Bruni Bruni Basics-Clear 4053664339913

Bruni Screen Protector User Manual

Model: IPRO F188 Compatible Screen Protector

PRODUCT OVERVIEW

This manual provides instructions for the installation and care of your Bruni Screen Protector, specifically designed for the IPRO F188 device. This high-quality protective film is engineered to safeguard your device's display from scratches and impacts while maintaining optimal touch sensitivity and visual clarity.

Image: Bruni Screen Protector packaging, highlighting "Schutzfolie" (protective film), "Einfache Montage" (easy assembly), "Schlag- & Kratzfest" (impact & scratch resistant), and "Hergestellt in Deutschland" (Made in Germany).

Key Features

- **Precision Fit:** Accurately and specifically developed for the IPRO F188.
- **Durable Material:** Made of scratch-resistant, highly transparent PET material, laser-cut for precision.
- **Easy Application:** Designed for easy, bubble-free application, and can be removed or repositioned without residue.
- **Secure Adhesion:** Ensures optimal edge adhesion without slipping once applied.
- **Touch Optimized:** Maintains unadulterated display of screen contents and full touch usability.
- **Made in Germany:** Manufactured with high-quality standards.

PACKAGE CONTENTS

Before you begin, please ensure all items are present in your package:

- Bruni Screen Protector (2X)
- Mounting Aid
- Microfiber Cloth
- Mounting Instructions (this manual)

Lieferumfang

Displayschutzfolie

Montagehilfe

Mikrofasertuch

Montageanleitung

Image: Illustration of the package contents, including the display protection film, mounting aid, microfiber cloth, and mounting instructions.

SETUP AND INSTALLATION

Follow these steps for a successful, bubble-free installation:

1. **Prepare Your Device:** Ensure your IPRO F188 screen is completely clean and free of dust, fingerprints, and smudges. Use the provided microfiber cloth to wipe the screen thoroughly. For stubborn marks, a screen cleaning solution can be used, ensuring the screen is dry before proceeding.
2. **Align the Protector:** Carefully peel back a small portion of the protective layer from one end of the screen protector. Align the exposed edge of the screen protector with the corresponding edge of your device's screen. Take care to align it precisely with the speaker, camera, and sensor cutouts.
3. **Apply Gradually:** Slowly peel off the remaining protective layer while simultaneously applying the screen protector to the device's screen. Use the provided mounting aid (squeegee) to gently push out any air bubbles towards the edges as you go. Work from one end to the other to minimize bubble formation.
4. **Final Touches:** Once the screen protector is fully applied, use the microfiber cloth to gently wipe down the entire screen, ensuring all bubbles are removed and the protector is firmly adhered. Small bubbles may disappear over 24-48 hours.

SUPER EINFACHE MONTAGE

In nur 3 Schritten. Eine Anleitung liegt dem Lieferumfang bei.

OPERATING AND PERFORMANCE

The Bruni Screen Protector is designed to integrate seamlessly with your IPRO F188, preserving its original functionality and display quality.

- **Touch Sensitivity:** The ultra-thin design ensures that touch screen responsiveness is not compromised. Your device will remain highly sensitive and precise to your touch inputs.
- **Visual Clarity:** The crystal-clear film maintains the true colors and brightness of your device's display, providing an unadulterated viewing experience without color attenuation.
- **Protection:** Provides robust protection against scratches from everyday objects like keys and coins, and offers impact resistance up to 1 meter drop height.

Schneller-Touch

Blitzschnell,
hochsensibel und
präzise

Image: Illustrates the "Faster-Touch" capability, highlighting the lightning-fast, highly sensitive, and precise touch response with the screen protector applied.

Echte Farben

Klare Schutzfolie, keine Farbabschwächung

Image: Shows "True Colors" with a clear protective film, indicating no color attenuation and vibrant display quality.

Kratzfester Displayschutz

Stoßfest

Bis 1 Meter Fallhöhe

MADE IN 
GERMANY

Image: Illustrates the impact resistance of the screen protector, capable of withstanding drops from up to 1 meter, emphasizing its durability and "Made in Germany" quality.

MAINTENANCE

To ensure the longevity and effectiveness of your Bruni Screen Protector, follow these simple maintenance guidelines:

- **Cleaning:** Regularly wipe the screen protector with the provided microfiber cloth to remove fingerprints and smudges. For more thorough cleaning, lightly dampen the cloth with water or a mild, screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Avoid Sharp Objects:** While the protector is scratch-resistant, extreme pressure or very sharp objects can still cause damage. Avoid placing your device face down on rough surfaces or in pockets with keys and coins.
- **Removal:** If you need to remove or replace the screen protector, gently lift one corner and slowly peel it off. The adhesive is designed to be residue-free.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Bubbles under the protector:

Small bubbles often disappear within 24-48 hours. For larger bubbles, gently lift the nearest edge of the protector and re-apply, using the squeegee to push the air out. Ensure the screen is dust-free before re-application.

Dust particles trapped:

If dust particles are trapped, carefully lift the protector near the dust. Use a piece of tape to dab the dust off both the screen and the adhesive side of the protector. Re-apply carefully.

Protector not adhering properly at edges:

Ensure the screen is perfectly clean and dry. Press firmly along the edges with the squeegee or your finger. If the issue persists, the screen protector might be misaligned or the screen itself might have a slight curve not compatible with flat protectors (though this product is custom-fit for IPRO F188, ensuring compatibility).

SPECIFICATIONS

Attribute	Detail
Brand	Bruni
Compatible Device	IPRO F188
Material	Polyethylenterephthalat (PET)
Item Hardness	4H
Product Dimensions	2.17 x 1.38 x 0.5 inches (5.5 x 3.5 x 1.27 cm)
Item Weight	0.212 ounces (6 grams)
Color	Basics-Clear
Finish Type	Glossy (Glänzend)
Screen Surface Description	Smooth (Glatt)
Manufacturer	atFoliX GmbH
Country of Origin	Germany
