreme temperatures (hot or cold).
- Do not allow the battery to fully discharge frequently.
- Use only approved charging accessories.

6.3. Software Updates

Regularly check for and install software updates to ensure optimal performance and security. Go to **Settings > System > System update**.

6.4. Storage Management

The tablet comes with 128GB of flash memory. To manage storage:

- Go to **Settings > Storage** to view usage and free up space.
- Consider using cloud storage services for large files.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Tablet does not power on.	Low or depleted battery.	Connect to charger and allow to charge for at least 30 minutes before attempting to power on.

Problem	Possible Cause	Solution
Screen is unresponsive.	Software glitch or temporary freeze.	Perform a forced restart by holding the Power button for approximately 10-15 seconds.
Cannot connect to Wi-Fi.	Incorrect password, out of range, or router issue.	Verify Wi-Fi password, move closer to router, restart router, or forget and re-add network.
Apps are crashing or slow.	Insufficient RAM, outdated app, or software issue.	Close background apps, clear app cache, update apps, or restart the tablet.
No sound from speakers.	Volume too low, silent mode enabled, or hardware issue.	Increase volume, disable silent mode, check audio settings, or restart the tablet.

8. SPECIFICATIONS

Feature	Detail
Model Name	REVVL TAB 5G
Item Model Number	MT8785
Brand	T-Mobile
Operating System	Android
Screen Size	10.36 Inches
Max Screen Resolution	1200 x 2000 Pixels
Flash Memory Size	128 GB
