Kullavik 10x10x6 FT Large Outdoor Dog Kennel Instruction Manual

Model: TS-01SNDK24-PLUS

INTRODUCTION

Thank you for choosing the Kullavik 10x10x6 FT Large Outdoor Dog Kennel. This heavy-duty enclosure is designed to provide a safe, spacious, and comfortable environment for your pets. Constructed from anti-rust galvanized steel and featuring a UV and water-resistant roof cover, it offers durability and protection against various weather conditions. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your kennel.

The kennel features a grey roof cover and galvanized steel panels.

Safety Information

Please read all safety warnings and instructions carefully before assembling and using the kennel. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all parts are present and undamaged before assembly. If any parts are missing or damaged, contact customer service immediately.
- Assembly requires at least two adults.
- Wear appropriate safety gear, such as gloves, during assembly to prevent cuts or pinches.
- Securely anchor the kennel to the ground using the provided ground nails to prevent overturning, especially in strong winds. The product comes with 12 reinforced ground nails.
- Regularly check all connections and locks to ensure they are secure.
- Do not allow children to play unsupervised near or inside the kennel.
- This kennel is designed for pets. Do not use it for purposes other than its intended use.
- The fence grid size is 2.96 x 1.97 inches, designed to prevent pets from escaping or getting hurt.

Package Contents

The Kullavik dog kennel is shipped in two separate boxes, which may arrive at different times. Please verify all components are received before beginning assembly.

List of Components

Component	Quantity	Description
Kennel Panels	Varies	Galvanized steel mesh panels forming the enclosure walls.
Roof Cover	1	UV and water-resistant tarp for overhead protection.
Assembly Hardware	1 set	Bolts, nuts, washers, and other fasteners.
Ground Nails	12	Reinforced stakes for securing the kennel to the ground.
Security Locks	2	Double lock mechanism for the door.
Instruction Manual	1	This document.

Durable Lock

It provides extra security and reduces the risk of your pet escaping or getting injured

Strong base

Prevent the kennel from shifting or tipping over in strong winds or during vigorous dog activity

SETUP AND ASSEMBLY

Assembly of the Kullavik dog kennel requires careful attention to detail and is best performed by two people. Please follow these steps sequentially.

Tools Required:

- Wrench (often included or standard size)
- Pliers (optional, for tightening)
- Measuring Tape (for placement)

Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and verify against the package contents list. Separate panels,

hardware, and the roof cover.

2. **Assemble Base Frame:** Connect the bottom frame pieces using the provided hardware. Ensure all connections are snug but do not fully tighten until the entire frame is assembled.
3. **Attach Side Panels:** Securely attach the side panels to the base frame and to each other using bolts and nuts. Pay attention to the orientation of the panels, especially the door panel.
4. **Install Door and Locks:** Integrate the door panel into the designated opening. Install the upgraded double lock mechanism as per the instructions provided with the hardware.

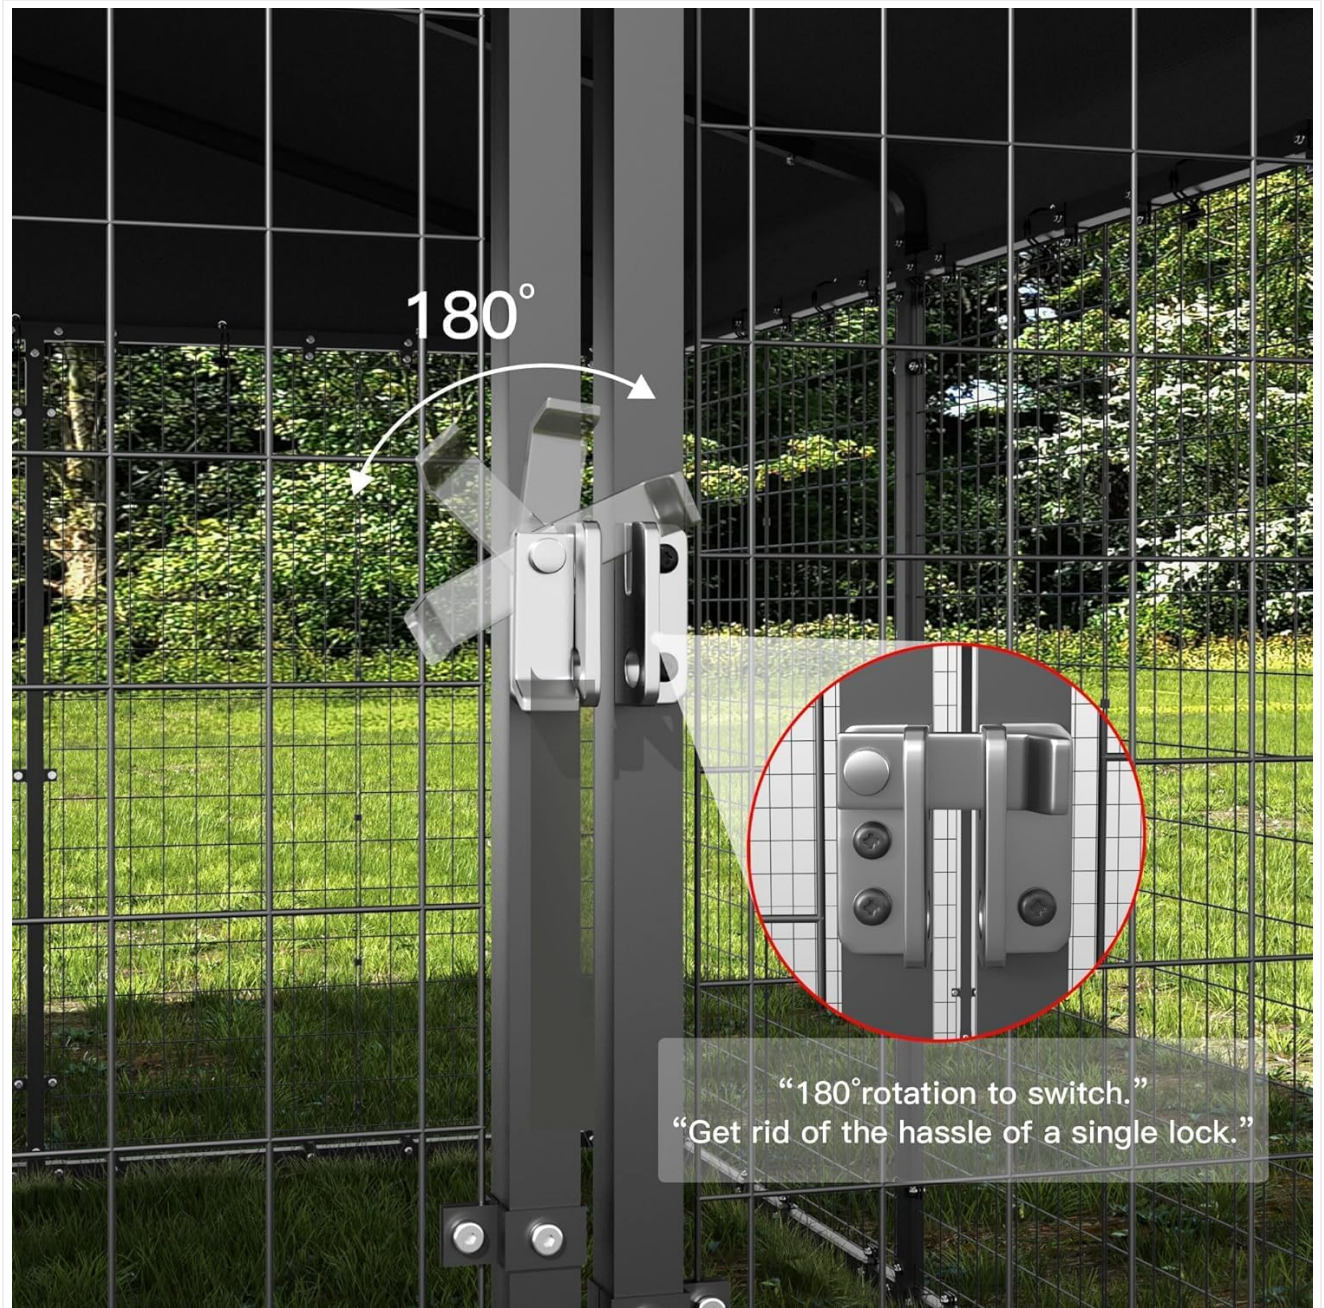

Image: A detailed view of the double lock system on the kennel door, designed for enhanced security and ease of use with a 180-degree rotation feature.

5. **Attach Top Frame:** Connect the top frame pieces, mirroring the base frame assembly. Secure them to the top of the side panels.
6. **Secure Ground Nails:** Once the main structure is standing, insert the 12 reinforced ground nails into the designated points at the base of the kennel. Drive them firmly into the ground to ensure stability.

EXTRA LARGE SIZE

Plenty of room for your pet to play happily inside

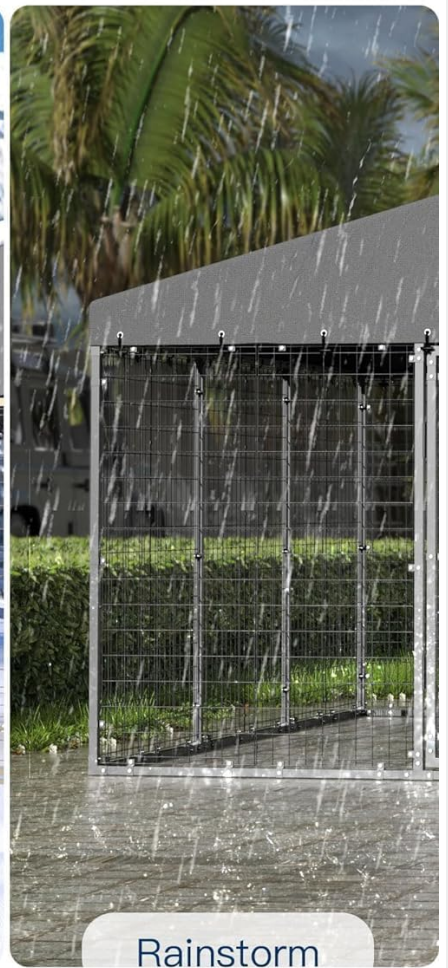

Image: An illustration highlighting the durable lock and the strong base with ground anchors, emphasizing stability and security for the kennel.

7. **Install Roof Cover:** Drape the UV and water-resistant roof cover over the top frame. Secure it using the elastic buckles or cord locks provided, ensuring it is taut and covers the entire top area.

FULL COVER ROOF

Image: Features of the full cover roof are displayed, including its polyester material, waterproof properties, cord lock attachment, and soakaway holes for drainage.

8. **Final Tightening:** Once all components are in place and aligned, go back and fully tighten all bolts and nuts.

Note: The kennel dimensions are 118"L x 118"W x 70.9"H. Ensure you have adequate space for installation.

Image: A diagram illustrating the overall dimensions of the Kullavik dog kennel: 118 inches in length, 118 inches in width, and 70.9 inches in height.

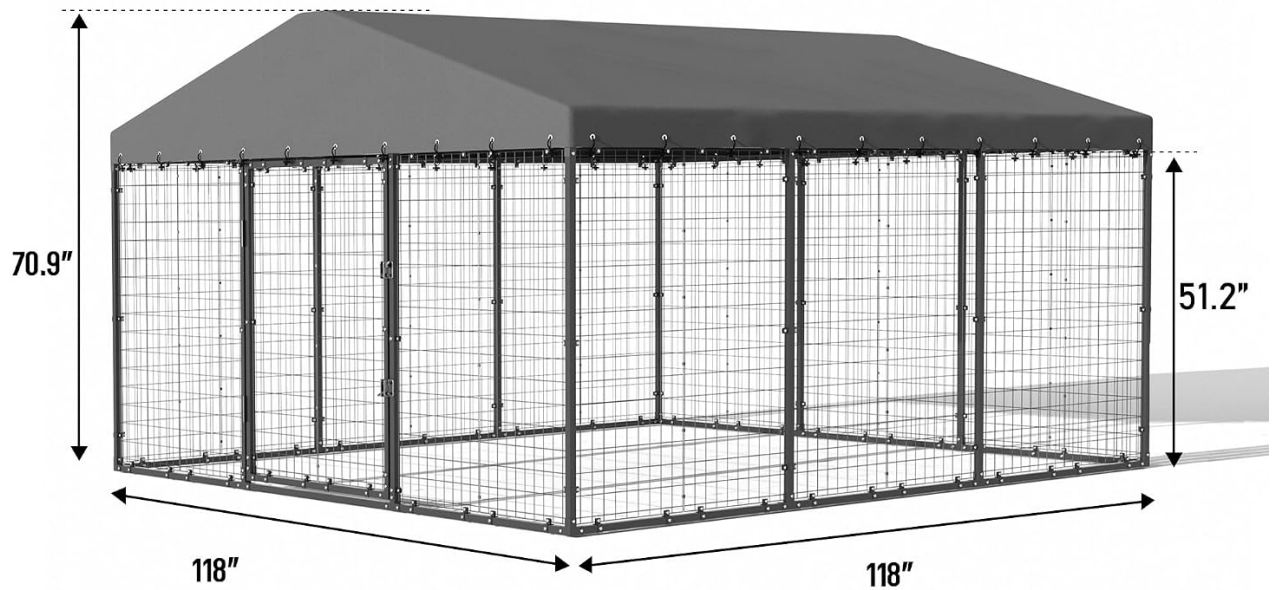

OPERATING INSTRUCTIONS

The Kullavik dog kennel is designed for ease of use and provides a secure space for your pets.

- **Accessing the Kennel:** Use the double lock mechanism on the door for entry and exit. The upgraded double lock prevents accidental opening by pets.
- **Pet Comfort:** Ensure your pet has access to fresh water, food, and appropriate bedding or shelter within the kennel, especially during extended stays. The spacious design allows for ample room for movement and play.
- **Weather Protection:** The UV and water-resistant roof cover provides protection from sun, rain, and snow. Ensure the cover is properly secured to maximize its effectiveness.

EXTRA LARGE SIZE

Plenty of room for your pet to play happily inside

Two box delivery, may arrive at different times.

Image: The kennel is shown in three different weather conditions: bright sun, heavy snow (blizzard), and rain, demonstrating its suitability for variable weather.

- **Suitable for Multiple Species:** While primarily designed for dogs, this kennel can also accommodate other small to medium-sized animals such as cats, rabbits, chickens, and ducks, providing a secure outdoor space.

Suitable For Multiple Species

MAINTENANCE

Regular maintenance will extend the life of your Kullavik dog kennel and ensure a safe environment for your pet.

- **Cleaning:** Periodically clean the kennel panels and roof cover with mild soap and water. Rinse thoroughly and allow to air dry. The wide door allows for easy access for cleaning.
- **Hardware Check:** Annually or semi-annually, inspect all bolts, nuts, and connections for tightness. Re-tighten as necessary to maintain structural integrity.
- **Ground Anchors:** Check the ground nails regularly, especially after heavy winds or rain, to ensure they remain firmly in place.
- **Roof Cover Inspection:** Inspect the roof cover for any tears or damage. While durable, extreme weather can cause wear. Replace if significant damage is present to maintain weather protection. The tarp is easily detachable for cleaning or replacement.
- **Rust Prevention:** The galvanized steel is anti-rust, but regular cleaning and inspection can help prevent any

potential corrosion over time.

TROUBLESHOOTING

Common Issues and Solutions		
Problem	Possible Cause	Solution
Kennel feels unstable or wobbly.	Loose connections; insufficient ground anchoring.	Ensure all bolts are fully tightened. Re-secure all 12 ground nails firmly into the soil. Consider additional anchoring in very windy areas.
Door does not close or lock properly.	Misalignment during assembly; debris in lock mechanism.	Check door panel alignment and adjust if necessary. Clean the lock mechanism. Ensure the double lock is engaged correctly.
Water pooling on roof cover.	Cover not taut enough; improper installation.	Re-adjust and tighten the elastic buckles/cord locks to ensure the roof cover is taut and slopes correctly for drainage.
Missing parts upon delivery.	Product shipped in two boxes that may arrive separately.	Wait for the second box to arrive. If parts are still missing after both boxes have been delivered, contact Kullavik customer service with your order details.

If you encounter issues not listed here or require further assistance, please contact Kullavik customer service.
